Sociology A Liberating Perspective:

Sociology Alex Liazos,1985 **Liberation Sociology** Joe R. Feagin,Hernan Vera,Kimberly Ducey,2015-11-17 Many people of all ages today continue to be attracted to sociology and other social sciences because of their promise to contribute to better political social and moral understandings of themselves and their social worlds and often because they hope it will help them to build a better society In a world of new movements and deepening economic inequality following the Great Recession this new edition is vital It features dozens of new examples from the latest research with an emphasis on the next generation of liberation sociologists The authors expand on the previous edition with the inclusion of sections on decolonisation paradigms in criminology critical speciesism and studies of environmental racism and environmental privilege There is an expanded focus on participatory action research and increased coverage of international liberation social scientists Work by psychologists anthropologists theologians historians and others who have developed a liberation orientation for their disciplines is also updated and expanded The Old Testament: A Liberation Perspective Anthony R. Ceresko,1992 Nietzsche and Critical Social Theory ,2019-12-09 Nietzsche and Critical Social Theory Affirmation Animosity and Ambiguity brings together scholars from a variety of disciplinary background to assess the salience of Nietzsche for critical social theory today In the context of global economic crises and the rise of authoritarian regimes across the U S and Europe the question asked by these scholars is why Nietzsche now Containing several innovative interventions in the areas of queer theory political economy critical race theory labour history hip hop aesthetics sociology the Frankfurt School social movements studies science and technology studies pedagogy and ludic studies this volume pushes Nietzsche studies in new directions seeking to broaden the appeal of Nietzsche beyond philosophy and political theory **Beyond Sociology's Tower of Babel** Bernard S. Phillips,2001 To look outside the discipline of sociology is to find little credibility given to the field as science Bernard Phillips argues that we are learning to see ever more clearly the contradiction between scientific standards and what in fact has been achieved by sociology Instead of knowledge based on the full range of our findings we have separate pieces of knowledge located within the diverse areas of the discipline and fads and fashions in the ideas and terms we use with relatively little cumulative development This has led many to question whether any scientific method can be applied to human behavior If the arguments and alternative interpretations in this book on the problematic nature of sociology s use of scientific method prove to be credible and fruitful then the implications are profound For example the conclusions drawn for every single social science study that has ever been conducted would be open to reinterpretation because they fail to take into account systematically the enormous complexity involved within any given instance of human behavior Our present approach assumes implicitly that the pieces of the human jigsaw puzzle can at some point be put together so as to yield a coherent picture Yet as Phillips shows if each piece is itself deficient then no coherent picture emerges when we attempt to put the pieces together Refusing to take the current fragmentation of sociology as

inevitable Phillips offers a clear vision through a series of heuristic web images of how sociologists might achieve the cumulative development and credibility that are the hallmarks of any science His research draws heavily on the works of classical and contemporary theorists philosophers and historians of science as well as on postmodernist critiques and responses to postmodernism This reconstruction will be useful for courses in method in the study of the classical tradition of sociology Bernard Phillips was introduced to sociology at Columbia University by C Wright Mills A former professor of sociology at Boston University cofounder of the ASA Section on Sociological Practice and founder of the Sociological Imagination Group his publications emphasize methodology and theory *The Political Theory of Liberation Theology* John R. Pottenger,1989-01-01 Discusses the religious and political context of liberation theology the state of the Latin American economy Marxist Christian tensions and the ethics of reform *Psychology of Liberation* Maritza Montero,Christopher C. Sonn,2009-04-28 Since the mid 1980s the psychology of liberation movement has been a catalyst for collective and individual change in communities throughout Latin America and beyond and recent political developments are making its powerful transformative ideas more relevant than ever before Psychology of Liberation Theory and Applications updates the activist frameworks developed by Ignacio Martin Baro and Paulo Freire with compelling stories from the frontlines of conflict in the developing and developed worlds as social science and psychological practice are allied with struggles for peace justice and equality In these chapters liberation is presented as both an ongoing process and a core dimension of wellbeing entailing the reconstruction of social identity and the transformation of all parties involved both oppressed and oppressors It also expands the social consciousness of professionals bringing more profound meaning to practice and enhancing related areas such as peace psychology as shown in articles such as these Philippines the role of liberation movements in the transition to democracy Venezuela liberation psychology as a therapeutic intervention with street youth South Africa the movement for representational knowledge Muslim world religion the state and the gendering of human rights Ireland linking personal and political development Australia addressing issues of racism identity and immigration Colombia building cultures of peace from the devastation of war Psychology of Liberation demonstrates the commitment to overcome social injustices and oppression The book is a critical resource for social and community psychologists as well as policy analysts It can also be used as a text for graduate courses in psychology sociology social work and community studies **History of Structuralism: The sign sets, 1967-present** François Dosse,1997 Content Description Includes bibliographical references and index *Women, from Subjection to Liberation* Rekha Pandey,1989 **Social Forms/Human Capacities (RLE Social Theory)** Philip Corrigan,2020-07-26 This is an exhilarating book written by one of sociology s most imaginative theorists and critics Professor Corrigan proceeds by turning old answers into new questions He draws on a rich tradition of thought from sociology philosophy structuralism post structuralism and literary criticism to explore major ongoing problems in everyday life moral regulation schooling the capitalist world economy intellectuals and the problem of difference

