Social Crisis And Social Demoralization:

Dictionary of Sociology Henry Pratt Fairchild, 1944-01-15 Preface Every science must have its special vocabulary or terminology Sciences deal with ideas thoughts and concepts and these must be expressed in words Even the facts which are the groundwork of science must be set forth largely in words No science therefore can have any more precision and exactitude than the words or other symbols such as mathematical or chemical formulae in which it is embodied Quite generally this situation calls for a special dictionary or glossary for each particular science **W.E.B. Du Bois and the Africana Rhetoric of Dealienation** Monique Leslie Akassi, 2018-11-02 As the rich words from the African proverbs resonate into the twenty first century regarding the importance of identity and telling the stories of people of African descent through the eyes of the people the grand rhetorician and griot of the twentieth century Dr William Edward Burghardt Du Bois s infamous problem remains so today the problem of the colour line After the election of Barack Hussein Obama the first African American president of the United States after the Civil Rights Movement after Brown versus the Board of Education after the students right to their own language after Plessy versus Ferguson and the murders of innocent young African American males including Emmett Till Timothy Thomas Trayvon Martin John Crawford III Tamir Rice Jordan Davis Eric Garner and Mike Brown people of African descent are still battling with being labelled a problem in one s own country while the USA continues to strive for a post racial era W E B Du Bois s rhetoric and motives in general are more relevant today than ever in reassessing what he so eloquently describes and unveils through the phrase double consciousness in *Souls of Black Folk* 1903 through which he reveals the feeling of a problem This ground breaking volume featuring contributions from W E B Du Bois s great grandson Arthur McFarlane II among others is organized into three parts Part I focuses on the foundation of Du Bois s Africana Rhetoric through the origins of Africana Studies Pan Africanism and Africana Critical Theory Part II focuses on Du Bois s rhetorical strategies and rhetorical analyses in his scholarship and life Part III focuses on gender and sexuality in Du Bois s selected works This work the first of its kind devoted exclusively to Du Bois s rhetoric and motives can serve as a blueprint for today as the struggle toward a post racial society continues *Ronald Reagan and the Politics of Freedom* Andrew Busch, 2001 In *Ronald Reagan and the Politics of Freedom* Andrew E Busch goes beyond economic and foreign policies to examine Reagan s understanding of statesmanship Busch analyzes Reagan s conscious attempt to strengthen the separation of powers federalism and traditional rhetoric and his efforts to revive the notion of limited government in a Constitutional Republic In this important new study Busch concludes that Ronald Reagan s politics of freedom found in his discourse policy and coalition building achieved significant successes in the 1980s and beyond **The World's Crisis** L. B. Woolfolk, 1868 **The Soviet System In Crisis** Alexander Dallin, Gail W Lapidus, 2019-07-18 This reader is intended to fill the urgent need for up to date materials on the Gorbachev era and to provide scholars and students with source materials and interpretations not available in standard texts In addition the book will be regularly revised and

updated to take account of rapidly changing events Alexander Dallin and Gail Lapidus have brought together outstanding Western analyses as well as Soviet documents and commentary dealing with developments in the USSR's politics economy society culture and foreign policy since 1985 The collection covers the full spectrum of views skeptical and enthusiastic ideological and pragmatic offered by journalists politicians observers and participants Introductory and concluding material by the editors provides the essential context to help students understand the myriad opinions put forth on the vast changes in the USSR and where its future may lie

France under Fire Nicole Dombrowski Risser, 2012-07-12 We request an immediate favour of you to build a shelter for us women and small children because we have absolutely no place to take refuge and we are terrified This French mother's petition sent to her mayor on the eve of Germany's 1940 invasion of France reveals civilians security concerns unleashed by the Blitzkrieg fighting tactics of World War II Unprepared for air warfare's assault on civilian psyches French planners were among the first in history to respond to civilian security challenges posed by aerial bombardment France under Fire offers a social political and military examination of the origins of the French refugee crisis of 1940 a mass displacement of eight million civilians fleeing German combatants Scattered throughout a divided France refugees turned to German Occupation officials and Vichy administrators for relief and repatriation Their solutions raised questions about occupying powers obligations to civilians and elicited new definitions of refugees rights

