**Seeking Modernity in China's Name** Weili Ye, 2002-04-01 The students who came to the United States in the early twentieth century to become modern Chinese by studying at American universities played pivotal roles in Chinese intellectual economic and diplomatic life upon their return to China These former students exemplified key aspects of Chinese modernity introducing new social customs new kinds of interpersonal relationships new ways of associating in groups and a new way of life in general Although there have been books about a few especially well known persons among

them this is the first book in either English or Chinese to study the group as a whole The collapse of the traditional examination system and the need to earn a living outside the bureaucracy meant that although this was not the first generation of Chinese to break with traditional ways of thinking these students were the first generation of Chinese to live differently Based on student publications memoirs and other writings found in this country and in China the author describes their multifaceted experience of life in a foreign modern environment involving student associations professional activities racial discrimination new forms of recreation and cultural expression and in the case of women students the unique challenges they faced as females in two changing societies

China's Domestic Private Firms: Anne S. Tsui, Yanjie Bian, 2014-12-18 One of the most important outcomes of market reforms in China over the past 20 years has been the emergence of a significant domestic private sector which now accounts for almost a third of China's GDP and is by far the country's most important source of employment growth This book is the first in depth analysis of the management and operation of these domestic private firms which are defined as companies or organizations created by PRC citizens including township enterprises and collectives The book provides a comprehensive and multidisciplinary perspective on the factors important to the successful operation and growth of these firms It begins with a review of the literature on the topic in three different disciplines economics sociology and management each followed by several chapters covering recent developments in these areas Featuring contributions by distinguished scholars and China experts the work concludes with an insightful chapter on the future of China's public sector in the global economy

Health Care Transformation in Contemporary China Jiong Tu, 2018-06-12 This multifaceted book examines the free market reform of the Chinese healthcare system in the 1980s and the more collectivist or socialist counter reforms that have been implemented since 2009 to remedy some of the problems introduced by marketization The book is based on an ethnographical study in a Chinese county from 2011 to 2012 which investigated local people's experience of healthcare reforms and the various ways in which they have adapted their own behavior to the constraints and opportunities introduced by these reforms It provides a vivid depiction of the morality and emotionality of people's experiences of the Chinese healthcare system and the myriad frustrations and sometimes desperation it induces not only among patients with significant health problems and their families but also healthcare practitioners caught between their desire to do right by their patients and the penalties they personally incur if they do not adhere to institutionalized cost saving measures The people's experiences within China's health sector presented reflect many similar experiences in the wider Chinese society The book is thus a valuable resource for researchers and graduate students interested in China's healthcare reforms and scholars concerned with issues of contemporary Chinese society

*The State and Life Chances in Urban China* Xueguang Zhou, 2004-11-29 This book presents a systematic study of social stratification processes in urban China from 1949 to 1994 Based on the life histories of a sample of urban residents from 20 Chinese cities this book addresses two themes 1 the interplay between redistribution and social stratification under state

socialism in urban China especially the impact of the state and state policies on individual life chances in such areas as education labor force participation promotion in organizations and the distribution of manifest and latent economic benefits 2 an assessment of sources and extent of China's economic transformation since the 1980s The author blends sociological analysis and sensitivity to the historical context in interpreting changes and continuity in the 45 year history of state socialist China This is a comprehensive and rigorous study of social stratification in China

State-Society Relations and Confucian Revivalism in Contemporary China Qin Pang, 2018-05-25 This book is a study of the causes of the Confucian revival and the party state's response in China today It concentrates on the interactions between state and society and the implications for the Chinese state's control over society or in other words its survival over a rapidly modernizing society The book explores the answers to questions such as Why has Confucianism suddenly gathered great momentum in contemporary Chinese society What is the role of the Chinese state in its rise Is the state really the orchestrator of the Confucian revival as has been widely assumed This book will be of interest to think tank and policy researchers sinologists and those with an interest in Chinese society

**Popular Politics and the Quest for Justice in Contemporary China** Susanne Brandtstädter, Hans Steinmüller, 2017-06-14 The rise of popular politics is among one the most significant social and political developments the People's Republic of China has witnessed in the post Mao era People from all walks of life have responded to rising inequalities and the privatization of collective goods with a new quest for justice Although China has remained a censorial society under the authoritarian rule of the Chinese Communist Party state society relations are being remade by interventions of emergent publics through word and action In this book a group of anthropologists specializing in Chinese society examine various facets of popular politics which are animated by the pursuit of justice fairness and good government The ethnographic chapters collectively analyse how the political arises in particular judicial situations provoking public judgements or other forms of critical engagement Focusing on the interplay between private and public spaces between morality and law and between speech and action the contributors in this book explore how such engagements are changing Chinese society from the bottom up As the first systematic exploration of the relationship between popular politics emergent publics and notions of justice in contemporary China this book will be useful for students of Chinese Studies Politics and Anthropology
