Testing a General Theory

Howard R. Shapiro and Richard J. Gottman

Social Deviance Testing A General Theory

Brendan G. Carr

Social Deviance Testing A General Theory:

Social Deviance Howard B. Kaplan, Robert J. Johnson, 2012-12-06 The authors surveyed over 9 000 seventh grade students in the Houston Independent School District up to three times during their junior high school years and once as young adults between 1971 and 1980 Drawing on the extensive data gathered from this longitudinal survey Kaplan and Johnson develop and test a comprehensive theoretical statement about the social and social psychological processes involved in the onset and course of deviant behavior

Handbook of Social Psychology John DeLamater, 2006-11-24 Psychology focusing on processes that occur inside the individual and Sociology focusing on social collectives and social institutions come together in Social Psychology to explore the interface between the two fields The core concerns of social psychology include the impact of one individual on another the impact of a group on its individual members the impact of individuals on the groups in which they participate the impact of one group on another This book is a successor to Social Psychology Social Perspectives and Sociological Perspectives in Social Psychology The current text expands on previous handbooks in social psychology by including recent developments in theory and research and comprehensive coverage of significant theoretical perspectives

The Cycle of Deviant Behavior Howard B. Kaplan, Glen C. Tolle Jr., 2006-11-24 This volume is about understanding the relationship between deviance and selected correlates of deviance in one generation and deviance and its selected correlates in the next generation By examining the significance of these constructs in the parental generation as part of the explanation for the same constructs in the child s generation we contribute to an und standing of the phenomena This contribution however is quite limited in the sense that we are examining in essence bivariate relationships the association between first generation and second generation phenomena while ignoring all of the other influences on the second generation p nomena that do not stem from or account for the intergenerational relationship Nevertheless the study of intergenerational parallelism of deviance and its correlates justifiably has excited attention and resulted in a vo minous literature greater than might have been expected for any parti lar bivariate relationships because of the mystique surrounding ideas cycle of violence reproduction of culture to name but a few that are evoked by consideration of the association between such phenomena in one generation and the same phenomena in a successive generation

The General Theory: Self-Control: Oxford Bibliographies Online Research Guide Oxford University Press, 2010-05-01 This ebook is a selective guide designed to help scholars and students of criminology find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly

interest within this topic In criminology as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Criminology a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of criminology Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com

21st Century Criminology: A Reference Handbook J. Mitchell Miller, 2009-08-06 Criminology has experienced tremendous growth over the last few decades evident in part by the widespread popularity and increased enrollment in criminology and criminal justice departments at the undergraduate and graduate levels across the U S and internationally Evolutionary paradigmatic shift has accompanied this surge in definitional disciplinary and pragmatic terms Though long identified as a leading sociological specialty area criminology has emerged as a stand alone discipline in its own right one that continues to grow and is clearly here to stay Criminology today remains inherently theoretical but is also far more applied in focus and thus more connected to the academic and practitioner concerns of criminal justice and related professional service fields Contemporary criminology is also increasingly interdisciplinary and thus features a broad variety of ideological orientations to and perspectives on the causes effects and responses to crime 21st Century Criminology A Reference Handbook provides straightforward and definitive overviews of 100 key topics comprising traditional criminology and its modern outgrowths The individual chapters have been designed to serve as a first look reference source for most criminological inquires Both connected to the sociological origins of criminology i e theory and research methods and the justice systems response to crime and related social problems as well as coverage of major crime types this two volume set offers a comprehensive overview of the current state of criminology From student term papers and masters theses to researchers commencing literature reviews 21st Century Criminology is a ready source from which to quickly access authoritative knowledge on a range of key issues and topics central to contemporary criminology This two volume set in the SAGE 21st Century Reference Series is intended to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not so much jargon detail or density as a journal article or research handbook chapter 100 entries or mini chapters highlight the most important topics issues questions and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century Curricular driven chapters provide students with initial footholds on topics of interest in researching term papers in preparing for GREs in consulting to determine directions to take in pursuing a senior thesis graduate degree career etc Comprehensive in coverage major sections include The Discipline of Criminology Correlates of Crime Theories of Crime Justice Measurement Research Types of Crime and Crime the Justice System The contributor group is comprised of well known figures and emerging young scholars who provide authoritative overviews

