Gerald Mclsaac

The Dictatorship Of The Proletariat:

On the Dictatorship of the Proletariat Etienne Balibar, 1977 No one and nothing not even the Congress of a Communist Party can abolish the dictatorship of the proletariat That is the most important conclusion of this book by Etienne Balibar Balibar spells out his reasoning against the background of the 22nd Congress of the French Communist Party which decided to drop the aim of the dictatorship of the proletariat and to substitute the objective of a democratic road to socialism His concrete references are therefore usually to arguments put forward within the French Party But it is quite obvious that the significance of this book is much wider not least because in spite of the important political and economic differences separating the nations of western Europe many of their Communist Parties are evolving in an apparently similar ideological direction and indeed appear to be borrowing arguments from one another in support of their new positions **The Dictatorship of the Proletariat** Lev Borisovich Kamenev, 1920 *The Dictatorship of the Proletariat* Karl Kautsky, 1981 Kautsky's assault on the dictatorship of the proletariat as practiced by the Bolsheviks after the Russian Revolution is one of the most remarkable and controversial documents in the history of Marxism Written in 1918 it brought attacks from Trotsky and Bukharin and provoked Lenin to Write *The Proletarian Revolution and Renegade Kautsky* *The Dictatorship of the Proletariat* Vadim Aleksandrovich Bystrianskii, 1936 Consists of a collection of articles and extracts Systematically compiled by V Bystryansky and M Mishin Page 5 *The Dictatorship of the Proletariat* John Ehrenberg, 1992 Offers an analysis of Marx's controversial theory of the dictatorship of the proletariat arguing that it can no longer be displaced or ignored as the viable democratic centre of Marxist political thought The book traces the development of the theory from the early work of Marx and Engels to 1924 **Occupy Movement and the Dictatorship of the Proletariat** Gerald McIsaac, 2015-08-14 The occupy movement that is currently sweeping the world is in fact a spontaneous revolutionary movement and lacks direction as the working class the 99 percent is not aware of itself as a class This book attempts to bring to the 99 percent the proletariat the awareness of itself as a class and its historical destiny of overthrowing the capitalist class the 1 percent creating a socialist state for the benefit of the vast majority and subsequently crushing the desperate and determined resistance of the 1 percent through the dictatorship of the proletariat **Dictatorship of Proletariat** Hal Draper, 1987 *The Dictatorship of the Proletariat.
