Spring, 1976 **Resources in Education**, 1996-07 □□□□□□□□, 1977 **Education and Anthropology** Annette Rosenstiel, 2019-07-23 Originally published in 1977 and compiled over a period of 25 years of teaching and research in the fields of education and anthropology this annotated bibliography was designed as a single source reflecting 1 historical influences 2 current trends 3 theoretical concerns and 4 practical methodology at the interfaces of these disciplines All entries listed alphabetically by author are numbered for ready reference and the material covered spans nearly three centuries from the earliest entry in 1689 to the most recent in 1976 The volume also contains entries for items dealing with the teaching of anthropology and the use of anthropological concepts and data in teaching **Political Science, Government, and Public Policy Series. Annual Supplement** Universal Reference System, 1972 *Thesaurus of ERIC Descriptors*, 1975 *Research in Education*, 1973-12 **Handbook of Global Education Policy** Karen Mundy, Andy Green, Bob Lingard, Antoni Verger, 2016-05-02 This innovative new handbook offers a comprehensive overview of the ways in which domestic education policy is framed and influenced by global institutions and actors Surveys current debates about the role of education in a global polity highlights key transnational policy actors accessibly introduces research methodologies and outlines global agendas for education reform Includes contributions from an international cast of established and emerging scholars at the forefront of the field thoughtfully edited and organized by a team of world renowned global education policy experts Each section features a thorough introduction designed to facilitate readers understanding of the subsequent material and highlight links to interdisciplinary global policy scholarship Written in an accessible and engaging style that will appeal to domestic and international policy practitioners social scientists and education scholars alike **The Charter School Solution** Tara L. Affolter, Jamel K. Donnor, 2016-06-10 Challenging the popular perception that the free market can objectively ameliorate inequality and markedly improve student

academic achievement this book examines the overly positivistic rhetoric surrounding charter schools Taking a multifocal approach this book examines how charter schools reproduce inequality in public education By linking charter schools to broader social issues and political economic factors such as neoliberalism race and class The Charter School Solution presents a more complete and nuanced assessment of charter schools in the context of the American public education system

A comparative study of elite English-medium schools, public schools, and Islamic madaris in contemporary Pakistan Akhtar Hassan Malik, 2015-04-12 This ethnographic study examines the role of differing school knowledge in reproducing various social classes in the society It was observed that an unequal availability of capital resources agents class habitus and the type of their cultural currency act as selection mechanisms that clearly favour some social groups over others The ruling classes ensure the transfer of their power and privilege to their children by providing them with quality education in elite schools The disadvantaged classes are excluded from these unique institutions by both social and economic sanctions They have no other option than to educate their children either in public schools or Islamic madaris As a result inequitable educational opportunities consolidate the existing social class hierarchy