coupled with insightful discussion that will quickly familiarize researchers students and general readers alike with fundamental and detailed information for each topic Uniform chapter structure makes it easy for students to locate key information with most chapters following a format of Introduction Theory Methods Applications Comparison Future Directions Summary Bibliography Suggestions for Further Reading and Cross References Availability in print and electronic formats provides students with convenient easy access wherever they may be *Fundamentals of Research in Criminology and Criminal Justice* Ronet D. Bachman, Russell K. Schutt, Peggy S. Plass, 2015-12-19 *Fundamentals of Research in Criminology and Criminal Justice* With Selected Readings by well known researchers Ronet D Bachman Russell K Schutt and Peggy S Plass is a unique resource for understanding the multifaceted subject of research methods in the field of criminology and criminal justice amply illustrated by carefully selected and edited research articles from the leading journals in the field Each of these articles features an introduction written to draw the student s attention to the specific concept s from the chapter that are illustrated in the article and a series of questions about the article designed to help the student think critically about and reflect on these concepts In this way students not only learn how to conduct research but also learn why it is important to do so Building off the widely adopted *Fundamentals of Research in Criminology and Criminal Justice* the additional readings increase students understanding of complex issues being investigated in the field today and how those issues are being researched Additional instructor resources and study tools can be found online at study.sagepub.com/bachmanfrccjsr *The Nurture Versus Biosocial Debate in Criminology* Kevin M. Beaver, J.C. Barnes, Brian B. Boutwell, 2014-01-31 *The Nurture Versus Biosocial Debate in Criminology* On the Origins of Criminal Behavior and Criminality takes a contemporary approach to address the sociological and the biological positions of human behavior by allowing preeminent scholars in criminology to speak to the effects of each on a range of topics Kevin M Beaver J C Barnes and Brian B Boutwell aim to facilitate an open and honest debate between the more traditional criminologists who focus primarily on environmental factors and contemporary biosocial criminologists who examine the interplay between biology genetics and environmental factors *The Handbook of Juvenile Delinquency and Juvenile Justice* Marvin D. Krohn, Jodi Lane, 2015-04-27 This handbook is an up to date examination of advances in the fields of juvenile delinquency and juvenile justice that includes interdisciplinary perspectives from leading scholars and practitioners Examines advances in the fields of juvenile delinquency and juvenile justice with interdisciplinary perspectives from leading scholars and practitioners Provides a current state of both fields while also assessing where they have been and defining where they should go in years to come Addresses developments in theory research and policy as well as cultural changes and legal shifts Contains summaries of juvenile justice trends from around the world including the US the Netherlands Brazil Russia India South Africa and China Covers central issues in the scholarly literature such as social learning theories opportunity theories criminal processing labeling and deterrence gangs and crime community based sanctions and reentry victimization and fear of crime

Criminological Theory J. Robert Lilly, Francis T. Cullen, Richard A. Ball, 2007 The Fourth Edition of this highly acclaimed book expands on previous editions with coverage of newly emerged theories and empirical updates supported by a significant amount of new references Criminological Theory provides coverage of the latest theories in the field without diminishing the presentation of classic analysis Major theoretical perspectives that have developed from both recent critical work and traditional schools together with practical applications compel the reader to apply theories to the contemporary social milieu

