The Dickson Mounds Site Jane E. Buikstra, George R. Milner, 1989 **Archaeology of the Mississippian Culture** Peter N. Peregrine, 2013-04-11 First published in 1996 In recent years there has been a general increase of scholarly and popular interest in the study of ancient civilizations Yet because archaeologists and other scholars tend to approach their study of ancient peoples and places almost exclusively from their own disciplinary perspectives there has long been a lack of general bibliographic and other research resources available for the non specialist This series is intended to fill that need

Archaeology in America Linda S. Cordell, Kent Lightfoot, Francis McManamon, George Milner, 2008-12-30 The greatness of America is right under our feet The American past the people battles industry and homes can be found not only in libraries and museums but also in hundreds of archaeological sites that scientists investigate with great care These sites are not in distant lands accessible only by research scientists but nearby almost every locale possesses a parcel of land worthy of archaeological exploration Archaeology in America is the first resource that provides students researchers and anyone interested in their local history with a survey of the most important archaeological discoveries in North America Leading scholars most with an intimate knowledge of the area have written in depth essays on over 300 of the most important archaeological sites that explain the importance of the site the history of the people who left the artifacts and the nature of the ongoing research Archaeology in America divides its coverage into 8 regions the Arctic and Subarctic the Great Basin and Plateau the Great Plains and Rocky Mountains the Midwest the Northeast the Southeast the Southwest and the West Coast Each entry provides readers with an accessible overview of the archaeological site as well as books and articles for further research Archaeology of Prehistoric Native America Guy E. Gibbon, 2022-01-26 First published in 1998 Did prehistoric humans walk to North America from Siberia Who were the inhabitants of the spectacular Anasazi cliff dwellings in the Southwest and why did they disappear Native Americans used acorns as a major food source but how did they get rid of the tannic acid which is toxic to humans How does radiocarbon dating work and how accurate is it Written for the informed lay person college level student and professional Archaeology of Prehistoric Native America An Encyclopedia is an important resource for the study of the earliest North Americans including facts theories descriptions and speculations on the ancient nomads and hunter gathers that populated continental North America

The Living Museum, 1989 Skulls and Skeletons Christine Quigley, 2001-01-01 Of the parts of the human body the bones have a unique durability that lends itself to collection Provided a body has not been cremated the skeletal remains can be recovered even millions of years after death cleaned of flesh and debris studied at length and stored indefinitely without the maintenance that wet specimens require Motivations for collecting human skeletal material range from the practical in anthropology medicine forensics to the ritualistic phrenology in the relics of martyrs and saints This book is an examination of those motivations and the collections they have brought about catacombs ossuaries mass graves prehistoric excavations private collections and institutions The

book contains sections on procuring handling storing transporting cleaning and identifying skeletal remains The repatriation of remains and legislation covering the topic are also addressed *Bioarchaeology and Dietary Reconstruction across Late Antiquity and the Middle Ages in Tuscany, Central Italy* Giulia Riccomi,2021-04-01 This volume presents the first multidisciplinary bioarchaeological analysis to reconstruct life conditions in ancient Tuscany between Late Antiquity and the Middle Ages This was done through the examination of stress markers including adult stature periosteal reaction cranial porosities linear enamel hypoplasia and paleodietary reconstruction The Mound 72 Area Melvin Leo Fowler,1999
