The Diary Of A Reluctant Political Candidate:

The Diary of a Reluctant Political Candidate B. McClenon Clark, 2004-06 In running for political office Roberta Mason learns unexpected truths about herself as well as facing problems inherent in the American political process **Our Time Has Come** Lucius Jefferson Barker, 1988 From his perspective as a fully accredited elected Jackson delegate to the 1984 Democratic National Convention Lucius Barker tells the story of his active participation in the drama recounting the excitement and challenges successes and achievements and the problems disappointments and frustrations describing what he believed to be the campaign's deeper sense and meaning and recording his views of its great historical significance

Anti-politics in Contemporary Italy Vittorio Mete, 2022-09-02 This book explores the discourses attitudes and behaviours of professional politicians and ordinary citizens alike characterized by hostility towards the political sphere political parties and above all professional politicians It furnishes a clear consistent depiction of the anti politics phenomenon in general using Italy as a laboratory where anti politics is widespread After an original reconstruction of the concept of anti politics the author charts the rise of Silvio Berlusconi the success of Umberto Bossi's Northern League the resounding electoral victories of the Five Star Movement and the League La Lega all rooted in the anti political rhetoric of Italy's leaders and the anti political sentiment of its population The author also traces the socio political profile of the anti political citizens of the main European democracies This broad consistent view of anti politics will attract academics journalists and policy makers interested in anti politics in Italy and elsewhere Students and scholars of party politics party leaders democracy and political participation will also find the volume of great interest **The Political Worlds of Women** Sarah Richardson, 2013 This

volume examines female engagement in both traditional and unconventional political arenas in nineteenth century Britain including female sociability salons child rearing and education health consumption religious reform and nationalism Richardson focuses on middle class women's social cultural intellectual and political authority as implemented by a range of public figures and lesser known campaigners *Here's Looking at You* Ernest D. Giglio, 2010 Now in its third edition Here's Looking at You Hollywood Film and Politics examines the tangled relationship between politics and Hollywood which manifests itself in celebrity involvement in political campaigns and elections and in the overt and covert political messages conveyed by Hollywood films The book's findings contradict the film industry's assertion that it is simply in the entertainment business and examines how while the majority of Hollywood films are strictly commercial ventures hundreds of movies ranging from Birth of a Nation to Capitalism do indeed contain political messages This new edition has been updated with new photos and cartoons and includes two new chapters one on Afghan Iraqi war films and the other on the treatment of race and gender in Hollywood films that are sure to stimulate discussion Here's Looking at You serves as a basic text for political film courses and as a supplement in American government and film studies courses and will also appeal to film buffs and people in the film industry An Assassin in Utopia Susan Wels, 2023-02-07 This true crime odyssey explores a forgotten

astounding chapter of American history leading the reader from a free love community in upstate New York to the shocking assassination of President James Garfield It was heaven on earth and some whispered the devil s garden Thousands came by trains and carriages to see this new Eden carved from hundreds of acres of wild woodland They marveled at orchards bursting with fruit thick herds of Ayrshire cattle and Cotswold sheep and whizzing mills They gaped at the people who lived in this place especially the women with their queer cropped hair and shamelessly short skirts The men and women of this strange outpost worked and slept together without sin they claimed From 1848 to 1881 a small utopian colony in upstate New York the Oneida Community was known for its shocking sexual practices from open marriage and free love to the sexual training of young boys by older women And in 1881 a one time member of the Oneida Community Charles Julius Guiteau assassinated President James Garfield in a brutal crime that shook America to its core An Assassin in Utopia is the first book that weaves together these explosive stories in a tale of utopian experiments political machinations and murder This deeply researched narrative by bestselling author Susan Wels tells the true interlocking stories of the Oneida Community and its radical founder John Humphrey Noyes his idol the eccentric newspaper publisher Horace Greeley founder of the New Yorker and the New York Tribune and the gloomy indecisive President James Garfield who was assassinated after his first six months in office Juxtaposed to their stories is the odd tale of Garfield s assassin the demented Charles Julius Guiteau who was connected to all of them in extraordinary surprising ways Against a vivid backdrop of ambition hucksterism epidemics and spectacle the book s interwoven stories fuse together in the climactic murder of President Garfield in 1881 at the same time as the Oneida Community collapsed Colorful and compelling An Assassin in Utopia is a page turning odyssey through America s nineteenth century cultural and political landscape Japan Diary Mark Gayn,1989-12-15 This book is an eyewitness report of what happened in Japan and Korea during the Occupation years from December 1945 to May 1948 It is also meant to be some other things It is the story of that extraordinary figure General Douglas MacArthur and the men around him It is the story of the way American foreign polity operated in one segment of the globe and of the plot and counterplot that went on behind the Japanese throne in the years of war and of the subsequent conspiracy to thwart the Allied purposes It is the story of the common people in two Oriental lands It is finally the record of the author s education and not a few readers will find it controversial But it is an absorbing book nonetheless and the years that have passed since its first publication have not diminished its value as the chronicle of a highly observant reporter It is indeed an intriguing panorama that Gayn presents and whether the reader agrees with him in all of his observations he can hardly accuse him of being unexciting *Presidential Campaigns in Latin America* Taylor C. Boas,2016-03-04 How do presidential candidates in new democracies choose their campaign strategies and what strategies do they adopt In contrast to the claim that campaigns around the world are becoming more similar to one another Taylor Boas argues that new democracies are likely to develop nationally specific approaches to electioneering through a process called success contagion The theory of success contagion

holds that the first elected president to complete a successful term in office establishes a national model of campaign strategy that other candidates will adopt in the future He develops this argument for the cases of Chile Brazil and Peru drawing on interviews with campaign strategists and content analysis of candidates television advertising from the 1980s through 2011 The author concludes by testing the argument in ten other new democracies around the world demonstrating substantial support for the theory **The Conventional Man** Robert Alexander Harrison,Osgoode Society for Canadian Legal History,2003-01-01 Although unusual in his driving ambitions and his consuming need to accumulate a fortune Harrison remained in most respects thoroughly conventional and Victorian and his diary offers unrivalled insights into the voice of the mid nineteenth century Toronto male **The Outlook** Lyman Abbott,Hamilton Wright Mabie,Ernest Hamlin Abbott,Francis Rufus Bellamy,1921