Handbook of Resilience in Children Sam Goldstein, Robert B. Brooks, 2012-08-04 Today's children face a multitude of pressures from the everyday challenges of life to the increasing threats of poverty exploitation and trauma Central to growing up successfully is learning to deal with stress endure hardships and thrive despite adversity Resilience the ability to cope with and overcome life's difficulties is a quality that can potentially be nurtured in all young people The second edition of the Handbook of Resilience in Children updates and expands on its original focus of resilience in children who overcome adversity to include its development in those not considered at risk leading to better outcomes for all children across the lifespan Expert contributors examine resilience in relation to environmental stressors as a phenomenon in child and adolescent disorders and as a means toward positive adaptation into adulthood New and revised chapters explore strategies for developing resilience in the family the therapist's office and the school as well as its nurturance in caregivers and teachers Topics addressed include Resilience in maltreated children and adults Resilience and self control impairment Relational resilience in young and adolescent girls Asset building as an essential component of treatment Assessment of social and emotional competencies related to resilience Building resilience through school bullying prevention programs Large scale longitudinal studies on resilience The second edition of the Handbook of Resilience in Children is a must have reference for researchers clinicians allied practitioners and professionals and graduate students in school and clinical psychology education pediatrics psychiatry social work school counseling and public health

Criminological Theory Matt DeLisi, Kevin M. Beaver, 2014 A Fully Updated Second Edition of a Groundbreaking Text The only textbook of its kind Criminological Theory A Life Course Approach Second Edition includes original chapters written by an interdisciplinary group of scholars and experts The unique collection of contributors comes from the fields of psychology social work epidemiology criminology psychiatry and sociology Unlike other criminology textbooks which focus exclusively on environmental and social correlates to criminal behavior Criminological Theory uses a multi disciplinary approach that synthesizes multiple factors and presents a more comprehensive picture of life course antisocial behavior Rather than concentrating exclusively on adolescence and adulthood Criminological Theory examines the development of offending behaviors from birth through death Each chapter incorporates a glossary of key terms to facilitate comprehension of topics and disciplines that might be unfamiliar to criminologists The revised and updated second edition includes critical overviews of current research and presents avenues for future research as well as empirical chapters featuring quantitative analyses

and more traditional overview pieces Innovative and groundbreaking Criminological Theory A Life Course Approach Second Edition is an essential text for students of criminology criminal justice and sociology

The Practice of Research in Criminology and Criminal Justice Ronet D. Bachman, Russell K. Schutt, 2018-12-20 The Practice of Research in Criminology and Criminal Justice Seventh Edition demonstrates the vital role research plays in criminology and criminal justice by integrating in depth real world case studies with a comprehensive discussion of research methods By pairing research techniques with practical examples from the field Ronet D Bachman and Russell K Schutt equip students to critically evaluate and confidently conduct research The Seventh Edition of this best selling text retains the strengths of previous editions while breaking ground with emergent research methods enhanced tools for learning in the text and online and contemporary fascinating research findings This edition incorporates new topics like intelligence led policing social network analysis SNA the evolution of cybercrime and more Students engage with the wide realm of research methods available to them delve deeper into topics relevant to their field of study and benefit from the wide variety of new exercises to help them practice as they learn

The Encyclopedia of Theoretical Criminology, 2014-04-07 The Encyclopedia of Theoretical Criminology in zwei Bänden ist zweifelsohne das aktuellste Referenzwerk der theoretischen Kriminologie Fachlich geprägte Beiträge internationaler Experten machen den Leser mit wegweisenden Theorien Konzepten und Schlüsselfiguren vertraut Das Nachschlagewerk präsentiert klassische und zeitgenössische Themen zu den wichtigen Straftatbeständen Zusammenhängen fachspezifische Soziologie Biologie und Psychologie und fachübergreifende Erklärungen zu Kriminalität Kriminalitätsrate und Fragestellungen aus der Rechtssoziologie

Social Learning Theory and the Explanation of Crime Ronald L. Akers, Gary F. Jensen, 2017-07-28 Social learning theory has been called the dominant theory of crime and delinquency in the United States yet it is often misrepresented This latest volume in the distinguished Advances in Criminological Theory series explores the impact of this theory Some equate it with differential association theory Others depict it as little more than a micro level appendage to cultural deviance theories There have been earlier attempts to clarify the theory's unique features in comparison to other theories and others have applied it to broader issues These efforts are extended in this volume which focuses on developing applying and testing the theory on a variety of criminal and delinquent behavior It applies the theory to treatment and prevention moving social learning into a global context for the twenty first century This comprehensive volume includes the latest work tests and theoretical advances in social learning theory and will be particularly helpful to criminologists sociologists and psychologists It may also be of interest to those concerned with current issues relating to delinquency drug use abuse and drinking alcohol abuse

