Social Currents in Eastern Europe Sabrina P. Ramet,1995 Examines the meanings and sources of various social currents intellectual dissent feminism religious activism the formation of independent youth cultures and movements and trade unionism in seven communist countries **Social Currents in Eastern Europe** Sabrina P. Ramet,1991 Examines the meanings and sources of various social currents intellectual dissent feminism religious activism the formation of independent youth cultures and movements and trade unionism in seven communist countries **The New Great Transformation?** Christopher Bryant,Edmund Mokrzycki,2002-11-01 This timely and assured book provides an essential guide to one of the biggest social political and economic developments of our time **Eastern Europe in the Twentieth Century - And After** R. J. Crampton,2002-04-12 Covering all key Eastern European states and their history right up to the collapse of communism this second edition of Eastern Europe in the Twentieth Century And After is a comprehensive political history of Eastern Europe taking in the whole of the century and the geographical area Focusing on the attempt to create and maintain a functioning democracy this new edition now examines events in Bosnia and Herzegovina includes a new consideration of the evolution of the region since the revolutions of 1989 91 surveys the development of a market economy analyzes the realignment of Eastern Europe towards the West details the emergence of organized crime discusses each state individually includes an up to date bibliography Eastern Europe in the Twentieth Century And After provides an accessible introduction to this key area which is invaluable to students of modern and political history State Identities and the Homogenisation of Peoples Heather Rae,2002-08-15 Why are forced displacement ethnic cleansing and genocide an enduring feature of state systems In this book Heather Rae locates these practices of pathological homogenisation in the processes of state building Political elites have repeatedly used cultural resources to redefine bounded political communities as exclusive moral communities from which outsiders must be expelled Showing that these practices predate the age of nationalism Rae examines cases from both pre nationalist and nationalist eras the expulsion of the Jews from fifteenth century Spain the persecution of the Huguenots under Louis XIV and in the twentieth century the Armenian genocide and ethnic cleansing in former Yugoslavia She argues that those atrocities prompted the development of international norms of legitimate state behaviour that increasingly define sovereignty as conditional Rae concludes by examining two threshold cases the Czech Republic and Macedonia to identify the factors that may inhibit pathological homogenization as a method of state building **East Germany** ,2021-10-25 *Private Truths, Public Lies* Timur Kuran,1998-06-16 Drawing on diverse intellectual traditions including those rooted in economics psychology sociology and political science Kuran provides a unified theory of how preference falsification shapes collective decisions orients structural change sustains social stability distorts human knowledge and conceals political possibilities **A History of Eastern Europe 1918 to the Present** Ian D. Armour,2021-04-08 Why is Eastern Europe still different from Western Europe more than a quarter century after the collapse

of Communism A History of Eastern Europe 1918 to the Present shows how the roots of this difference are based in Eastern Europe's tortured 20th century Eastern Europe emerged in 1918 as the lands between new states whose weakness vis vis Germany and Soviet Russia soon became obvious The region was the main killing field of the Second World War which visited unimaginable horrors on its inhabitants before their liberation by the Soviets in 1945 The imposition of Communist dictatorships on the region ironically only deepened Eastern Europe's backwardness Even in the post Communist period its problems continue to make it a fertile breeding ground for nationalism and political extremism A History of Eastern Europe 1918 to the Present explores the comparative backwardness of Eastern Europe and how this has driven strategies of modernisation it looks at the ways in which the region has served as a giant test tube for political experimentation and in particular at the enduring strength of nationalism which since 1989 has re-emerged more virulent than ever This book is the essential textbook for any student of 20th century Eastern Europe **The Germans And Their Neighbors** Dirk

Verheyen,Christian Soe,2019-07-09 For Germany's neighbors perhaps more acutely than for observers elsewhere the 1990 reunification of divided Germany has raised old memories and new concerns in public and scholarly discourse The shape and influence of these issues are the subject of this unique ambitious book Organized into country specific chapters the book offers original expert analyses of Germany's relations with seventeen European neighbors as well as with the United States The contributors explore the essential concerns these nations have faced in their bilateral relations with Germany past present and future In their introduction the editors trace both commonality and diversity in various national conceptions of the German Question and the ways in which these perceptions in turn generate shared as well as divergent national policy agendas vis a vis united Germany *Popular Protest And Political Culture In Modern China* Jeffrey N

Wasserstrom,2018-02-07 This innovative and widely praised volume uses the dramatic occupation of Tiananmen Square as the foundation for rethinking the cultural dimensions of Chinese politics Now in a revised and expanded second edition the book includes enhanced coverage of key issues such as the political dimensions of popular culture addressed in a new chapter on Chinese rock and roll by Andrew Jones and the struggle for control of public discourse in the post 1989 era discussed in a new chapter by Tony Saich Two especially valuable additions to the second edition are art historian Tsao Tsingyuan's eyewitness account of the making of the Goddess of Democracy and an exposition of Chinese understandings of the term revolution contributed by Liu Xiaobo one of China's most controversial dissident intellectuals The volume also includes an analysis by noted social theorist and historical sociologist Craig C Calhoun of the similarities and differences between the new social movements of recent decades and the old social movements of earlier eras TEXT CONCLUSION To facilitate classroom use the volume has been reorganized into groups of interrelated essays The editors introduce each section and offer a list of suggested readings that complement the material in that section Building Democracy in the Yugoslav Successor States Sabrina P. Ramet,Christine Hassenstab,Ola Listhaug,2017-05-15 A comprehensive analysis of how the