The Logic of Compressed Modernity Chang Kyung-Sup, 2022-04-13 Most theories of modernity are based explicitly or implicitly on the development of Western societies since the late medieval period but these theories are of limited value for understanding the development of societies in Asia and other parts of the world where the process of modernization took place under different circumstances and often in a rapid and highly compressed fashion not over centuries but in decades Asian societies have been propelled into modernity too but theirs is a compressed modernity which displays very different traits In this important book Chang Kyung Sup provides a systematic account of this compressed modernity and uses it to analyse the extreme social changes complexities and imbalances found in South Korea and other East Asian societies While these changes enabled South Korea to modernize very quickly and achieve high levels of economic growth they also created a society that is haunted by various developmental and civilizational costs such as endemic generational conflicts overloaded family responsibilities and exceptionally high suicide rates As with other societies that have experienced compressed modernity the South Korean miracle is replete with extreme and contradictory social traits This pioneering work of the nature and consequences of compressed modernity will be of great interest to students and scholars of sociology politics and development studies as well as anyone interested in South Korea Asia and postcolonial societies

Social Theory Berch Berberoglu, 2017-01-06 Social Theory provides a sophisticated yet highly accessible introduction to classical and contemporary social theories The author's concise presentation allows students and instructors to focus on central themes The text lets theorists speak for themselves

presenting key passages from each theorist's corpus bringing theory to life. The approach allows instructors the opportunity to help students learn to unpack sometimes complex prose just as it offers inroads to class discussion. Chapters on Addams and early feminism on Habermas and the Frankfurt School on Foucault and on globalization and social movements round out contemporary coverage. The book presents and explains key theories just as it provides an introduction to central debates about them.

Unfinished Business Socialist Review Collective, 1991-11-17 Business brings together many of the liveliest and most significant articles published in the journal over its first twenty years from the best writers on the left today including Barbara Ehrenreich, Donna Haraway, Stanley Aronowitz and Jeffrey Escoffier. Their subjects range from the construction of racial and sexual identities to the utopian dimensions of Marxist theory and the cross impacts of feminism and neoliberalism on community and subjectivity in a

Marginality and Modernity Mauro Giardiello, 2017-07-05 This book traces the major stages in the evolution of the sociological concept of marginality highlighting in particular the contribution made by Gino Germani. Its purpose is to analyse starting with the sociological theory of the early 1960s the progressive maturation of the scientific status of the concept of marginality and to test the theoretical premise that gave rise to Germani's theory of marginality. The author begins by examining the contribution of the Chicago School. He explores the complex relationship between the theory of marginality and modernization by analysing North American theses and the criticisms mainly generated in Latin America. The goal is to reconstruct Germani's theoretical model of marginality addressing its application to contemporary social and economic conditions. Giardiello's analysis is intertwined with two themes that are central to Germani's thought about marginality. The first concerns the origin of the concept of social exclusion within sociological thought. The second shows how marginality is clearly a phenomenology connected to the contradictions of modernity. Germani's paradigm of marginality enables the social scientist to resolve the contradictions between the analytical perspectives that deal with marginality in an objective way and the one that observes it subjectively.

Persuasion and Healing Jerome D. Frank, Julia B. Frank, 1993-03 As they explore the power of healing rhetoric in these activities the authors strengthen the ties among the various healing professions.

Social Crisis and Social Demoralization Ronald Kuykendall, 2005 This alternative perspective on the problem of American race relations takes sharp aim at the issues of status, power and political class. Arguing that the racial problem is a political class conflict that must be resolved through revolutionary struggle, this insightful exploration adeptly unravels the complex interrelationships of status, political repression and social stratification involved in American race issues. As the social crisis of race relations threatens to boil over in 21st century America, the content of this book is a critical look at the roots of the race problem as a power dynamic and asks what solutions, if any, seem possible.

