The Poetry Of Civic Virtue Eliot Malraux Auden:

The Poetry of Civic Virtue Nathan A. Scott, 1976 Again and again the literary imagination of our time has located the scene and site of the human drama outside the realm of what Martin Buber called the interhuman But there are certain great exceptions to this general pattern and of these Nathan Scott in his latest book holds up three of the most notable examples in the work of T S Eliot Andr Malraux and W H Auden In each of these focal figures he locates an exemplary instance in recent literature of the human world being conceived to be a world of coexistence and he exhibits them as poets Malraux too since his fiction is viewed as essentially a poetic enterprise whose special distinction it is to prompt reflection on the nature of civic virtue From book jacket *Routledge Library Editions: T. S. Eliot* Various Authors, 2022-07-30 This set reissues 10 books on T S Eliot originally published between 1952 and 1991 The volumes examine many of Eliot s most respected works including his Four Quartets and The Waste Land As well as exploring Eliot s work this collection also provides a comprehensive analysis of the man behind the poetry particularly in Frederick Tomlin s T S Eliot A Friendship This set will be of particular interest to students of literature **Nathan Scott's Literary Criticism and Fundamental Theology** William D. Buhrman, 2006 Nathan Scott s Literary Criticism and Fundamental Theology reexamines the pioneering contribution of Nathan A Scott Jr to the field of theology and literature It both recalls Scott s achievement and suggests its continuing value by focusing on the question of Scott s method Rather than following the traditional interpretation of Scott as a literary critic employing Paul Tillich s theology of culture this book proposes that Scott s work is best understood as a form of fundamental theology In doing so it suggests that Scott s work models ways in which literary texts may be appropriately incorporated into theological discourse Publisher s website [The Art of Restraint](#) Richard Hoffpauir, 1991 Richard Hoffpauir argues that the works of the best poets have found ways of not capitulating to contemporary reality and outlines the terms of the debate by setting the weaknesses of Yeats against the strenghts of Hardy Subsequent chapters discuss the nature poetry of Edward thomas the war poetry of Graves Blunden and Gurney the love poetry of Bridges Lawrence and Graves and the political and social verse of Rickword Daryush Betjeman and Larkin [T.S. Eliot](#) Alzina Stone Dale, 2004-10 Alzina Stone Dale gives us an excellent review of T S Eliot s entire career and it has the important virtue of showing how absolutely integral to his poetic achievements were his religious interests It is a critical biography that makes just the right sort of book for marking the centennial of Eliot s birth Nathan A Scott *Transfiguration* Frank Burch Brown, 2018-06-15 Brown proposes a theory of poetic metaphor that attempts to account for literature s complex role in the discovery and creation of significant patterns within both language and life He shows that while poetic and conceptual modes of discover are different they are nevertheless mutually interdependent In particular Brown offers a new view of the way in which theological and metaphysical concepts grow out of and are transfigured by metaphoric expression This view is expressed in a detailed and original analysis of the structure and dynamics of T S Eliot s Four Quartets that lies at the heart of the study Originally