Yugoslav successor states have coped with the challenges of building democracy since 1990

Transitions and Non-Transitions from Communism Steven Saxonberg, 2013-02-14 Since the fall of the Berlin Wall many scholars have sought to explain the collapse of communism Yet more than two decades on communist regimes continue to rule in a diverse set of countries including China Cuba North Korea and Vietnam In a unique study of fourteen countries Steven Saxonberg explores the reasons for the survival of some communist regimes while others fell He also shows why the process of collapse differed among communist led regimes in Europe Africa and Latin America Based on the analysis of the different processes of collapse that has already taken place and taking into account the special characteristics of the remaining communist regimes *Transitions and Non Transitions from Communism* discusses the future prospects for the survival of the regimes in China Cuba North Korea and Vietnam

West Germany Under Construction Robert G. Moeller, 1997 Collects important recent essays in a critical reexamination of the Federal Republic's early history

The Fall Steven Saxonberg, 2017-07-05 With a foreword by Seymour Lipset Hoover Institution and George Mason University USA The Fall examines one of the twentieth century's great historical puzzles why did the communist led regimes in Eastern Europe collapse so quickly and why was the process of collapse so different from country to country This major study explains why the impetus for change in Poland and Hungary came from the regimes themselves while in Czechoslovakia and East Germany it was mass movements which led to the downfall of the regimes

The Arab Uprisings Eberhard Kienle, Nadine Sika, 2015-06-22 The uprisings which spread across the Middle East and North Africa in late 2010 and 2011 irrevocably altered the way in which the region is now perceived But in spite of the numerous similarities in these protests from Tunisia and Egypt to Yemen and Bahrain their broader political effects display important differences This book analyses these popular uprisings as well as other forms of protest and the impact they had on each state Why were Mubarak and Bin Ali ousted relatively peacefully in Egypt and Tunisia while Qadafi in Libya and Saleh in Yemen fought violent battles against their opponents Why do political transformations differ in countries that were able to shed their autocratic presidents And why have other regimes including Morocco and Saudi Arabia experienced only limited protests or managed to repress and circumvent them Looking at the aftermath and transitional processes across the region this book is a vital retrospective examination of the uprisings and how they can be understood in the light of state formation and governmental dynamics

Illustrated Slovak History Anton Špiesz, Dušan Čaplovič, Ladislav J. Bolchazy, 2006 Little contemporary scholarship on Slovak history exists in English This title fills an important gap in historiography about events throughout Central Europe over the last fourteen centuries It presents the history of Slovakia in terms of the latest scholarship and in the context of on going historical debate about Slovak history and its presentation in post socialist world Extensive footnotes by scholars 350 color illustrations Index Bibliography Foreword and Epilogue

[The Routledge History Handbook of Central and Eastern Europe in the Twentieth Century](#) Jochen Böhrer, Włodzimierz Borodziej, Joachim von Puttkamer, 2022-02-15 Violence analyzes both the violence exerted

on the societies of Central and Eastern Europe during the twentieth century by belligerent powers and authoritarian and or totalitarian regimes and armed conflicts between ethnic social and national groups as well as the interaction between these two phenomena Throughout the twentieth century Central and Eastern Europe was hit particularly hard by war violence and repression with armed conflicts in the Balkans at the start and end of the period and two world wars in between In the shadow of these full scale wars ethnic social and national conflicts were intensified found new forms and were violently played out The interwar period witnessed the emergence of authoritarian states who enforced their claim to power through continued violence against political opponents stigmatized ethnic national and social groups and were themselves fought with subversive or terrorist techniques This volume focuses specifically on physical violence war and civil war ethnic cleansing systematic starvation policies deportations and expulsions forced labour and prison camps persecution by state security such as intensive surveillance which had an enormous impact on the lives of those it affected and other forms of government oppression and militant resistance Geographically it considers the western regions of Belarus and Ukraine as sites of extreme violence that had a noticeable impact on neighbouring Central and Eastern European countries as well The concluding volume in a four volume set on Central and Eastern Europe in the twentieth century it is the go to resource for those interested in violence in this complex region

Cultural Politics in the Third World Mehran Kamrava, 1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company *The Feminist Challenge to the Socialist State in Yugoslavia* Zsófia Lóránd, 2018-09-27 This book tells the story of new Yugoslav feminism in the 1970s and 1980s reassessing the effects of state socialism on women s emancipation through the lens of the feminist critique This volume explores the history of the ideas defining a social movement analysing the major debates and arguments this milieu engaged in from the perspective of the history of political thought intellectual history and cultural history Twenty five years after the end of the Cold War societies in and scholars of East Central Europe still struggle to sort out the effects of state socialism on gender relations in the region What could tell us more about the subject than the ideas set out by the only organised and explicitly feminist opposition in the region who as academics artists writers and activists criticised the regime and demanded change
