Cherif Bassiouni, Ziyad Motala, 2023-11-27 This book contains a collection of articles by authors from countries in Africa The topics cover a wide range of issues in the administration of criminal justice and human rights The different scholarly contributions facilitate a better understanding of certain aspects of the administration of criminal justice

in the African sub region and focus on specific human rights issues as they relate to international and African instruments on the protection of human rights     A Selection of Cases on Criminal Law Francis Bowes Sayre,1927     *Towards Improving Governance* S. K. Agarwal,2008 Pt 1 Governance pt 2 Governance in monopolistic services pt 3 Methods for improving governance pt 4 Some exemplary initiatives to improve governance     Reinventing Punishment Michele Pifferi,2016

Providing a historical analysis of the impact of criminology on the rationale of punishment and the sentencing systems in Europe and the US between the 1870s and the 1930s *Reinventing Punishment A Comparative History of Criminology and Penology in the 19th and 20th Century* investigates and contrasts the rise of the principles of individualisation of punishment social defence preventive justice and indeterminate sentencing The manner in which American and European jurisprudence enforced these ideas resulted in the emergence of two different penological identities the American penal reform movement led to the adoption of the indeterminate sentence system whereas the European criminological approach resulted in the formulation of the dual track system with punishment and measures of security This theoretical divide discussed at many international congresses and in studies of comparative criminal law not only reflects two different ideas on the legitimacy and purpose of punishment but also corresponds to two different constitutional views of criminal law The book considers the relation between constitutional frameworks rule of law and Rechtsstaat and penological claims explaining how some of the tenets of penal liberalism such as principle of legality and separation of powers were affected by penal modernism even with the rise of authoritarian regimes It examines the dilemmas provoked by criminology focusing on the role of the judge in the execution of sentences the distribution of sentencing powers among judicial and administrative bodies the balance between social security and individual guarantees and the inconsistencies of preventive detention Filling a notable gap in Anglo American literature by providing a sophisticated panoramic analysis of the development of criminology in late nineteenth and first half of the twentieth century Europe *Reinventing Punishment* will be of interest to scholars of criminology criminal law and criminal justice studies as well as legal historians and theorists     **Federal Probation** ,1985     **A Guide to Material on Crime and Criminal Justice** Augustus Frederick Kuhlman,Social Science Research Council (U.S.). Committee on Survey of Research on Crime and Criminal Justice,1929     **The SAGE Dictionary of Criminology** Eugene McLaughlin,John Muncie,2005-11-15 If the First Edition was an invaluable guide for students the Second is well nigh indispensable I can think of no better starting point for those wanting a quick fix on any given criminological topic Professor Tony Jefferson Keele University Since its initial publication in 2001 I ve steadfastly kept *The SAGE Dictionary of Criminology* within easy reach of my desk referring to it countless times in writing articles books and lectures I ve found it to be a remarkable book a comprehensive dictionary certainly but as much so a significant achievement in intellectual inquiry It may seem odd to say of a dictionary but it really is one of my favourite books the only book that can replace it on my deskside bookshelf is this Second Edition whose new entries confirm the editors grasp of contemporary criminology in all its excitement and complexity

