

# The Political Philosophy Of Rousseau

**Jean-Jacques Rousseau**

## **The Political Philosophy Of Rousseau:**

**The Political Philosophy of Rousseau** Roger D. Masters, 2015-03-08 This book is intended as an equivalent to or substitute for that more reflective reading which Rousseau considered essential to an understanding of his ideas It is designed to complement perusal of the texts themselves and the arrangement is such that chapters on each of Rousseau s major writings can be consulted separately or the commentary may be read through in sequence The author s purpose is not to present a key to Rousseau s political philosophy but rather to explore the works themselves in an effort to reveal Rousseau s system from which the reader may then draw his own conclusions Originally published in 1976 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Political Philosophy of Jean-Jacques Rousseau Mads Qvortrup, 2003 This title presents an overview of Rousseau s work from a political science perspective Was the great theorist of the French Revolution really a conservative The text argues that the author of *The Social Contract* was a constitutionalist closer to Montesquieu and Locke than to revolutionaries

*Jean-jacques Rousseau, Philosophy Collection* Jean-Jacques Rousseau, George Douglas Howard Cole, John Michael Cohen, Eleanor Worthington, 2014-07-23 Jean Jacques Rousseau 1712 1778 was a Genevan philosopher of the 18th century His political philosophy influenced the French Revolution as well as the overall development of modern political sociological and educational thought Rousseau s novel *mile or On Education* is a treatise on the education of the whole person for citizenship His sentimental novel *Julie or the New Heloise* was of importance to the development of pre romanticism and romanticism in fiction Rousseau s autobiographical writings his *Confessions* which initiated the modern autobiography and his *Reveries of a Solitary Walker* exemplified the late 18th century movement known as the Age of Sensibility and featured an increased focus on subjectivity and introspection that later characterized modern writing His *Discourse on the Origin of Inequality* and his *On the Social Contract* are cornerstones in modern political and social thought He argued that private property was conventional and the beginning of true civil society In this book *The Social Contract* Extracts

Discourse on The Origin of Inequality Jean-Jacques Rousseau, 2025-09-23 Originally written in 1754 for an essay competition run by the Dijon Academy of Arts and Sciences *Discourse on the Origin and Basis of Inequality Among Men* by the philosopher Jean Jacques Rousseau is a strikingly original inquiry into politics and human nature The *Discourse* presents a theoretical view of people in a pre social condition and the ensuing effects of civilization Rousseau s sweeping account of humanity s social and political development is one of the most influential and provocative works of the eighteenth century To answer the question What is the origin of inequality among men and is it authorized by the natural law Rousseau addresses

both natural and moral inequality Rousseau argues that moral inequalities of rank wealth and power are the inevitable result of the civilizing process His cynical view of civil society contends that man has strayed from his natural state of individual independence and freedom to satisfy his individual needs and desires Rousseau eloquently shows how inequality robs us not only of our material goods but also our psychological independence While we cannot return to a simpler time measuring the costs of progress may help us imagine alternatives to the corruption and oppressive conformity of modern society in order to recover the peaceful self sufficiency of life

The Social Contract Jean-Jacques Rousseau, George Douglas Howard Cole, J. H. Brumfitt, John Cecil Hall, 2005-01-01 Jean Jacques Rousseau s ideas about society culture and government are pivotal in the history of political thought His works are as controversial as they are relevant today This volume brings together three of Rousseau s most important political writings The Social Contract and The First Discourse Discourse on the Sciences and Arts and The Second Discourse Discourse on the Origin and Foundations of Inequality and presents essays by major scholars that shed light on the dimensions and implications of these texts Susan Dunn s introductory essay underlines the unity of Rousseau s political thought and explains why his ideas influenced Jacobin revolutionaries in France but repelled American revolutionaries across the ocean Gita May s essay discusses Rousseau as cultural critic Robert N Bellah explores Rousseau s attempt to resolve the tension between the individual s desire for freedom and the obligations that society imposes David Bromwich analyzes Rousseau as a psychologist of the human self And Conor Cruise O'Brien takes on the noxious deranged Rousseau excoriated by Edmund Burke but admired by Robespierre and Thomas Jefferson Written from different even opposing perspectives these lucid essays convey a sense of the vital and contentious debate surrounding Rousseau and his legacy

