Global Flashpoints Leo Panitch, Colin Leys, 2007 New forces of resistance have emerged to both American imperialism and neoliberalism But how far do these forces represent a progressive alternative This volume surveys the key flashpoints of resistance today The main arena of resistance to imperialism is the Middle East Six essays explore the ambivalent nature of Islamic anti imperialism and the West's crucial role in making it so significant as well as the different forms it takes as a political creed and they provide particular insight into the relationship between religion and politics today in Iraq Palestine and Turkey *Socialist Register* John Saville, Ralph Miliband, 1991-01-01 The Existence of the Mixed Race Damns

Daphne V. Taylor-Garcia, 2018-06-20 The Existence of the Mixed Race Damns is an interdisciplinary and intersectional study of the mixed race subject in the Americas and the rise of oppositional consciousness with a consideration of not only race but also colonialism Daphne V Taylor Garcia examines the construction of race gender and class in coming to an oppositional consciousness as a Spanish colonial subject in the Americas Spanning the early foundations of knowledge production about colonial racial subjects and connecting to contemporary debates on Latinxs and racialization the book takes up the terms through which first person perceptions of precarity and class mixed race existence and gendered power relations are constructed The Existence of the Mixed Race Damns ends with a response to the current scepticism towards organizing as people of color through a decolonial redefinition of the damns that centers a critique of anti black racism and colonial relations

**The New Left, National Identity, and the Break-up of Britain** Wade Matthews, 2013-08-08 In The New Left National Identity and the Break Up of Britain Wade Matthews charts the nexus between socialism and national identity in the work of key New Left intellectuals E P Thompson Raymond Williams Stuart Hall Perry Anderson and Tom Nairn Matthews considers these New Left thinkers response to Britain's various national questions including decolonization and the End of Empire the rise of European integration and separatist nationalisms in Scotland and Wales and to the national and nationalist implications of Thatcherism Cold War and the fall of communism Matthews establishes a contestatory dialogue around these issues throughout the book based around different New Left perspectives on what has been called the break up of Britain He demonstrates that national questions were crucial to New Left debates

**Dictionary of Labour Biography** K. Gildart, D. Howell, 2016-04-30 Volume XIII of the Dictionary of Labour Biography maintains the standard of original and thorough scholarship for which the series has earned its outstanding reputation A unique study of nineteenth and twentieth century British history each entry is written by a specialist and engages with recent developments in the field of labour history

*Anarchist Seeds beneath the Snow* David Goodway, 2011-12-12 From William Morris to Oscar Wilde to George Orwell left libertarian thought has long been an important but neglected part of British cultural and political history In *Anarchist Seeds beneath the Snow* David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history

to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world **Socialist Register 2005** Colin Leys,Leo Panitch,2004 How does the new American empire work Who runs it How stable is it What is the new American Empire s impact throughout the world What is its influence on gender relations On the media On popular culture This book provides the answers **Histories of Violence** Brad Evans,Terrell Carver,2017-01-15 While there is a tacit appreciation that freedom from violence will lead to more prosperous relations among peoples violence continues to be deployed for various political and social ends Yet the problem of violence still defies neat description subject to many competing interpretations Histories of Violence offers an accessible yet compelling examination of the problem of violence as it appears in the corpus of canonical figures from Hannah Arendt to Frantz Fanon Michel Foucault to Slavoj i ek who continue to influence and inform contemporary political philosophical sociological cultural and anthropological study Written by a team of internationally renowned experts this is an essential interrogation of post war critical thought as it relates to violence **Israel and the European Left** Colin Shindler,2011-12-22 Why has the European Left become so antagonistic towards Israel To answer this question Colin Shindler looks at the struggle between Marxism Leninism and Zionism from the October Revolution to today Is such antagonism in opposition to the policies of successive Israeli governments Or is it due to a resurgence of anti Semitism The answer is far more complex Shindler argues that the new generation of the European Left was more influenced by the decolonization movement than by wartime experiences which led it to favor the Palestinian cause in the post 1967 period Thus the Israeli drive to settle the West Bank after the Six Day war enhanced an already existing attitude but did not cause it Written by a respected scholar this accessible and balanced work provides a novel account and analytical approach to this important subject Israel and the European Left will interest students in international politics Middle Eastern studies as well as anyone who seeks to understand issues related to today s Left and the Arab Israeli conflict **Rent and its Discontents** Neil Gray,2018-09-16 The 1915 Rent Strikes in Glasgow along with similar campaigns across the UK catalysed rent restrictions and eventually public housing as a right with a legacy of progressive improvement in UK housing through the central decades of the 20th century With the decimation of social housing and the resurgence of a profoundly exploitative private housing market the contemporary political economy of housing now shares many distressing features with the situation one hundred years ago Starting with a re appraisal of the Rent Strikes this book asks what housing campaigners can learn today from a proven organisational victory for the working class A series of investigative accounts from scholar activists and housing campaign groups across the UK charts the diverse aims tactics and strategies of current urban resistance seeking to make a vital contribution to the contemporary housing question in a time of crisis Totality Inside Out Kevin Floyd,Jen Hedler Phillis,Sarika Chandra,2022-01-18 However divergent their analyses may be in other ways some

prominent anti capitalist critics have remained critical of contemporary debates over reparative justice for groups historically oppressed and marginalized on the basis of race gender sexual identity sexual preference and or ability arguing that the most these struggles can hope to produce is a more diversity friendly capital Meanwhile scholars of gender and sexuality as well as race and ethnic studies maintain that by elevating the socioeconomic above other logics of domination anti capitalist thought fails to acknowledge specific forms and experiences of subjugation The thinkers and activists who appear in Totality Inside Out reject this divisive logic altogether Instead they aim for a more expansive analysis of our contemporary moment to uncover connected sites of political struggle over racial and economic justice materialist feminist and queer critique climate change and aesthetic value The re imagined account of capitalist totality that appears in this volume illuminates the material interlinkages between discrepant social phenomena forms of oppression and group histories offering multiple entry points for readers who are interested in exploring how capitalism shapes integral relations within the social whole Contributors Brent Ryan Bellamy Sarah Brouillette Sarika Chandra Chris Chen Joshua Clover Tim Kreiner Arthur Scarritt Zoe Sutherland Marina Vishmidt

