Bukowczyk, 2017-07-12 In the last rootless decade, families, neighborhoods and communities have disintegrated in the face of gripping social, economic and technological changes. This process has had mixed results. On the positive side, it has produced a mobile, volatile and dynamic society in the United States that is perhaps more open, just and creative than ever before. On the negative side, it has dissolved the glue that bound our society together and has destroyed many of the myths, symbols, values and beliefs that provided social direction and purpose. In *A History of the Polish Americans*, John J.
