## **Introduction**

The specific characteristics of self-reliant or autonomous models for development vis-à-vis the information sector vary significantly. But key components include protection from the incursion of foreign transnational corporations (TNCs) and promotion of indigenous hardware and software production capability. The critique of this model offered here focuses on the complexity and contradictions in the process of national policy implementation.<sup>1</sup>

The literature addressed to the potential created by information technologies for self-reliant, autonomous or sovereign development has located and exposed a significant barrier to effective national policy implementation. Analysis has revealed that TNCs located in 'centre' nations including the US, Japan and Western Europe, which promote the benefits of the information revolution, attempt to homogenize and integrate the global economic and cultural community to increase sales and profit. **The New African Diaspora in North America** Kwadwo Konadu-Agyemang, Baffour K. Takyi, John A. Arthur, 2006-01-01 The New African Diaspora in North America brings together sociologists social workers geographers economists anthropologists and others to explore the African immigrant experience from a multi disciplinary perspective The contributors shed light on the factors behind the increasing wave in African immigration to the U S and Canada the socio economic characteristics of African immigrants their spatial distribution obstacles and contributions Despite their increasing presence African immigrant groups in the U S and Canada have engendered relatively little scholarly research on their pre and post migration experience This collection helps fill that void and will be valuable reading for anyone interested in African Diaspora studies

Challenging the Public/private Divide Susan B. Boyd, 1997-01-01 Feminist scholars in disciplines ranging from law to geography challenge our traditional notion of a public private divide in legal and public policy in Canada and internationally

ReThinking DisAbility René Gadacz, 1994 This volume provides case studies of the contemporary independent living disabled consumer movement from the perspective of New Social Movement theory It describes the organizational strategies by which disabled people pursue the goal of integrated community living and focuses on the work of

several movement organizations      Indian Diaspora ,2008-01-01 Indian Diaspora Social Gerontology Nursing Multiculturalism Education In historic and ethnographic accounts of Indians living in diaspora the elderly seem to receive much less attention than the new generation and its progress prosperity and success Using critical pedagogy approach this book attempts to close that gap by focusing on the voices of the Punjabi Bengali Sindhi and Gujarati diasporic Indians elderly living in five countries Learning to listen to the voices of these seniors may enable professors teachers students policy makers and parents to work towards building democratic societies      *Cis Dideen Kat* Jo-Anne Fiske,Betty Patrick,2000 Winner of the 2013 Washington State Book Award in Poetry This book examines the Lake Babine Nation in north central British Columbia considering its traditional legal order and the way that order determines the people s identity and the nature of their involvement in current treaty negotiations Changing relations between the Natives and the Canadian state have resulted in a new awareness of customary legal orders While such orders are often seen as a process by which the state can accommodate diverse approaches to judicial fairness and social justice they also offer the means by which aboriginal nations can maintain their identity by sustaining a moral order in a viable self defined and self governed community For the Lake Babine Nation this moral order is defined by and lived through the feasting complex known as the bahlats or potlatch system      Discrimination and Denial Clayton James Mosher,1998-01-01 Champion sprinter Donovan Bailey said it and this book confirms it While racism may not be as blatant in Canada as in the United States it does exist Members of visible minority groups are discriminated against in employment housing and access to public services The increasing visibility of hate groups and calls to restrict immigration mark the growing tension Racist attitudes against Asians and Blacks in particular have seeped into the criminal justice system Ironically since 1960 it has been illegal in Ontario to track crime by race making it difficult for researchers to collect data The media our primary source of information has sensationalized crimes where minority groups are implicated Clayton Mosher uses historical data and media reports to expose racism in Canada s social legal and criminal justice systems He considers the social contexts of discrimination legislation directed against minority groups law enforcement and court outcomes At last we are offered an objective assessment of racism in Canada Discrimination and Denial is essential reading for judges lawyers police officers social policy makers and community leaders Interpretations of recent events such as the shooting of officer Todd Baylis by a fugitive alien and gang style slayings in Toronto s Chinatown are guaranteed to heat up the embers of public debate      *First Nations* Vic Satzewich,Terry Wotherspoon,2000 First published in 1993 First Nations Race Class and Gender Relations remains unique in offering systematically from a political economy perspective an analysis that enables us to understand the diverse realities of Aboriginal people within changing Canadian and global contexts The book provides an extended analysis of how changing social dynamics organized particularly around race class and gender relations have shaped the life chances and conditions for Aboriginal people within the structure of Canadian society and its major institutional forms The authors conclude that

prospects for First Nations and Aboriginal people remain uncertain insofar as they are grounded in contradictory social economic and cultural and political realities      Violence in Canada Jeffrey Ross, 2017-09-29 Many people consider Canada particularly in comparison to its southern cousin as a peaceable kingdom However as the historical record demonstrates Canadians have never been a thoroughly non violent people Violence in Canada highlights from an interdisciplinary perspective the major areas and contexts where violence takes place Consisting of thirteen contributions the book forms an indispensable guide to the subject All of the authors are experts in their field many with international reputations and are drawn from the fields of sociology political science history and criminology The foreword by Ted Robert Gurr author of Violence in America is followed by an historical analysis of violence on the Canadian western frontier Other scholars describe contemporary violence by and against indigenous peoples women children and the elderly in labor related disputes homicide police and prison violence terrorism and discuss government responses and policy implications Each chapter specifically addresses the sociological and political dimensions of violence The authors make ample use of statistics and empirical research Jeffrey Ian Ross s introduction outlines the sociopolitical dynamics of violence and his summary chapter offers directions for future research When the book was first published in 1995 it was widely praised by scholarly journals and has since become a standard text in the study of violence and modern Canadian cultural studies The book is all the more valuable as its new introduction places its findings in the context of research that has been produced since the original publication Violence in Canada will be of interest to sociologists criminologists and political scientists Jeffrey Ian Ross is an associate professor in the Division of Criminology Criminal Justice and Social Policy and fellow with the Center for Comparative and International Law University of Baltimore His work has appeared in many academic journals and chapters in academic texts as well as articles in popular magazines in Canada and the United States He is the author co author editor or co editor of eight books Ted Robert Gurr is Distinguished University Professor at the University of Maryland Among his books are Why Men Rebel and Violence in America      **The Politics of Multiculturalism** A.
