The Dealmakers:

The Dealmakers of Downstate Illinois Robert E Hartley, 2016-04-18 Winner ISHS Annual Award for a Scholarly Publication 2017 Many people are unaware that from 1945 to 1975 downstate lawmakers dominated the Illinois political arena In *The Dealmakers of Downstate Illinois* Robert E Hartley details the lives and contributions of three influential southern Illinois politicians Paul Powell Clyde Choate and John Stelle He describes how these dealmakers were able to work with Democrats and Republicans throughout the state to bring jobs and facilities to their region Using a variety of coalitions they maintained downstate political strength in the face of growing Chicago influence Hartley traces the personal histories of Powell Choate and Stelle shows how they teamed up to advance a downstate political agenda and reviews their challenges and successes Beginning with an account of early experiences including the battlefield courage that earned Choate the Medal of Honor as well as Stelle s World War I experience and later entrepreneurship the book continues with an exploration of the groundwork for their collaborative legislative agenda and their roles in the growth of Southern Illinois University and the passage of income tax legislation Hartley reviews the importance of Powell s relationship with Governor Stratton Choate s leadership of the 1972 Democratic National Convention and his relationships with Governor Walker and with Chicago interests *The Dealmakers of Downstate Illinois* is a vivid straightforward tale of fighting in the legislative chambers backstabbing behind the scenes and trading special favors for votes in pursuit of not only personal gain but also the advancement of a regional agenda

The Dealmaker Guy Hands, 2021-11-04 An inside account of the multi billion pound world of private equity and a masterclass on the art of deal making *The Dealmaker* is a frank and honest account of how a severely dyslexic child who struggled at school went on to graduate from Oxford and become a serial entrepreneur It describes Guy Hand s career in private equity first at Nomura and then as head of his own company Terra Firma It looks in detail at the huge deals that Terra Firma has done over the years involving everything from cinema chains and pubs to waste management aircraft leasing and green energy And it offers a brutally honest appraisal of the deal that almost bankrupted him the acquisition of multinational music recording and publishing company EMI in 2007 just as a global financial crash loomed on the horizon Above all he gives the reader a real sense of what it s like inside the secretive world of private equity describing in frank detail the pressures and rewards involved Insightful and page turning *The Dealmaker* will prove inspirational and essential reading for all those who want to understand how huge business negotiations are done and what makes one of private equity s biggest players tick

Invest Like a Dealmaker Christopher W. Mayer, 2008-01-07 *Invest Like a Dealmaker* outlines an approach to investing that is far removed from what most investors have been conditioned to believe but which has produced consistent profits for its practitioners decade after decade While the concepts covered are not well known by the average investor they are well appreciated by Wall Street insiders and dealmakers particularly those who think about stocks as whole companies as things with real assets and cash flows that exist in the real world

Dealmaker's Will Walker Thrash, 2025-11-03 While he was being played he learned to play the game Will Powell's real estate dreams have stalled leaving him desperate and vulnerable Enter Julian Darrow brilliant wealthy and dangerously persuasive Drawn into Julian's world of ruthless deals shadowy ethics and rules Will finds success within reach but at what cost The Dealmaker's Will The Story of One Deal And the 7 Rules That Made It Happen is a literary business fable with the pacing of a thriller and the depth of a drama It delivers business insight through storytelling with real world tactics ethical dilemmas and psychological tension directly into character and plot It asks the question What rules really matter in dealmaking For readers of MICHAEL LEWIS PATRICK LENCIONI JOHN GRISHAM and TOM WOLFE Set in the Denver area with nods to Austin Texas and Raleigh North Carolina **A Working Stiff's Manifesto** Iain Levison, 2002 A funny book in which the author can find lots of work but little fulfillment **The Wealth Creators** Roy C. Smith, 2007-04-01 The last two decades saw a greater rise in wealth than during any comparable period in history Now meet the wealth driven people behind the dollars The Multi Millionaires How Much They Made How Each One Made It At the beginning of 2000 there were nearly three hundred billionaires and five million millionaires living in the United States Total household wealth had reached 37 trillion up from just over 8 trillion when Ronald Reagan became president he stories of these super rich men and women reflect the social and economic history of the last twenty years Roy C Smith's The Wealth Creators takes the reader into five core areas of opportunity today as well as the career turning points of key individuals in each Entrepreneurs like Mike Bloomberg Sam Walton and Ted Turner Dealmakers such as Kirk Kerkorian Ron Perelman and Larry Tisch Investors like Warren Buffett and financiers like George Soros Corporate executives such as Jack Welch Sandy Weill and Michael Eisner And entertainers like Oprah Winfrey Steven Spielberg and Tiger Woods **Costly Mistakes** Matthias Schraner, 2018-11-15 Matthias Schraner worked a number of years for the police as their leading negotiator in hostage takings and other crimes Here he describes his successfully proven negotiating techniques Using numerous practical examples he illustrates various procedures which can be applied to negotiations about salary sales and contracts with individual customers business partners and groups of customers This is a book for employees colleagues and executives who want to negotiate competently and successfully in every situation Matthias Schraner knows more than anyone else about negotiating under extreme conditions **Antitrust Economics on Trial** Walter Adams, James W. Brock, 2014-07-14 Is it the central purpose of American antitrust policy to encourage decentralization of economic power Or is it to promote consumer welfare Is there a painful trade off between market dominance and economic efficiency What is the proper role of government in this area In recent years the public policy debate on these core questions has been marked by a cacophony of divergent opinions theorists against empiricists apostles of the new learning against defenders of the traditional structure conduct performance paradigm laissez faire advocates against interventionists Utilizing a distinctively innovative format Walter Adams and James Brock examine these issues in the context of a courtroom dialogue among a proponent of the new

learning Chicago School a prosecuting attorney and a U S district judge In contrast to bloodless scientific treatises or ideologically inspired polemical tracts this book lays bare the central arguments in the debate about free market economics and the latent assumptions and disguised terminology on which those arguments are based The dialogue is both gripping and entertaining designed by the authors to be reminiscent at times of the Theater of the Absurd Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
