The Devil in Los Angeles , 2011-07-01 Have you ever wondered why things are so bad in Los Angeles Why is everything so irritating Why are the lines so long Why is everyone so selfish and immature If you spend your time asking questions like these then you should meet the person responsible Barlaam Smith is the devil assigned to Southern California He has been so successful that he has worked himself out of a job The people in his area are now so bad that he doesn't have to do a thing and his statistics are still incredible In fact many Angelinos could do his job better than he could on his best or worst day Through his work in media and other modern means the city does his work automatically So he's bored and has begun to question himself He's been pretending to be a human for ages so the longer he stays on Earth the more human he becomes while all around him we humans become less so What can he do **One O'clock Jump** Douglas H. Daniels, 2007-02-15 The Blue Devils have received very little attention from jazz historians though the band members and the writer Ralph Ellison who sometimes sat in with them spoke with conviction about their sterling musicianship and their legendary ability to defeat all competitors in battles of the bands Chronicling the ten years the band was officially together Douglas Daniels delves into

the potent social and cultural history of the 1920s and the Depression to show the era's influence on the group's founding as well as on the players' careers

Walking with Legends Mick Burns, 2007-10 Drummer, record producer, bandleader, jazz researcher, and cigar chomping raconteur Barry Martyn is a New Orleans original who happens to have been born in England. Implausible though this may seem, it makes perfect sense to members of the New Orleans traditional jazz community who view themselves as an extended family based on merit as much as nativity. For more than forty years, Martyn has been a fixture in the Crescent City's jazz scene, laying down the beat for generations of celebrated musicians and avidly promoting the city's unique musical heritage around the world. In *Walking with Legends*, based on over forty hours of interviews with Martyn by fellow British jazz enthusiast and author Mick Burns, Martyn reflects upon his life in jazz and offers a window into a musical world that few have understood, let alone witnessed from the inside. At the age of nineteen, jazz fanatic Martyn found his way to the Crescent City and began working as a professional drummer in clubs and studios. The first white man in the United States to join a black musician's union, he eventually started his own record label and recorded hundreds of jam sessions that today are regarded as classics in Europe. In 1972, he formed the Legends of Jazz, an old style New Orleans jazz band that toured the world and took New Orleans jazz into the American showbiz mainstream. Martyn's life story provides unique, intimate glimpses of a vanished generation of New Orleans musicians, including Louis Armstrong, Kid Sheik, Cola Harold, Dejan, Joe Watkins, Albert Nicholas, Kid Thomas, Andrew Blakeney, and many others. Throughout his chronicle, Martyn highlights the continual clash of cultures that arose from an avid British pupil learning lessons of life and music from elderly African American strangers who take him under their wing, both out of curiosity and self-interest. Together, they find a way to connect through music, even if the road gets a little bumpy at times. A standard bearer for New Orleans's jazz drumming tradition, Martyn remains one of the city's busiest musicians and most avid promoters of New Orleans music. In *Walking with Legends*, he honors the legacies of the African American musicians who taught and inspired him and affirms the importance of the human relationships that make the music possible.

The Jazz of the Southwest Jean A. Boyd, 2010-01-01 They may wear cowboy hats and boots and sing about faded love, but western swing musicians have always played jazz. From Bob Wills and the Texas Playboys to Asleep at the Wheel, western swing performers have played swing jazz on traditional country instruments with all of the required elements of jazz and some of the best solo improvisation ever heard. In this book, Jean A. Boyd explores the origins and development of western swing as a vibrant current in the mainstream of jazz. She focuses in particular on the performers who made the music, drawing on personal interviews with some fifty living western swing musicians. From pioneers such as Cliff Bruner and Eldon Shamblin to current performers such as Johnny Gimble, the musicians make important connections between the big band swing jazz they heard on the radio and the western swing they created and played across the Southwest, from Texas to California. From this first-hand testimony, Boyd re-creates the world of western swing: the dance halls, recording studios, and live radio shows that broadcast the music to an enthusiastic listening

audience Although the performers typically came from the same rural roots that nurtured country music their words make it clear that they considered themselves neither hillbillies nor country pickers but jazz musicians whose performance approach and repertory were no different from those of mainstream jazz This important aspect of the western swing story has never been told before *Carnival* Milla Cozart Riggio,2004-10-14 This beautifully illustrated volume features work by leading writers and experts on carnival from around the world and includes two stunning photo essays by acclaimed photographers Pablo Delano and Jeffrey Chock Editor Milla Cozart Riggio presents a body of work that takes the reader on a fascinating journey exploring the various aspects of carnival its traditions its history its music its politics and prefaces each section with an illuminating essay Traditional carnival theory based mainly on the work of Mikhail Bakhtin and Victor Turner has long defined carnival as inversive or subversive The essays in this groundbreaking anthology collectively reverse that trend offering a re definition of carnival that focuses not on the hierarchy it temporarily displaces or negates but a one that is rooted in the actual festival event Carnival details its new theory in terms of a carnival that is at once representative and distinctive The Carnival of Trinidad the most copied yet least studied major carnival in the world **Federal Register** ,1983-12-19 *Dictionary of the English/Creole of Trinidad & Tobago* Lise Winer,2009-01-16 Using the historical principles of the Oxford English Dictionary Lise Winer presents the first scholarly dictionary of this unique language The dictionary comprises over 12 200 entries including over 4500 for flora and fauna alone with numerous cross references Entries include definitions alternative spellings pronunciations etymologies grammatical information and illustrative citations of usage Winer draws from a wide range of sources newspapers literature scientific reports sound recordings of songs and interviews spoken language to provide a wealth and depth of language clearly situated within a historical cultural and social context