The Demoralization of Teachers Dan Wang, 2013-05-16 The educational system in China is marked by its dramatic inequality between rural and urban schools. The challenges facing rural schools are usually understood as disadvantages in funding, facilities and staffing which consequently result in undesirable student performance.

in general This book however penetrates these phenomena on the surface and brings forth a much deeper moral crisis in rural education a crisis that is entrenched in the complicated interlocking of formal and informal institutions within and beyond the school The Demoralization of Teachers describes the work and workplace in a rural school from the perspective of teachers who were working there It faithfully depicts the lamentable state of teachers work morale in the school and little by little as if a detective story reveals the reasons for the teachers demoralization by vivid narratives The book demonstrates the profound impact on the meanings of teaching exerted by the state curriculum reform the formal and informal norms and regulations in the school and the erosion of moral integrity in the state bureaucracy and the society at large The crisis in the rural school stops to be a rural or educational problem in nature but mirrors the societal wide transformation in political economy as well as in ideology in the current reform China The sheer complexity of the moral crisis in this ethnography calls for renewed efforts to identify and investigate the educational problems in rural China from fresh theoretical perspectives that situate rural education in broader historical and social contexts and processes

Emigrants and Exiles Kerby A. Miller, 1988 Explains the reasons for the large Irish emigration and examines the problems they faced adjusting to new lives in the United States

Suicide in the Workplace Marie-Line Germain, 2025-04-30 The onset of the pandemic has placed a greater emphasis on mental health with many organizations making it a business imperative to make sure that employees are fully supported Research on mental health in the workplace continues to grow though there is a dearth of scholarly writings taking a micro approach to understanding the impact of negative work environments This three book series explores issues related to personality disorders and work related suicides and their effect on employees and leaders This volume explores occupational suicide its characteristics and the circumstances associated with workplace suicide in various occupations The book is divided into three sections defining work related suicide exploring its relationship to specific high stress jobs such as law enforcement and the role of leadership and human resources professionals in suicide prevention and postvention With chapter contributions from authors around the world this collection offers a global perspective of the sociocultural factors that affect work related suicides This book will advance scholarship related to employee well being and mental health employee engagement and organizational culture and psychology

KOR Jan Józef Lipski, 2023-11-10 The signing of the Gdansk Agreements in August 1980 signaled the birth of the Solidarity independent trade union movement The sixteen months that followed until the December 1981 declaration of martial law remain one of the most fascinating chapter in the history of communist states But the events of August 1980 did not materialize from thin air The groundwork for Solidarity was prepared five years before when a group of dissident intellectuals gathered to boldly proclaim their solidarity with persecuted workers at Random and Ursus This group called itself the Komitet Obrony Robotników KOR or the Worker s Defense Committee What was KOR What were the social and political circumstances that lead to its formation And how did it presage a movement that would come to symbolize the hopes of a whole generation of Poles The answers to these questions

lie in the rare insights provided by one of Poland's most respected historians Jan Jozef Lipski who was also a found and active member of KOR. His book translated from the Polish is a meticulously detailed insider's account of KOR from its formation in 1976 to its dissolution of 1981 when it was subsumed by the more powerful movement of mass organized protest Solidarity. The history of KOR is painted on the broad canvass of Polish society in a manner which sheds light on the roles of other actors: workers, peasants, government officials, the Catholic Church, the Soviet Union, who also had a hand in shaping events during this period. KOR: A History of the Workers' Defense Committee in Poland is a work of first rate importance unlike any other published in the West. It provides a deep insight into the origins of events in Poland and will also inform those interested in the process of liberation elsewhere in Eastern Europe. Although written with a historian's attention to detail and objectivity, it is a riveting work of sustained dramatic tension. For Lipski is a dissident who writes about Poland from Poland and the history he writes about is still in the making. This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology. This title was originally published in 1985. *God's Scribe* Jeff Rider, 2001-10. Galbert of Bruges's *De multro traditione et occisione gloriosi Karoli comitis Flandriarum* is an eyewitness account of the assassination of Charles the Good, Count of Flanders in 1127 and the ensuing civil war. This book forms a companion to the text which was discovered in the 15th century in Bruges and has subsequently been available in French translation. Jeff Rider argues that this is not a true journal but a revised and edited history of events between March 1127 and July 1128. He discusses how the chronicle developed, Galbert's sources, how he organized his notes and wrote his text, and its literary qualities. This is a detailed study of an important piece of historical writing. One third of the book comprises notes and appendices. **The Compass**, 1925. The Commons, 1898.
