**Jason Colavito**

## Supernatural In Tragedy:

**The Supernatural in Tragedy** Charles Edward Whitmore, 1915  
Whitmore, 2014-03 This Is A New Release Of The Original 1915 Edition  
Whitmore, 2014-04-03 This historic book may have numerous typos and missing text Purchasers can download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1915 Excerpt THE ELIZABETHAN AGE IN ENGLAND Section I Seneca In England We have seen from our survey of the medieval drama in England that it achieved a serious and artistically satisfying method of dealing with the supernatural and furthermore that the tradition thus established lasted until newer forms of drama were definitely replacing the old and was never brusquely abandoned In tracing the historical sequence of our subject we are justified in leaving the moralities aside since by their very nature they lacked the possibility of attaining that contrast necessary to the effective use of the supernatural The abstractions which take part in the moralities are all on the same plane and differentiation only leads to the accentuating of the human characters in other words toward comedy of manners Considering then the miracle plays as the source of the native method in the dramatic handling of the supernatural we have to note that such material as they afforded for treatment was of essentially foreign origin consisting as it did of the hierarchy of supernatural figures which Christianity had introduced The method by which such figures are presented may fairly be called native in view of the contrast it offers to similar methods on the Continent but the figures themselves are not so Yet outside the strictly religious circle lay a great body of lore concerning the supernatural which must have largely shaped popular conceptions in such matters and in time reacted on the drama itself We cannot in the space here available more than allude to these popular traditions but a word on their possible relations to the general English attitude is in place In the blending of races which ultimately produced the England that is an individual nation two strains a SUPERNATURAL IN TRAGEDY Charles Edward Whitmore, 2016-08-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Fashions in the Use of the Supernatural in Tragedy from 600 B.C. to 1616* Leona L. Burr, 1940 **(The) Supernatural in Shakespearean Tragedy ...** Mary

Mackinnon Bagley,1932      **The Journal of English and Germanic Philology** ,1918      "A Hideous Bit of Morbidity" Jason Colavito,2012-04-23 Horror fiction stormed the bestseller lists with classics like Rosemary's Baby and The Exorcist setting the stage for Stephen King's worldwide popularity but the genre has literary roots going back centuries This collection provides insight into the way classic horror texts were received interpreted and discussed by the first generations to experience them ideas that continue to define the way modern society views horror Each reprinted article review or critical essay is prefaced with an introduction and explanatory notes to put the work in context The book also includes an overview of horror criticism a publication timeline and period photographs and illustrations      Exorcism and Its Texts Hilaire Kallendorf,2003-12-15 Exorcism and demonic possession appear as recurrent motifs in early modern Spanish and English literatures In Exorcism and Its Texts Hilaire Kallendorf demonstrates how this infection was represented in some thirty works of literature by fifteen different authors ranging from canonical classics like Shakespeare Cervantes Ben Jonson and Lope de Vega to obscure works by anonymous writers From comic and tragic drama to picaresque narrative and eight other genres possession worked as a paradigm through which authors could convey extraordinary experience including not only demonic possession but also madness or even murder The devil was thought to be able to enter the bodily organs and infect memory imagination and reason Some came to believe that possession was tied to enthusiasm poetic frenzy prophecy and genius Authors often drew upon sensational details of actual exorcisms In some cases such as in Shakespeare curing the body and the body politic meant affirming cultural authority in others as with Zamora it clearly meant subverting it Drawing on the disciplines of literary theory and history Exorcism and its Texts is the first comprehensive study of this compelling topic      **The Supernatural in Tragedy, by Charles Edward Whitmore** Charles Edward Whitmore,1915

## The Enigmatic Realm of **Supernatural In Tragedy**: Unleashing the Language is Inner Magic
