The Political Economy of Development Sadig Rasheed, Siyanbola Tomori, 1996 **Toward a Political Economy of Development** Robert H. Bates, 2023-11-15 **The Political Economy of Development and Underdevelopment in Africa** Toyin Falola, Jessica Achberger, 2013-06-07 While Africa is too often regarded as lying on the periphery of the global political arena this is not the case African nations have played an important historical role in world affairs It is with this understanding that the authors in this volume set out upon researching and writing their chapters making an important collective contribution to our understanding of modern Africa Taken as a whole the chapters represent the range of research in African development and fully tie this development to the global political economy African nations play significant roles in world politics both as nations influenced by the ebbs and flows of the global economy and by the international political system but also as actors directly influencing politics and economics It is only through an understanding of both the history and present place of Africa in global affairs that we can begin to assess the way forward for future development *African Political Economy in the Twenty-First Century* Ernest T. Aniche, Stephen N. Azom, Emeka C. Iloh, 2023-09-12 African Political Economy in the Twenty First Century Theories Perspectives and Issues edited by Emeka C Iloh Ernest T Aniche and Stephen N Azom fills the gap in the discourses on African political economy from an African perspective Since the end of colonialism in the second half of the twenty first century a wide ranging debate has opened on the future of African development and the nature and character of its political economy especially as it concerns its web of relationships in the international political and economic system Two decades into the twenty first 21st century the debate still rages on and is likely to continue for a long time This book contributes to the debate by addressing the important question of how African countries can strategically and tactically approach global political economy at multilateral continental and regional levels in view of North South versus South South configurations African Political Economy in the Twenty First Century further suggests how African countries can effectively utilize global forces to Africa s advantage in advancing domestic regional and continental development objectives

Africa's Development in Historical Perspective Emmanuel Akyeampong, Robert H. Bates, Nathan Nunn, James Robinson, 2014-08-11 This edited volume addresses the root causes of Africa s persistent poverty through an investigation of its longue dur e history It interrogates the African past through disease and demography institutions and governance African economies and the impact of the export slave trade colonialism Africa in the world economy and culture s influence on accumulation and investment Several of the chapters take a comparative perspective placing Africa s developments aside other global patterns The readership for this book spans from the informed lay reader with an interest in Africa academics and undergraduate and graduate students policy makers and those in the development world **Developmental Regionalism and the Political Economy of Africa's Integration** Gabila Fohtung Nubong, 2023-05-18 In Developmental Regionalism and the Political Economy of Africa s Integration Gabila Nubong argues that there are opportunities to

transform the continent and the structural nature of its economies Nubong revisits some of the earlier debates of Africa s industrialization and explores avenues of leveraging current opportunities to industrialize by focusing on integrating unbundled global production value chains This book proposes that Africa should shift its development paradigm to pursue a model of regional corporation that combines integration and development objectives together coined as Developmental Regionalism This approach would move African countries up global production value chains with the transformation of their minerals and the diversification of their economies through avenues of industrialization that unbundle production processes and increase servicification of manufacturing Nubong argues that with breaking away from the proverbial resource curse and taking advantage of its demographic dividend and growing economies Africa can chart a different future for itself within a developmental regionalism paradigm
