their historical and cultural contexts Such a reading yields new insights Rather than finding theological truths alone one also discovers lyrics that contest and defy Rome's great tradition. The early Christ followers sang songs that opposed the empire's worldview and offered an alternative vision for society These songs were a first century equivalent of modern day protest songs But instead of marching and singing in the streets believers gathered in private spaces where they lifted their voices to Jesus and retold the story of his execution as an enemy of the state and how God raised him from the dead to rule over the universe As they sang believers were emboldened to remain faithful to Christ and withstand the temptation to comply with the sociopolitical agenda of the empire Johannine Social Identity Formation after the Fall of the Jerusalem Temple Christopher A. Porter, 2021-10-25 In Johannine Social Identity Formation after the Fall of the Jerusalem Temple Christopher Porter reads the Fourth Gospel through the lens of social identity theory as means of reconciling the social dislocation and trauma of the destruction of the Jerusalem temple Analysing the Fourth Gospel in conversation with other temple removed texts of Qumran Philo and Josephus the gospel s intent to renegotiate cultic life without the temple can be seen Through this analysis it is argued that the Fourth Gospel primarily functions as an intra mural Jewish text attempting to negotiate the formation of a Jesus follower social identity in direct continuity with earlier Jewish shared social narratives Finally this work reviews the Johannine Community as an outcome of the Gospel identity formation **Bring Them into the Land** Jeffrey P.
