

Infrastructural Poetics

Timo Müller

The modern era is characterized by the emergence of pervasive global infrastructures: traffic systems, electrical grids, resource cycles, information channels. Many of these infrastructures are designed to be overlooked. Built underground or often hidden, they are accompanied by discourses that legitimize and normalize them so that they become part of their users' mental routines.¹ Literature has not merely depicted this increasingly infrastructured world but has been shaped by it on several levels. This can best be seen in the paradigmatic genre of the modern era: the novel. The modern novel emerges in the eighteenth century and comes into its own in the age of industrialization, whose infrastructures—urban architecture, railroads, coal mines, alienated labor—are among its main thematic resources.

Numerous scholars have examined the representation of particular infrastructures in particular novels, writers, or periods, while others have traced the infrastructures that sustain the production and distribution of literature. It was not until the early twenty-first century, however, that the concept of infrastructure itself received sustained attention in literary studies.² This infrastructural perspective can build on discussions of the "poetic" dimension of infrastructure in the social sciences. The anthropologist Brian Larkin locates this poetic dimension in the symbolic surplus of spectacular infrastructure; Lauren Berlant locates it in the creative capacity infrastructure unfolds in interrelating otherwise disparate elements.³

The Poetics Of Protest Literary Form And Political Implication In The Victim Of Society Novel:

The Politics of Story in Victorian Social Fiction Rosemarie Bodenheimer, 2019-01-24 The most telling expression of the politics of a novel Rosemarie Bodenheimer asserts lies not in its proclaimed social intent its continuity with nonfictional discourse or its truth to class experience but in the models of social movement and transformation traced out in the thread of its narrative The Politics of Story in Victorian Social Fiction explores the story patterns and other narrative conventions through which the industrial or social problem novel gives fictional shape to questions that were experienced as new unpredictable and troubling in the Victorian age Bodenheimer considers novels explicitly linked with the condition of England debates that preoccupied public minded Victorians narratives that confront such topics as the factory system industrial and rural poverty working class politics and the plight of women Grouping well known novels with less frequently read works according to shared narrative patterns Bodenheimer delineates lines of influence argument and development within the subgenre of social fiction Among the works she discusses are Charlotte Bronte s Shirley Elizabeth Gaskell s North and South two novels by Frances Trollope Geraldine Jewsbury s Marian Withers George Eliot s Felix Holt the Radical Charles Dickens s Oliver Twist and Benjamin Disraeli s Sybil

Literature and Journalism in Antebellum America M. Canada, 2011-04-11 Explores the sibling rivalry that emerged in the American literary marketplace in the decades after the advent of the penny press showing how journalism became a target a counterpoint and even a model for numerous American authors including Thoreau Cooper Poe and Stowe

Radical Representations Barbara Foley, 1993 In this revisionary study Barbara Foley challenges prevalent myths about left wing culture in the Depression era U S Focusing on a broad range of proletarian novels and little known archival material the author recaptures an important literature and rewrites a segment of American cultural history long obscured and distorted by the anti Communist bias of contemporaries and critics Josephine Herbst William Attaway Jack Conroy Thomas Bell and Tillie Olsen are among the radical writers whose work Foley reexamines Her fresh approach to the U S radicals debates over experimentalism the relation of art to propaganda and the nature of proletarian literature recasts the relation of writers to the organized left Her grasp of the left s positions on the Negro question and the woman question enables a nuanced analysis of the relation of class to race and gender in the proletarian novel Moreover examining the articulation of political doctrine in different novelistic modes Foley develops a model for discussing the interplay between politics and literary conventions and genres Radical Representations recovers a literature of theoretical and artistic value meriting renewed attention from those interested in American literature American studies the U S left and cultural studies generally

Uncle Tom's Cabin Harriet Beecher Stowe, 2009-09-03 Edited by Joseph Pearce Contributors to this volume Dedra McDonald Birzer Mark Canada John J Han