Professor Jeff Ferrell Texas Christian University The welcome inclusion of entries on contemporary theoretical and policy concerns ranging from Anti Social Behaviour Eco crime and Emotions through Forensic Anthropology Globalisation Governance and Mentoring to Sex Crime Virtual Criminology and What Works adds to the well established strengths of the first edition The entries all written by established scholars provide a clear concise and critical introduction to criminological concepts and constitute an invaluable resource for all criminology students and academics Professor Hazel Croall Glasgow Caledonian University It is unusual for a dictionary to be interesting but this one manages to be both compelling and useful for faculty and students across a range of disciplines and orientations who are commonly interested in criminology The SAGE Dictionary of Criminology is also distinctive in providing a literally encyclopaedic compendium of information that has been carefully placed in social cultural and political contexts Professor Lynn Chancer Hunter College City University of New York The list of new entries is quite impressive Once you ve read them you start to wonder how come that the First Edition of The SAGE Dictionary of Criminology already felt so complete Dr Ren van Swaaningen Erasmus University Rotterdam Thoughtful evaluations of the key concepts criminologists must think about by quality contributors who include many of the world s leading criminologists Professor John Braithwaite Australian National University The Second Edition of the bestselling SAGE Dictionary of Criminology is the ultimate reference tool for students of criminology and criminal justice It provides an accessible introduction to key theories concepts and topics offering comprehensive guidance through the field The editors have brought together a group of internationally prominent academics and practitioners to produce this definitive reference and research tool Each entry contains a definition of the concept or topic distinctive features offering detailed comment on the concept s origins development and general significance evaluation of those concepts considered to have greatest theoretical weight and lasting legacy associated concepts for cross referencing and mapping connections across various fields and issues key readings to enable the student to take their knowledge further The new edition contains thirty six new entries covering subjects such as anti social behaviour globalization human trafficking and terrorism Selected entries have been revised and updated This comprehensive text is the essential reference point for all students of criminology and criminal justice at all levels Praise for the First Edition The compilers have done criminology a tremendous service This dictionary is an invaluable resource for students and teachers and I m certain will be a key reference work for years to come Professor Tim Newburn London School of Economics Great dictionaries inform intrigue and investigate McLaughlin and Muncie s perceptive collection does all three The SAGE Dictionary of Criminology is wide and accessible enough to interest anyone concerned with crime the law and the panoply of issues and explanations that surround them This admirable volume will inform guide and contribute to debates in the years ahead Ellis Cashmore Professor of Culture Media and Sport Staffordshire University author of Dictionary of Race and Ethnic Relations and co editor of Dictionary of Cultural Theorists McLaughlin and Muncie have assembled an impressive list of international contributors and have succeeded in putting

together a wonderfully entertaining book the Dictionary belongs on every criminologist's bookshelf Professor George Mair Liverpool John Moores University Criminal Justice An International Journal 2 2 The main strength of the project lies in its attempts at integration of a wide range of themes and theoretical perspectives under one set of covers Professor John Raine University of Birmingham Youth Justice 2 1 There is a genuine international feel to the compilation as a whole Nowadays such has criminology grown it is barely possible to keep up even in a narrowly defined sub field and a new dictionary is essential Anyway we will all have to read it because our students will What a relief that it is such a pleasure to do so Jason Ditton University of Sheffield British Journal of Criminology 43 2 *Yearbook of the United Nations, Volume 41 (1987)* United Nations, 2023-11-27 Issued annually since 1946 47 the Yearbook is the principal reference work of the United Nations providing a comprehensive one volume account of the Organization's work It includes details of United Nations activities concerning trade industrial development natural resources food science and technology social development population environment human settlement children and legal questions along with information on the work of each specialized agency in the United Nations family

**Police And Prison** Mukul Biswas, 2024-06-14 The Book Police and Prison mentions about the different stages of investigation carried out by Police Officers in India It starts from the time the First Information Report is lodged in local Police Station and till the charge sheet is filed It is a long process The Book also deals with prisons or correctional homes There are 3 groups of detained persons who stay in the judicial custody One group of prisoners are those prisoners who are yet to be proved as guilty and are kept during the period when police is already investigating There is another group who had been sentenced with imprisonment after being proved guilty by criminal courts in India There is another group of prisoners who have faced sentence for not abiding by court orders There are many release processes The Book contains process relating to Parole Furlough Probation and other release processes At the same time there are discussion about Juveniles in conflict with Law whose detention process in Observation Homes and Special Homes are different than the ordinary correctional homes There is role played by Probation officers in giving Social Investigation Report before JJJB The Book also speaks about the hurdles faced by the Investigating Officers in collecting evidence In Criminal Cases burden of proof is always on the shoulders of the Prosecution and wherever there is lacuna the doubt goes in favour of Defense and case ends in acquittal There is strong discussion about reforms relating to Forensic Science Laboratories in India Police system in India and Correctional Homes or Prisons in India
