Realism in Alexandrian Poetry Graham Zanker, 2024-10-31 The poetry of Alexandria under the first three Ptolemies represents a second golden age of Greek literature The eminence grise of poetic circles was Callimachus whose poetic manifesto in favour of small scale meticulously detailed and mannered works was to be of great influence on Augustan poetry in Rome The stylistic aims of the Alexandrian poets have been much discussed as has their reliance on literary tradition First published in 1987 Realism in Alexandrian Poetry covers less familiar ground Taking the whole canon of Alexandrian poetry as his starting point Dr Zanker surveys the use of the realistic mode in works like The Idylls of Theocritus were these real shepherds including such matters as the humorous elements of Callimachus Hymns the love story in Apollonius Argonautica and the low life sketches of epyllia like Hecale as well as the Mimes of Herodas The striving for realism and minute detail is set in the context of the admiration of pictorialism in the plastic arts the new valuation of science as a measure of human experience and the deliberate mingling of high and low genres All this is in turn placed in the cultural context of early Alexandria Few books take the whole of Alexandrian poetry as their canvas This one which does will be as valuable a study of the Alexandrian poets as it will be a forceful contribution to literary criticism

Virgil's Augustan Epic Francis Cairns, 1989-03-16 An examination of the main characters in the Aeneid Aeneas himself Dido and Turnus in the light of Virgil's contemporary Augustan political and literary ideology The characters and the plot and incident of the epic are seen as embodying and exemplifying first the ancient ideals of kingship and concord and second the Roman self identification as at once Italian and Trojan and finally as reflecting the literary self evaluation of the Augustan age In the literary area Virgil's relations with contemporary Roman elegy with early Greek lyric and most important with Homer are studied and reevaluated Virgilian scholars and students of Augustan literature in general will find this book of interest to them

Aristophanes Thesmophoriazusae Colin Austin, S. Douglas Olson, 2004-10-01 Thesmophoriazusae was performed in Athens in 411 BCE most likely at the City Dionysia and is among the most brilliant of Aristophanes eleven surviving comedies It is the story of the crucial moment in a quarrel between the tragic playwright Euripides and Athens women who accuse him of slandering them in his plays and are holding a meeting at one of their secret festivals to set a penalty for his crimes Thesmophoriazusae is a brilliantly inventive comedy full of wild slapstick humour and devastating literary parody and is a basic source for questions of gender and sexuality in late 5th century Athens and for the popular reception of Euripidean tragedy Austin and Olson offer a text based on a fresh examination of the papyri and manuscripts and a detailed commentary covering a wide range of literary historical and philological issues The introduction includes sections on the date and historical setting of the play the Thesmophoria festival Aristophanes handling of Euripidean

tragedy staging Thesmophoriazousae II and the history of modern critical work on the text All Greek in the introduction and commentary not cited for technical reasons is translated **Human Sacrifice in Ancient Greece** Dennis D.

Hughes,2013-01-11 Numerous ancient texts describe human sacrifices and other forms of ritual killing in 480 BC Themistocles sacrifices three Persian captives to Dionysus human scapegoats called pharmakoi are expelled yearly from Greek cities and according to some authors they are killed Locrin girls are hunted down and slain by the Trojans on Mt Lykaion children are sacrificed and consumed by the worshippers and many other texts report human sacrifices performed regularly in the cult of the gods or during emergencies such as war and plague Archaeologists have frequently proposed human sacrifice as an explanation for their discoveries from Minoan Crete children s bones with knife cut marks the skeleton of a youth lying on a platform with a bronze blade resting on his chest skeletons sometimes bound in the dromoi of Mycenaean and Cypriot chamber tombs and dual man woman burials where it is suggested that the woman was slain or took her own life at the man s funeral If the archaeologists interpretations and the claims in the ancient sources are accepted they present a bloody and violent picture of the religious life of the ancient Greeks from the Bronze Age well into historical times But the author expresses caution In many cases alternative if less sensational explanations of the archaeological are possible and it can often be shown that human sacrifices in the literary texts are mythical or that late authors confused mythical details with actual practices Whether the evidence is accepted or not this study offers a fascinating glimpse into the religious thought of the ancient Greeks and into changing modern conceptions of their religious behaviour **Broken Laughter** S. Douglas Olson,2007-05-17 A collection of over 200 of the most interesting and important fragments of Greek comedy accompanied by a commentary an extensive introduction discussing the history of comic genre a series of appendixes on the individual poets the inscriptional evidence and the like and a complete translation of the fragments Individual sections illustrate the earliest Greek comedy from Syracuse the characteristic features of Athenian Old Middle and New Comedy the comic presentation of politicians philosophers and women the comic reception of other poetry and many aspects of daily life including dining and symposia