Mary R Reichardt Harriet Beecher Stowe was appalled by slavery and she took one of the few options open to nineteenth century women who wanted to affect public opinion she wrote a novel a huge enthralling narrative that claimed the heart soul and politics of millions of her contemporaries Uncle Tom s Cabin paints pictures of three plantations each worse than the other where even the best plantation leaves a slave at the mercy of fate or debt Her questions remain penetrating even today Can man ever be trusted with wholly irresponsible power First published more than 150 years ago this monumental work is today being reexamined by critics scholars and students Though Uncle Tom has become a synonym for a fawning black yes man Stowe s Tom is actually American literature s first black hero a man who suffers for refusing to obey his oppressors Uncle Tom s Cabin is a living relevant story passionate in its vivid depiction of the cruelest forms of injustice and inhumanity and the courage it takes to fight against them The Ignatius Critical Editions represent a tradition oriented alternative to popular textbook series such as the Norton Critical Editions or Oxford World Classics and are designed to concentrate on traditional readings of the Classics of world literature Whereas many modern critical editions have succumbed to the fads of modernism and post modernism this series will concentrate on tradition oriented criticism of these great works Edited by acclaimed literary biographer Joseph Pearce the Ignatius Critical Editions will ensure that traditional moral readings of the works are given prominence instead of the feminist or deconstructionist readings that often proliferate in other series of critical editions As such they represent a genuine extension of consumer choice enabling educators students and lovers of good literature to buy editions of classic literary works without having to buy into the ideologies of secular fundamentalism The series is particularly aimed at tradition minded literature professors offering them an alternative for their students The initial list will have about 15 20 titles The goal is to release three books a season or six in a year

Dandyism Len Gutkin, 2020-02-26 The dandy a nineteenth century character and concept exemplified in such works as Wilde s *The Picture of Dorian Gray* reverberates in surprising corners of twentieth and twenty first century culture Establishing this character as a kind of shorthand for a diverse range of traits and tendencies including gentlemanliness rebelliousness androgyny aristocratic pretension theatricality and extravagance Len Gutkin traces Victorian aesthetic precedents in the work of the modernist avant garde the noir novel Beatnik experimentalism and the postmodern thriller As defined in the period between the fin de si cle and modernism dandyism was inextricable from representations of queerness But rinsed of its suspect associations with the effeminate dandyism would exert influence over such macho authors as Hemingway and Chandler who harnessed its decadent energy Dandyism Gutkin argues is a species of gendered charisma The performative masquerade of Wilde s decadent dandy is an ancestor to both the gender performance at work in American cowboy lore and the precious self presentation of twenty first century hipsters We cannot understand modernism and postmodernism s negotiation of gender aesthetic abstraction or the culture of celebrity without the dandy Analyzing the characteristic focus on costume consumption and the well turned phrase in readings of figures ranging from Wyndham Lewis

Djuna Barnes and William Burroughs to Patricia Highsmith Bret Easton Ellis and Ben Lerner Dandyism reveals the Victorian dandy s legacy across the twentieth century providing a revisionist history of the relationship between Victorian aesthetics and twentieth century literature **German Encounters with Modernity** Katherine Roper,2023-08-21 The novels of Imperial Berlin comprise a body of material of immense historical richness Their importance as a historical source lies in the intricate connections their authors make between the individual lives of characters a modernizing city and a newly unified nation These connections and the values and assumptions behind them are the focus of this study In creating these connections as fictional representations of their society Berlin novelists not only reflected societal values but also were molding them by contributing to the social discourse in which they evolved Taken together their works constitute a significant piece in the complicated puzzle of how the society of Imperial Germany as it underwent the social and economic upheavals of modernization transformed the rule of traditional elites into new authoritarian forms Using individual works to analyze fictional treatment of a spectrum of problems of nationhood and modernity I argue that Berlin novelists were using their works for two significant social purposes to search for a German identity that spoke to modern realities and to envision a particularly German revolution that would bring genuine national greatness As the young nation matured however these visions became increasingly elusive They were impeded I suggest by specific obstacles including traumatic historical events inherited cultural ideals powerful mythologies social anxieties and political indifference This book documents what Berlin novelists conceived as a struggle for Germany s soul and traces the stages of its defeat Invisible Suburbs Josh Lukin,2008 Were the 1950s an oppressive or a liberating time Some scholars argue that the Red Scare newly institutionalized discrimination against gays and a public discourse saturated with sexism left wounds in American society Others trace the origins of sixties liberation movements to the fifties and celebrate America s postwar prosperity or argue that such new phenomena as rock n roll teenage consumerism and Beat poetry gave Americans a new sense of freedom and identity Invisible Suburbs advances a new synthesis of both views from the perspective of literary scholarship Essayists ask how overlooked literature in the 1950s addressed or anticipated the struggles of disenfranchised groups to receive rights and recognition Scholars analyze the many ways in which the decade s culture stigmatized women minorities and the poor They uncover work that illustrates how groups and individuals challenged or resisted that oppression fiction by authors who sometimes found roots in earlier liberation movements and anticipated later struggles BOOK JACKET Aesthetics and World Politics R. Bleiker,2009-08-28 This book presents one of the first systematic assessments of aesthetic insights into world politics It examines the nature of aesthetic approaches and outlines how they differ from traditional analysis of politics The book explores the potential and limits of aesthetics through a series of case studies on language and poetics *University of Hartford Studies in Literature* ,1989
