Surfs Up The Beach Boys On Record 1961-1981:

Surf's Up: Brian Wilson and The Beach Boys Peter Doggett, 2025-11-06 Capturing all the pain and glory of this incredible family saga *Surf's Up* is the definitive tribute to a remarkable band and the genius who made it all possible If any man in pop history deserved the tag of genius it was Brian Wilson As leader producer and chief composer of the Beach Boys he displayed an instinctive command of melody harmony and arranging skills The result was a run of hits that included many of the most sparkling and creative records of the 1960s But there was a dark side to this seemingly effortless success rooted in his tortured family background No sooner had Brian masterminded such gems as the *Pet Sounds* album and *Good Vibrations* than his psychological demons began to derail his life The Beach Boys were left struggling for survival grasping for salvation from such bizarre figures as TM guru the Maharishi and cult leader Charles Manson Their story could have ended there but somehow the band survived Ahead lay decades of trauma triumph and tragedy as the band members all developed as songwriters but also found themselves increasingly at odds with each other Through it all the music survived as Brian's younger brother Dennis Wilson emerged as an equally creative but troubled presence *Surf's Up* sees lifelong Beach Boys fan Peter Doggett capture all the glory and pain of this complex family saga He celebrates the band's array of musical gems and also explores many of their passionate obsessions from surfing and cars to politics and food Filled with drama and pathos *Surf's Up* is the ultimate tribute to a remarkable band and the genius who made it all possible *The Beach Boys*,

Smucker,2018-10-02 An excellent introduction to the band that might have evolved the author suggests into the Beatles New York Journal of Books Of all the white American pop music groups that hit the charts before the Beatles only the Beach Boys continued to thrive throughout the British Invasion to survive into the 1970s and beyond The Beach Boys helped define both sides of the era we broadly call the sixties split between their early surf car and summer pop and their later hippie counterculture and ambitious rock No other group can claim the Ronettes and the Four Seasons as early 1960s rivals the Mamas and the Papas and Crosby Stills and Nash as later 1960s rivals and the Beatles and the Temptations as decade spanning counterparts This is the first book to take an honest look at the themes running through the Beach Boys art and career as a whole and to examine where they sit inside our culture and politics and why they still grab our attention

Smile: The Story of Brian Wilson's Lost Masterpiece Domenic Priore,Brian Wilson, Van Dyke Parks,2005-03-07 Smile has become one of the most unavoidable legends of rock n roll folklore and in this searching examination Domenic Priore presents the true story behind the album s 40 year conception Work on Smile began hot on the heels of the ground breaking Pet Sounds when Brian Wilson collaborated with Van Dyke Parks to create a musical story of America However production would famously collapse under a tide of internal fighting record business chicanery and Brian s own health problems In this unique account Domenic Priore interviews all the main players and documents every aspect of the Smile experience from its troubled inception to Wilson s brave attempt to finish what he started in 2005 The book includes detailed accounts of studio work the triumphant live shows in Europe and the US and a host of exclusive photos from photographer Guy Webster

The Beach Boys FAQ Jon Stebbins,2011-09-01 Book A half century after their first single release Surfin the Beach Boys continue to define California popular culture and the sunshine infused sound that will forever be its living soundtrack But beyond innocent harmonies touting the delights of catching waves and cruising to the drive in the Beach Boys are responsible for some of the most sophisticated pop rock music ever made Brian Wilson s acclaimed production the 1966 LP Pet Sounds was both a creative triumph that inspired The Beatles best work and a commercial disappointment that was widely misunderstood by the band s U S fans The Beach Boys followed that with perhaps the

greatest three minute rock single ever Good Vibrations which wowed the critics was a worldwide number one hit and ushered Brian Wilson down the path of substance abuse and mental illness Brian then leapt into the abstract madness of Smile his epic psychedelic masterpiece that was ultimately scrapped in a 1967 sea of paranoia that nearly drowned the Beach Boys as an act As the 1970s dawned the endless summer of nostalgia designated the Beach Boys as its favorite sons They recorded a critically lauded string of albums even while coping with the knowledge that their creative leader Brian Wilson had become a semipermanent recluse and a casualty of his own excess Still the Beach Boys continued through controversy conflict and death rising again and again to find more popularity and more commercial peaks into the 1980s and beyond As the new millennium unfolds the Beach Boys are still here and continue to be a popular concert attraction and one of rock s most compelling and important stories In The Beach Boys FAQ Jon Stebbins explains how the band impacted music and pop culture This entertaining fast moving tome is accompanied by dozens of rare images making this volume a must have for fans

The Vinyl Countdown Travis Elborough, 2009-03-31 VINYL MAY BE FINAL NAIL IN CD'S COFFIN ran the headline in a Wired magazine article in October 2007 Ever since the arrival of the long playing record in 1948 the album has acted as the soundtrack to our lives Record collections even on a CD or iPod are personal treasures revealing our loves errors in judgment and lapses in taste In The Vinyl Countdown Travis Elborough explores the way in which particular albums are deeply embedded in cultural history or so ubiquitous as to be almost invisible While music itself has experienced several different movements over the past sixty years the album has remained a constant But the way we listen to music has changed in the last ten years In the age of the iPod when we can download an infinite number of single tracks instantaneously does the concept of the album mean anything Elborough moves

chronologically through relevant periods letting the story of the LP certain genres youth cults and topics like sleeve designs shops drugs and education unfurl as he goes along The Vinyl Countdown is a brilliant piece of popular history an idiosyncratic tribute to a much loved part of our shared consciousness and a celebration of the joy of records
