The Decline Of Bismarcks European Order Franco Russian Relations 1875 189

Christian Drosten

The Decline Of Bismarcks European Order Franco Russian Relations 1875 189:

The Decline of Bismarck's European Order George Frost Kennan, 2020-09-01 In an attempt to discover some of the underlying origins of World War I the eminent diplomat and writer George Kennan focuses on a small sector of offstage events to show how they affected the drama at large long before the war even began In the introduction to his book George Kennan tells us I came to see World War I as the great seminal catastrophe of this century the event which lay at the heart of the failure and decline of this Western civilization But he asks who could help being struck by the contrast between this apocalyptic result and the delirious euphoria of the crowds on the streets of Europe at the outbreak of war in 1914 Were we not he suggests in the face of some monstrous miscalculation some pervasive failure to read correctly the outward indicators of one's own situation It is from this perspective that Mr Kennan launches a micro history of the Franco Russian relationship as far back as the 1870s in an effort to determine the motives that led people to wander so blindly into the horrors of the First World War

How Russia Lost Bulgaria, 1878-1886 Mikhail S. Rekun, 2018-11-23 *How Russia Lost Bulgaria* looks at the rapid breakdown in Russo Bulgarian relations in the years following the Russian liberation of Bulgaria in the Russo Turkish War of 1877 1878 Initially the Russian Empire and the Principality of Bulgaria were close allies bound together by sentiment by geopolitical reality and by strong administrative links the Bulgarian Minister of War was a Russian general on detached duty from the Imperial Army to pick just one example Yet by 1886 only eight years later relations degenerated to such a point that a Russian backed coup overthrew the Bulgarian monarch The two countries would cut diplomatic relations for years *How Russia Lost Bulgaria* argues that the behavior of Russian military and diplomatic agents in Bulgaria caused this rapid turnabout These agents acted in a tactless obnoxious fashion that offended the pride and sensibilities of both local Bulgarian politicians and of the German born Russian appointed Prince Alexander von Battenberg Having a Russian Consul General refer to the leader of Bulgaria's majority party as an unwashed uncombed country bumpkin did not improve relations certainly But to write off Russia's agents in Bulgaria as bunglers and imbeciles is neither accurate nor intellectually satisfying Underlying their actions is the fact that the Russian Ministry of Foreign Affairs was a weak and disorganized institution and it failed to either develop a coherent policy approach to relations with Bulgaria or to force its agents to carry out an approach once it was developed Left to their own devices Russian agents in Bulgaria fell back on their own ideas of how to advance the Russian Empire's position and in so doing they drove Russia's relationship with a vital client state straight into the ground

Kennan and the Cold War David Felix, 2017-07-05 With his policy of containment US diplomat George F Kennan 1904 2005 devised a way to resist the Soviet Union's attempt to conquer the world for Communism That way was to go to the brink of war to prevent war His idea was first expressed in his famous Long Telegram from Moscow on February 22 1946 It took genius to see a wartime ally as a dangerous adversary and to convince the American leadership to act upon it Back in the United States the young diplomat first acted as deputy commandant in the National War College He

then operated as director of the State Department's Policy Planning Staff to restore Europe from wartime destruction. By 1950 Kennan began to reverse his thinking, believing that the military component of American policy was going too far. While his old colleagues continued to develop US power given point by the atomic bomb, Kennan withdrew from government and began a new career as a public intellectual, campaigning for a more peaceable policy in his eighteen books and articles and talks. The breakdown of the Soviet economy in the 1980s showed that Kennan was right the second time as well. Always sympathetic to the Russian people and culture, which the later Soviet leaders appreciated, Kennan was able to welcome the new non-Communist Russia into a more peaceable relationship with the democracies that ended the Cold War. His life and works have become a national treasure. *Bismarck and Mitteleuropa* Bascom Barry Hayes, 1994. His labors were often fruitless. His own master Wilhelm I and the Prussian bureaucrats, diplomats and courtiers with direct access to this first of Bismarck's Wilhelmian nemeses could be at least as obstructionist in Berlin as Franz Joseph and his minions in Vienna. In fact, all too often Bismarck's lack of control over the Prussian elites was in part responsible for the resistance of the Habsburg ruling circle. *The Decline of Bismarck's European Order* George Frost Kennan, 1979. *The Life and Work of Ernesto De Martino* Flavio A. Geisshuesler, 2021-08-09. In *The Life and Work of Ernesto de Martino: Italian Perspectives on Apocalypse and Rebirth in the Modern* Study of Religion Flavio A. Geisshuesler offers a comprehensive study of one of Italy's most colorful historians of religions. The book inserts de Martino's dramatic life trajectory within the intellectual climate and the socio-political context of his age in order to offer a fresh perspective on the evolution of the discipline of religious studies during the 20th century. Demonstrating that scholarship on religion was animated by moments of fear of the apocalypse, it brings de Martino's perspective into conversation with Mircea Eliade, Claude Lévi-Strauss and Clifford Geertz in order to recover an Italian approach that promises to redeem religious studies as a relevant and revitalizing field of research in the contemporary climate of crisis. **Realpolitik** John Bew, 2016. A concise book on Realpolitik: its origins as an idea, its practical application to statecraft in the recent past and its relevance to contemporary foreign policy. [Russian Autocrats from Ivan the Great to the Fall of the Romanov Dynasty](#) David R. Egan, Melinda A. Egan, 1987-08. No descriptive material is available for this title. [Journal of International Affairs](#), 1980. *Library of Congress Catalogs* Library of Congress, 1980.
