Linus Pierpont Brockett,2015-07-07 Excerpt from The Conquest of Turkey Or the Decline and Fall of the Ottoman Empire 1877 8 Deeming no apology necessary in offering the present volume to the public either in respect to its subject or our method of presenting it our preface is designed simply to invite attention to some facts and features of the work Early last summer Dr L P Brockett published an interesting work The Cross and the Crescent as an introduction to a history of the war then but just begun When the time came for writing the history however that gentleman for reasons of health and the pressure of other engagements relinquished his purpose Believing that a concise and reliable history would prove of value

and interest to Americans we have undertaken to compile and write one It will be observed that we have prefixed the substance of Dr Brockett s work to our history omitting only those passages which did not appear strictly germane to an introduction The first eight chapters and the biographies are abridged from the former work the succeeding chapters are ours We do not claim that the work is original in the same sense or to the same extent that we should make a treatise or an essay original for instance inasmuch as we were not an eye witness of the battles or historic events narrated we have necessarily obtained our facts at secondhand But on the other hand we have not blindly copied or heedlessly followed the accounts of any one authority but have critically examined every accessible newspaper magazine pamphlet and book in which information was to be obtained comparing one with the others and when possible discriminating between the several correspondents and other writers and between the stated facts and the opinions and suppositions of each About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Tulipomania Mike Dash, 2010-02-10 A vivid narration of the history of the tulip from its origins on the barren windswept steppes of central Asia to its place of honor in the lush imperial gardens of Constantinople to its starring moment as the most coveted and beautiful commodity in Europe In the 1630s visitors to the prosperous trading cities of the Netherlands couldn t help but notice that thousands of normally sober hardworking Dutch citizens were caught up in an extraordinary frenzy of buying and selling The object of this unprecedented speculation was the tulip a delicate and exotic Eastern import that had bewitched horticulturists noblemen and tavern owners alike For almost a year rare bulbs changed hands for incredible and ever increasing sums until single flowers were being sold for more than the cost of a house Historians would come to call it tulipomania It was the first futures market in history and like so many of the ones that would follow it crashed spectacularly plunging speculators and investors into economic ruin and despair This colorful cast of characters includes Turkish sultans Yugoslav soldiers French botanists and Dutch tavern keepers all centuries apart historically and worlds apart culturally but with one thing in common tulipomania
