

THE DEAD FATHER

a NOVEL BY DONALD BARTHELME

The Dead Father First Edition

Alban Butler

The Dead Father First Edition:

The First Edition of the Letters of Paul Charles Vergeer, 2022-01-18 We call them the Letters of Paul However who really wrote them and why The fascinating quest for an answer to this question takes us to Ephesus one of the most important harbour cities of the Roman Empire in order to get a clearer picture through him of the anonymous editors who edited the first edition of what would later so inappropriately be called the letters of Paul These first editors saved Paul from oblivion but often ignored what he had actually said What did they want to achieve with their publication Who added the anti Jewish and misogynistic texts and who added the beautiful song about the praise of love This book offers a spectacular reconstruction of the first edition of Paul s letters It removes two thousand years of Christian encrustation on the surviving texts and produces a unique reconstruction and critical translation from the Greek of the first edition of the first four letters of Paul

The Ancient Unconscious Vered Lev Kenaan, 2019-05-08 In the field of classical studies the psychoanalytic construction of the unconscious is rarely regarded as a fruitful methodological concept Commonly understood as a modern conceptual invention rather than the discovery of a psychic reality the notion of the unconscious is often criticized as an anachronistic lens one that ineluctably subjects ancient experience to modern patterns of thought The Ancient Unconscious seeks to challenge this ambivalent theoretical disposition toward the psychoanalytic concept and reclaim the value of the unconscious as a methodological tool for the study of ancient texts by transforming our understanding of what the unconscious means the way it operates and how it relates to textual hermeneutics It considers the debate over whether the ancients had an unconscious as an invitation to rethink the relationship between antiquity and modernity investigating the meaning of textuality through contact between historical moments that have no priority under the law of chronology associations and connections between the past and its future including the present belong to the sphere of the unconscious which is primarily employed here in order to study the inherent often hidden links that bind modernity to classical antiquity and modern to ancient experiences Drawing on an incisive examination of the complicated often conflicted relationship between classical studies and psychoanalytic theory the volume aims to explain why the concept of the unconscious is in fact inseparable from and crucial for the study of the ancient text and more generally the methodology of classical philology
