The Decline Of Males:

The Decline of Men Guy Garcia, 2008-10-07 Why are so many of today's supermen superclueless Why are so many ambitious young women unable to find boyfriends as successful and independent as they are Why do so many men prefer the escapist digitized world of SPIKE TV Jackass and Grand Theft Auto to the reality of their own lives In an eye opening exploration of contemporary American manhood *The Decline of Men* shows how men are struggling to redefine what being a man means in today's world Their confusion has led to rampant male malaise which has left many men feeling alienated and disconnected Unable to communicate their frustrated thoughts or emotions effectively too many guys are slacking off and opting out of their manly obligations producing an entire generation of men who are ditching their own potential and failing the moms wives and girlfriends who love them *The Decline of Men* is a wake up call to this distressing state of affairs As award winning journalist Guy Garcia reports rather than working hard to achieve top grades or a promotion at work too many American males squander their energy tracking their fantasy football league scores or mastering the latest video game Men drop out of school at a far higher rate than women and are far likelier to die early because of poor health habits Even the male Y chromosome is said to be at risk of disappearing altogether one day Packed with startling statistics informed by pop culture and narrated in the entertaining style for which Guy Garcia is known *The Decline of Men* sheds light on a problem that has wreaked havoc on the American family and urges men and women to look past the gender wars to address this national emergency together
