a forceful statement about how theory relates to political project and organization What Randy Martin asks does Marx have to say to the discourses of radical democracy postmodernism and globalization all of which purport to solve problems that emerge in Marx's writings A reading of Marx can in fact disclose the limitations of the contemporary modes of criticism identifying the difficult conceptual problems that cannot be avoided or overcome Using readings of Marx to restage contemporary political discussions On Your Marx reengages orthodox and postmarxist understandings in a critical and constructive conversation In doing so the book points to powerful new alliances between cultural and political theorists and activists opening new possibilities for mobilization and social justice
