Reichel, 2019-07-08 A definitive resource for understanding such far-reaching and often interconnected crimes as cyber theft, drug trafficking, human smuggling, identity theft, wildlife poaching, and sex tourism. While many international corporations have benefited from the global economy and distribution of information, globalization has also had serious negative consequences. This important reference work offers students and general readers a critical understanding of how technology, governments, political unrest, war, and economic strife contribute to an increase in global crime. This A-Z encyclopedia covers key people, events, and organizations and includes key documents that will help readers to understand the numerous problems created by the many transnational crimes that are growing in severity and frequency around the world. Entries address perpetrators and their methods, victims, who really profits, and law enforcement responses. In addition to cyber theft and sales of weapons and narcotics, the set provides a detailed look at global crimes not typically covered, such as corruption, fraudulent medicine, illegal sports betting, organ trafficking, maritime piracy, trafficking in cultural property, and wildlife and forest crime. Although some historical events and people are included, the focus is on recent and contemporary topics. *CRIME AND PUNISHMENT*, 2020-06-05 Story on a very relevant topic on which debates after debates are on as whether death sentence is a deterrent to crimes such as Rape and Murder. Dilip Kulkarni, a medical student doing his m.s. Surgery, and Anita Ghanekar, a student of Arts, become friends by chance and their common interest in music. Their families become friends too. With the consent of their parents, Dilip and Anita start dating each other to get to know more about each other with a marriage in view. During one of their outings while they were returning on Dilip's bike, they are witness to an incident which they brush aside as quarrel between people living in shanties. However, the incident turns out to be a Rape and Murder case as reported in the media the next day. During the incident, Anita had seen the Rapist's face clearly in the head light of the bike. She had sketched it on returning home more as a test of her skill. The couple, feeling extremely guilty about not being able to save the victim, having been witness to the incident and at the same time not being able to go to the police for possible repercussion, decide to post the sketch copy to the police, who think they have some lead but are skeptical at the same time if it could be a red herring. The rapist is accidentally discovered during a planned visit to the victim's parents by Dilip and Anita. Dilip and Anita both feel that passing the information to the police again may have repercussions and even if caught and punished with death sentence, it would be more a reward than punishment as the criminal would RIP. Dilip therefore decides to do an orchiectomy on the criminal and render him incapable of such heinous act. The story is all about how the police discovers the criminal and the surgeon and a surprise end to the story.
