Superstitions about Animals Frank Gibson, 2019-01-31 Frank Gibson's *Superstition About Animals* is a fine collection of various folklore about animals. From bees and birds to fantastic creatures like the basilisk and sea serpents, it combines poetry and religious scriptures with then-modern scientific asides in its treatment of the animal world. Less dense than some similar and contemporary works, its skepticism towards superstition in general is counterbalanced by its tacit acceptance of some cryptozoological claims. Nature Notes, 1905
