Support For The American Welfare State The Views Of Congress And The Public:

Support for the American Welfare State Fay Lomax Cook, Edith J. Barrett, 1992 The results of a survey of attitudes of both the public and members of the U S House of Representatives about Social Security Supplemental Security Income Medicare Medicaid Aid to Families with Dependent Children Food Stamps and Unemployment Compensation **Support for the**

American Welfare State Fay Lomax Cook, Edith J. Barrett, 1992 This edition reveals the results of a survey of attitudes of both the public and members of the U S House of Representatives about Social Security Supplemental Security Income Medicare Medicaid Aid to Families with Dependent Children Food Stamps and Unemployment Compensation *The Oxford Handbook of U.S. Social Policy* Daniel Béland, Christopher Howard, Kimberly J. Morgan, 2015 The American welfare state has long been a source of political contention and academic debate This Oxford Handbook pulls together much of our current knowledge about the origins development functions and challenges of American social policy After the Introduction the first substantive part of the handbook offers an historical overview of U S social policy from the colonial era to the present This is followed by a set of chapters on different theoretical perspectives available for understanding and explaining the development of U S social policy The three following parts of the volume focus on concrete social programs for the elderly the poor and near poor the disabled and workers and families Policy areas covered include health care pensions food assistance housing unemployment benefits disability benefits workers compensation family support and programs for soldiers and veterans The final part of the book focuses on some of the consequences of the U S welfare state for poverty inequality and citizenship Many of the chapters comprising this handbook emphasize the disjointed patterns of policy making inherent to U S policymaking and the public private mix of social provision in which the government helps certain groups of citizens directly e g social insurance or indirectly e g tax expenditures regulations The contributing authors are experts from political science sociology history economics and other social sciences **The Presidency and Economic Policy** Chris J.

Dolan, John P. Frendreis, Raymond Tatalovich, 2008 The Presidency and the Economic Policy offers an update on how economic issues have developed and evolved since the first version of the book was published in 1994 This book addresses the extent to which the president influences the domestic and global economy manages and coordinates the economic policymaking process and determines various economic issues on the national public policy agenda **The Political Life of**

Medicare Jonathan Oberlander, 2003-06 In recent years bitter partisan disputes have erupted over Medicare reform Democrats and Republicans have fiercely contested issues such as prescription drug coverage and how to finance Medicare to absorb the baby boomers As Jonathan Oberlander demonstrates in The Political Life of Medicare these developments herald the reopening of a historic debate over Medicare s fundamental purpose and structure Revealing how Medicare politics and policies have developed since Medicare s enactment in 1965 and what the program s future holds Oberlander s timely and accessible analysis will interest anyone concerned with American politics and public policy health care politics

aging and the welfare state **Ambivalence, Politics and Public Policy** S. Craig, M. Martinez, 2016-04-30 Exploring the extent and nature of attitudinal ambivalence on public policy issue these essays by distinguished scholars of public opinion examine citizens conflicting attitudes about abortion gay rights environmental protection and property rights crime and the police and church state relations Linking ambivalence with a complex structure of belief the contributors link the effects of ambivalence on information processing the formation of policy preferences and the impact of those policy preferences on voters decisions Using multiple approaches to measurement and research design this volume helps build a sturdy foundation of knowledge about the phenomenon of ambivalence and its effects on politics The concluding chapter provides an overview of our progress in understanding the effects of ambivalence on public opinion *Navigating Public Opinion* Jeff Manza, Fay Lomax Cook, Benjamin I. Page, 2002-09-05 Do politicians listen to the public How often and when Or are the views of the public manipulated or used strategically by political and economic elites *Navigating Public Opinion* brings together leading scholars of American politics to assess and debate these questions It describes how the relationship between opinion and policy has changed over time how key political actors use public opinion to formulate domestic and foreign policy and how new measurement techniques might improve our understanding of public opinion in contemporary polling and survey research The distinguished contributors shed new light on several long standing controversies over policy responsiveness to public opinion Featuring a new analysis by Robert Erikson Michael MacKuen and James Stimson that builds from their pathbreaking work on how public mood moves policy in a macro model of policymaking the volume also includes several critiques of this model by Lawrence Jacobs and Robert Shapiro another critique by G William Domhoff and a rejoinder by Erikson and his coauthors Other highlights include discussions of how political elites including state level policymakers presidents and makers of foreign policy use or shape public opinion and analyses of new methods for measuring public opinion such as survey based experiments probabilistic polling methods non survey based measures of public opinion and the potential and limitations of Internet polls and surveys Introductory and concluding essays provide useful background context and offer an authoritative summary of what is known about how public opinion influences public policy A must have for all students of American politics public opinion and polling this state of the art collection addresses issues that lie at the heart of democratic governance today *New Directions in Public Opinion* Adam J. Berinsky, 2015-12-21 The field of public opinion is one of the most diverse in political science Over the last 60 years scholars have drawn upon the disciplines of psychology economics sociology and even biology to learn how ordinary people come to understand the complicated business of politics But much of the path breaking research in the field of public opinion is published in journals taking up fairly narrow questions one at a time and often requiring advanced statistical knowledge to understand these findings As a result the study of public opinion can seem confusing and incoherent to undergraduates To engage undergraduate students in this area a new type of textbook is required The second edition of *New Directions in Public Opinion* brings together leading scholars to

provide an accessible and coherent overview of the current state of the field of public opinion Each chapter provides a general overview of topics that are at the cutting edge of study as well as well established cornerstones of the field Each contributor has made substantive revisions to their chapters and three chapters have been added on genetics and biology immigration and political extremism and the Tea Party Suitable for use as a main textbook or in tandem with a lengthier survey this book comprehensively covers the topics of public opinion research and pushes students further to explore critical topics in contemporary politics

The Delegated Welfare State Kimberly J. Morgan, Andrea Louise Campbell, 2011-10-01

Why are so many American social programs delegated to private actors And what are the consequences for efficiency accountability and the well being of beneficiaries The Delegated Welfare State examines the development of the American welfare state through the lens of delegation how policymakers have avoided direct governmental provision of benefits and services turning to non state actors for the governance of social programs Utilizing case studies of Medicare and the 2009 10 health care reform Morgan and Campbell argue that the prevalence of delegated governance reflects the powerful role of interest groups in American politics the dominance of Congress in social policymaking and deep contradictions in American public opinion Americans want both social programs and small government leaving policy makers in a bind Contracting out public programs to non state actors masks the role of the state and enlists private allies who push for passage Although delegated governance has been politically expedient enabling the growth of government programs in an anti government political climate it raises questions about fraud abuse administrative effectiveness and accountability In probing both the causes and consequences of delegated governance The Delegated Welfare State offers a novel interpretation of both American social welfare politics and the nature of the American state

Inequalities and Disparities in Health Care and Health Jennie J. Kronenfeld, 2008 Deals with the topic of health inequalities and health disparities This book examines racial and ethnic inequalities and disparities It focuses on consumers and topics of health care disparities It also focuses on issues related to substance abuse mental health and related concerns