[Delinquency in Society: The Essentials](#) Robert M. Regoli, John D. Hewitt, Matt DeLisi, 2010-02-17

and also provides abstracts of books book chapters dissertations and conference papers

The Origins of American Criminology Francis T. Cullen, Cheryl Lero Jonson, Andrew J. Myer, Freda Adler, 2017-09-08 The Origins of American Criminology is an invaluable resource Both separately and together these essays capture the stories behind the invention of criminology's major theoretical perspectives They preserve information that otherwise would have been lost There is urgency to embark on this reflective task given that the generation that defined the field for the past decades is heading into retirement This fine volume insures that their life experiences will not be forgotten The volume shows criminology to be a human enterprise Ideas are not driven primarily and often not at all by data Theories are not invented solely as part of the scientific process they are not inevitable American criminology's great theories most often precede the collection of data they guide and produce empirical inquiry not vice versa Theoretical paradigms are shaped by a host of factors scholars' assumptions about the world drawn from their social constructs disciplinary content and ideology cognitive environments found in specific universities and the field's scholarly networks and quirks in a person's biography The volume demonstrates that humanity is what makes theory possible Diverse experiences when we were born where we have lived the unique trajectories of our personal life courses the disciplines and academic places we have ended up allow individual scholars to see the world differently

The Handbook of Criminological Theory Alex R. Piquero, 2015-08-25 An indispensable resource for all levels this handbook provides up to date in depth summaries of the most important theories in criminology Provides original cutting edge and in depth summaries of the most important theories in criminology Covers the origins and assumptions behind each theory explores current debates and research points out knowledge gaps and offers directions for future research Encompasses theory research policy and practice with recommendations for further reading at the end of each essay Features discussions of broad issues and topics related to the field such as the correlates of crime testing theory policy and prediction Clearly and accessibly written by leading scholars in the field as well as up and coming scholars

Developmental and Life-course Criminological Theories Tara Renae McGee, Paul Mazerolle, 2017-07-05 The developmental and life course perspective in criminology came to prominence during the late 1980s and throughout the 1990s a number of theories were developed to explain offending behavior over the life course This volume brings together theoretical statements empirical tests and debates of these major theories within the developmental and life course criminology perspective In the first section of the book original theoretical statements are provided and this is followed by a section which includes empirical tests of each of these theories conducted by researchers other than the original theorists The final section of the book provides a summary of the major debates both within the developmental and life course perspective and also between this perspective and others within criminology This comprehensive volume provides an informative overview of the developmental and life course perspective in criminology

The Routledge International Handbook of Biosocial Criminology Matt DeLisi, Michael G Vaughn, 2014-12-05 Biosocial criminology is an

interdisciplinary field that aims to explain crime and antisocial behavior by exploring both biological factors and environmental factors. Since the mapping of the human genome, scientists have been able to study the biosocial causes of human behaviour with the greatest specificity. After decades of almost exclusive sociological focus, criminology has undergone a paradigm shift where the field is more interdisciplinary, and this book combines perspectives from criminology and sociology with contributions from fields such as genetics, neuropsychology, and evolutionary psychology. The Routledge International Handbook of Biosocial Criminology is the largest and most comprehensive work of its kind and is organized into five sections that collectively span the terrain of biosocial research on antisocial behavior. Bringing together leading experts from around the world, this book considers the criminological, genetic, and neuropsychological foundations of offending, as well as the legal and criminal justice applications of biosocial criminological theory. The handbook is essential reading for students, researchers, and practitioners from across the social, behavioural, and natural sciences who are engaged in the study of antisocial behaviour.