masculinity The result is one of the most dazzling contributions to critical sociology published in recent years **The Women's Liberation Movement** Kristina Schulz,2017-07-01 For over half a century the countless organizations and initiatives that comprise the Women s Liberation movement have helped to reshape many aspects of Western societies from public institutions and cultural production to body politics and subsequent activist movements This collection represents the first systematic investigation of WLM s cumulative impacts and achievements within the West Here specialists on movements in Europe systematically investigate outcomes in different countries in the light of a reflective social movement theory comparing them both implicitly and explicitly to developments in other parts of the world Cultivating Transformative Reconciliation Line Merethe Skum,John Klaasen,Bernd Krukpa,Ray Aldred,2024-10-29 Are Truth and Reconciliation Commission processes enough to achieve reconciliation This volume discusses issues that arise once the task of reconciliation emanates from the limited scope of a specific Truth and Reconciliation Commission and into the larger society and political system that originated it Scholars spanning several research fields from law to history to theology discuss how transformative reconciliation can be cultivated in a society using decolonization and other perspectives along three lines by specifying transformative issues and processes in law and politics by criticizing historical perspectives on the past and its concepts as deliberations of the status quo and by instilling the inherent dynamics of truth and reconciliation processes as permanent features within broader society The volume embarks on an investigation of the Norwegianization policy a historical framework that brought injustices upon minority groups such as the Sami and Kvens Norwegian Finns in Norway and parallel groups in Sweden and Finland It extends its exploration to analogous unjust policies in South Africa Canada and various other contexts Within the complex web of cultural social political and economic struggles stemming from colonial policies the roles of religion politics research institutions and civil society are critically examined *New Perspectives on Anarchism* Nathan J. Jun,Shane Wahl,2010-01-01 The study of anarchism as a philosophical political and social movement has burgeoned both in the academy and in the global activist community in recent years Taking advantage of this boom in anarchist scholarship Nathan J Jun and Shane Wahl have compiled twenty six cutting edge essays on this timely topic in *New Perspectives on Anarchism* *Developing Social Science and Religion for Liberation and Growth* Chris Adam-Bagley,Mahmoud Abubaker,Alice Sawyerr,2023-11-25 This book integrates humanist approaches in enabling both spiritual growth and social science knowledge in advocating for the emancipation of exploited women children and youth based on critical realism Through an autoethnographic account of the first author s journey from being a secular Jew through Anglicanism to Quakerism and then Islam a pacifist based social science methodology is developed This approach describes attempts to understand and liberate sexually exploited youths in Bangladesh exploited women and girls in Pakistan and struggling women in Gaza Palestine The model attempts to integrate moral goals of Judaism Christianity and Islam in seeking peaceful co operation Secular humanism is added creating a research model which seeks the enhancement of human welfare

through the universal ethic of the social contract in which humans and their welfare are both interesting and exciting A review of research on child sexual exploitation elaborates the model of child centred humanism

Social Justice and Social Work Michael J. Austin, 2013-03-26 Edited by a leader in the field this book presents and ties social justice to the core values of social work across the curriculum It presents the history and philosophy that supports social justice and ties it to ethical concepts which help students understand social justice as a core social work value

The New Black Sociologists Marcus A. Hunter, 2018-07-04 The New Black Sociologists follows in the footsteps of 1974 s pioneering text Black Sociologists Historical and Contemporary Perspectives by tracing the organization of its forbearer in key thematic ways This new collection of essays revisit the legacies of significant Black scholars including James E Blackwell William Julius Wilson Joyce Ladner and Mary Pattillo but also extends coverage to include overlooked figures like Audre Lorde Ida B Wells James Baldwin and August Wilson whose lives and work have inspired new generations of Black sociologists on contemporary issues of racial segregation feminism religiosity class inequality and urban studies

Liberation Theology and Its Critics Arthur F. McGovern, 2009-08-01 From its beginnings liberation theology has provoked a wide and diverse range of responses from a multitude of critics theological methodological political ecclesiastical Liberation Theology and Its Critics is a comprehensive and systematic explication of these diverse criticisms as well as a reasoned and rigorous defense of liberation theology McGovern states his aim thus to understand better the world of Latin America and the culture and conditions which prompt a liberation theology while at the same time giving expression to some of the misgivings that many US Americans experience when reading about liberation theology Liberation Theology and Its Critics begins by discussing the place of theology itself in liberation theology The book offers an historical overview shows us what liberation theologians see as most distinctive in their work addresses the biblical interpretations and major areas of theology stressed by liberation theologians and discusses other theologians critiques Next McGovern explicates the use of social and political analysis in liberation theology which has been one of the areas of particular controversy He focuses on such issues as dependency theory Marxism class struggle socialism and the Nicaraguan revolution addressing throughout the concerns raised by a range of critics from the Vatican to Michael Novak Finally McGovern explores the role of the church and how liberation theology is lived out in practice He examines base communities ecclesiology current political trends in Latin America the varying status of liberation theology as well as its most recent developments McGovern demonstrates that liberation theology encompasses a wide spectrum of theologians with different styles and emphases It requires careful study non polemical debate and an honest effort to present the views of both liberation theologians and their critics fairly McGovern s book will be the benchmark against which subsequent work is measured