*Of the Social Contract and Other Political Writings* Jean-Jacques Rousseau, 2012-12-24 A lively new translation of Rousseau s best known work accompanied by additional political writings Man is born free and everywhere he is in chains are the famous opening words of Jean Jacques Rousseau s Social Contract a work of political philosophy that has stirred vigorous debate ever since its publication in 1762 Rejecting the view that anyone has a natural right to sovereignty Rousseau argues instead for a pact a social contract that should exist among all the citizens of a state and that should be the source of governing power From this premise he goes on to consider issues of liberty and justice arriving at a view of society that has seemed to some a blueprint for totalitarianism to others a declaration of democratic principles For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

*Rousseau: 'The Social Contract' and Other Later Political Writings* Jean-Jacques Rousseau, 1997-07-24 The work of Jean Jacques Rousseau is presented in two volumes together forming the most comprehensive anthology of Rousseau s political writings in English Volume II contains

the later writings such as *The Social Contract* and a selection of Rousseau's letters on important aspects of his thought. *The Social Contract* has become Rousseau's most famous single work but on publication was condemned by both the civil and the ecclesiastical authorities in France and Geneva. Rousseau fled and it is during this period that he wrote some of his autobiographical works as well as political essays such as *On the Government of Poland*. This 1997 volume like its predecessor contains a comprehensive introduction, chronology and guide to further reading and will enable students to obtain a full understanding of the writings of one of the world's greatest thinkers.

**The Social Contract** Jean-Jacques Rousseau, 1954. With the publication of *The Social Contract* in 1761 Jean-Jacques Rousseau took his place among the leading political philosophers of the Enlightenment. Like his contractarian predecessors Thomas Hobbes and John Locke, Rousseau sought to ground his political theory in an understanding of human nature which he believed to be basically good but corrupted by the conflicting interests within society. Here self-interest degenerated into a state of war from which humanity could only be extricated by the imposition of a contract. As a party to the compact, each individual would find his true interest served within the political expression of the community of man or the general will. What is the content of human nature and how does it compel mankind to come together to create a civil society? What form does this society take? What benefits does it offer its citizens and what must each individual sacrifice to reap its rewards? How does sovereign power manifest itself and what consequences follow for those who choose not to abide by the general will? Does Rousseau's political theory set forth a blueprint for democracy, one that results in equality, universal suffrage and popular sovereignty, or is it a recipe for central state totalitarianism? These are just a few of the complex questions that will confront readers of *The Social Contract*. Whatever their intent or ultimate result, Jean-Jacques Rousseau's views on the state and man's relationship to it have culminated in one of the most powerful and compelling pieces of political philosophy ever written.

Book jacket *Jean-Jacques Rousseau and the 'Well-Ordered Society'* Maurizio Viroli, 1988. This book studies a central but hitherto neglected aspect of Rousseau's political thought: the concept of social order and its implications for the ideal society which he envisages. The antithesis between order and disorder is a fundamental theme in Rousseau's work and the author takes it as the basis for this study. In contrast with a widely held interpretation of Rousseau's philosophy, Professor Viroli argues that natural and political order are by no means the same for Rousseau. He explores the differences and interrelations between the different types of order which Rousseau describes and shows how the philosopher constructed his final doctrine of the just society which can be based only on every citizen's voluntary and knowing acceptance of the social contract and on the promotion of virtue above ambition. The author also shows the extent of Rousseau's debt to the republican tradition and above all to Machiavelli and revises the image of Rousseau as a disciple of the natural law school.

*Rousseau's Rejuvenation of Political Philosophy* Nelson Lund, 2016-09-17. This book reads Jean-Jacques Rousseau with a view toward deepening our understanding of many political issues alive today, including the place of women in society, the viability of traditional family structures, the role of

religion and religious freedom in nations that are becoming ever more secular and the proper conduct of American constitutional government Rousseau has been among the most influential modern philosophers and among the most misunderstood The first great philosophic critic of the Enlightenment he sought to revive political philosophy as it was practiced by Plato and to make it useful in the modern world His understanding of politics rests on deep and often prescient reflections about the nature of the human soul and the relationship between our animal origins and the achievements of civilization This book demonstrates that the implications Rousseau drew from those reflections continue to deserve serious attention

The Political Philosophy Of Rousseau: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have captivated audiences this year. The Political Philosophy Of Rousseau : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
