**Social Entrepreneurship** Peter C. Brinckerhoff, 2000-04-14 Until very recently popular belief held that business skills were not needed at charitable organizations No longer Far from interfering with an organization's ability to provide needed services techniques such as marketing cash flow analysis property management and good use of technology all contribute to a charitable organization's mission capability Unlike a not for profit that thinks of itself as a charity the successful not for profit is really a mission based business In an era of rapid change increasing competition and the need for more accountability to governments foundations insurers and donors knowing how to innovate compete and take reasonable risks on behalf of the mission is critical It is in short the era of the social entrepreneur The skilled social entrepreneur has the ability to get the most mission out of the resources at hand including traditional business techniques Finally here is a book that will help you learn their techniques In Social Entrepreneurship you will learn how successful social entrepreneurs Focus on community wants and needs Match those with core competencies to provide the quality services Assess risk and gauge opportunity Develop new project ideas and test their feasibility Write a business plan Project finances in the plan Tap into new sources of funding Develop the idea of social entrepreneurship throughout the organization Make sure that mission not money is the bottom line Also included are the seven essential steps of the not for profit business development process real world case studies sample business plans and a self assessment process to determine if your organization is ready for social entrepreneurship In addition to entrepreneurs middle managers policy setters volunteers and a host of other important staff members will get value from the mission beneficial information in this book Most important Social Entrepreneurship will help you to help your organization succeed and thrive and make your job more interesting and productive Praise for Social Entrepreneurship The Art of Mission Based Venture Development A great read contains both the theoretical underpinnings and practical applications that those of us in nonprofit leadership badly need I will share it with my management team and board Joseph M Hafey President and CEO Public Health Institute A sound practical guide for developing social entrepreneurs Brinckerhoff makes taking mission related business risks on behalf of the people served less risky with the step by step application of business ideas and techniques Warnings real world examples and hands on advice keep the reader on track to sensible risk taking Connie Kirk President and CEO Tommy Nobis Center Peter C Brinckerhoff's new and masterfully written book has a lot of practical information in it for any organization that wants to learn how to become and stay entrepreneurial Brinckerhoff provides the right kind of information to any organization interested in succeeding in a highly competitive and service oriented environment and stresses the importance of an organization's encouraging innovation and risk only if it does not lose sight of its core values its strengths and its mission That is excellent advice for any organization and for anyone who ventures into entrepreneurial waters Andrew H Souerwine PhD Emeritus Professor of Management and Organization The School of Business Administration University of Connecticut

*The New Social Entrepreneurship* Francesco Perrini, 2006-01-01 This book aims to define a novel conception of what social entrepreneurship SE actually is and what it is not starting from a sharp and focused vision of SE it entails innovations designed to explicitly improve societal well being housed within entrepreneurial organizations which initiate change in society In so doing it provides a critical and comprehensive framework for current and future research in the area Francesco Perrini adopts a novel approach to the SE phenomenon considering it as a dynamic process created and managed by innovative social entrepreneur an individual or team who strives to create new social values in the market and community at large By now SE has attained a wider and more enthusiastic acceptance in corporate thinking and practice than in the literature This double line of reasoning partly theoretical and partly practitioner based drives the bottom line of the book In the first part *The New Social Entrepreneurship*

looks for a consistent answer to a muddle of still unresolved questions How can SE be defined How can SEVs be identified What are the main dimensions along which organizations vary and what factors lead to success What does success mean Does the way in which an SEV is designed matter Does it make sense to talk about a social business plan Is an SEV aligned with traditional sources of financing And so on In the second part the book changes perspective examining several practical examples of how perspectives on SE are translated into concrete phenomena LocalFeed CafeDirect The Sekem Initiative Teleserinita the NYC Watershed Agreement and sustainable tourism in Turkey and so on They illustrate theoretical frameworks each enlightening specific aspects of SE and making theory and practice comparisons