**The Legacy of Ernest Mandel** Gilbert Achcar,1999 Ernest Mandel 1923 1995 was a member of what is now a very rare breed he was a theorist of an activist Marxism Leader of the international Trotskyist movement lifelong revolutionary and scholar of world renown Mandel was one of those few individuals who combined the untiring activism of a political leader with intellectual work that commands the respect of the academy

**C B Macpherson** Jules Townshend,2019-08-08 In this sympathetic restatement of C B Macpherson s ideas Townshend provides an overview of Macpherson s theory of possessive individualism and critique of liberal democracy He suggests that criticism of Macpherson has been misplaced and asks whether his theories should now be given more prominence by political theorists This is the first book to deal comprehensively with the issues surrounding Macpherson s work previous studies have used him as a point of departure rather than the focus of detailed analysis and none have included an overall assessment of his thought Key Features Examination of Macpherson s project in its totality Defence of Macpherson against his liberal feminist Marxist and ecological critics Defence of his interpretation of Hobbes and Locke Demonstration of his continuing relevance for contemporary political philosophy and for the study of politics generally

**The Psychology Of Gender And Sexuality** Wendy Stainton Rogers,Rex Stainton Rogers,2001-01-16 a particularly well wrought and intelligent book It provides an extensive introduction to traditional psychological approaches while acknowledging their weaknesses and in a judicious and detailed review the authors take us through a fascinating survey of the constructionist and discursive modes of enquiry and what they reveal about sex and gender This will make not only an excellent textbook but is good reading as well Rom Harre Linacre College Oxford and Georgetown University To what extent are gender and sexuality programmed in the genes and to what extent are they acquired through learning and from culture What is wrong with traditional ways in which psychology has addressed these topics and what better alternatives are there What do these new approaches have to offer us in

understanding our own gender and sexuality our life experiences and our relationships Gender and sexuality permeate our lives and have a profound influence on who we are and what we feel think and do This book provides a fundamental and wide ranging introduction to different psychological approaches to this field It reviews both traditional and current theorization reflecting the contradictory approaches that try to explain how gender and sexuality are acquired their impact on identity and their influence on life styles life opportunities and life choices The Psychology of Gender and Sexuality is unique in providing a comprehensive introduction to both gender and sexuality Using examples that are highly relevant to today s generation of students it encourages the reader to explore the implications of the various theoretical approaches for men and women and their relationships with each other This is a lively and readable textbook for general introductory courses and an ideal starting point for more advanced specialist courses on these topics

**Gramsci, Political Economy, and International Relations Theory** A. Ayers, 2008-11-10 This book seeks to provide the most comprehensive and sustained engagement and critique of neo Gramscian analyses available in the literature In examining neo Gramscian analyses in IR IPE the book engages with two fundamental concerns in international relations i The question of historicity and ii The analysis of radical transformation

**Canadian Books in Print. Author and Title Index**, 1975

**The Labour Party's Political Thought** G. Foote, 1997-05-11 This book provides a synoptic and accessible history of the development of political ideas within the Labour Party It traces the complex relationship between power and political thought and illustrates how Labour s political ideas have been shaped and formed by the Labour Party s political experience It presents labourism or trade union politics as a clear theory and stresses its importance in understanding the different phases in the party s history arguing that it constitutes the bedrock of the party s thought and that its crisis has caused the recent changes in party ideology

Modern Revolutions John Dunn, 1989-06-22 Many political regimes today draw such legitimacy as they have from a revolution the destruction of an existing political elite and its replacement by a different group or groups drawn from inside the same society A large part of the ideological dispute in world politics has come in consequence to turn on an interpretation of the character of revolutions as political and social events It is extremely difficult to separate ideological assessments of the desirability or otherwise of what has occurred in revolutions from causal explanations of why these revolutions occurred and both major traditions in the analysis of revolutionary phenomena have been damaged by their failure to distinguish clearly between explanation and assessment In examining eight major revolutions of the twentieth century John Dunn helps readers to remedy this state of affairs by thinking for themselves

**The Rich World and the Impoverishment of Education** Dave Hill, 2010-07-15 Advancing a powerful critique of neoliberalized education in many of the rich countries of the world USA Canada Finland Greece Israel Japan England and Wales and others the chapters in this book written by an international array of acclaimed and emerging radical educators and policy analysts critically examine and evaluate What neoliberal changes have taken place e g privatization vouchers charter schools weakening of democratic

control of schools setting up markets in schools and retreating from the comprehensive school principle commercialization of education new public managerialism in education What are the impacts of these changes on access and equal opportunities on democracy and critical thinking and on the rights pay and conditions of teachers and ancillary support staff The Ellen Meiksins Wood Reader Ellen Meiksins Wood, 2012-10-12 Ellen Meiksins Wood is a leading contemporary political theorist who has elaborated an innovative approach to the history of political thought the social history of political theory She has been described as the founder together with the historian Robert Brenner of Political Marxism a distinct version of historical materialism which has inspired a research program that spans a number of academic disciplines Organized thematically this Reader brings together selections from Wood's groundbreaking scholarship published over three decades providing an overview of her original interpretations of capitalism precapitalist societies the state political theory democracy citizenship liberalism civil society the Enlightenment globalization imperialism and socialism
