The Politics Of Antipolitics The Military In Latin America

Peter Kingstone, Deborah J. Yashar

The Politics Of Antipolitics The Military In Latin America:

The Politics of Antipolitics Brian Loveman, Thomas M. Davies, 1997 Latin America is moving toward democracy The region's countries hold elections choose leaders and form new governments But is the civilian government firmly in power Or is the military still influencing policy and holding the elected politicians in check under the guise of guarding against corruption instability economic uncertainty and other excesses of democracy The editors of this work Brian Loveman and Thomas M Davies Jr argue that with or without direct military rule antipolitics persists as a foundation of Latin American politics This study examines the origins of antipolitics traces its nineteenth and twentieth century history and focuses on the years from 1965 to 1995 to emphasize the somewhat illusory transitions to democracy This third edition of *The Politics of Antipolitics* has been revised and updated to focus on the post Cold War era With the demise of the Soviet state and international Marxism the Latin American military has appropriated new threats including narcoterrorism environmental exploitation technology transfer and even AIDS to redefine and relegitimate its role in social economic and political policy The editors also address why and how the military rulers acceded to the return of civilian elected governments and the military's defense against accusations of human rights abuses

The Politics of Antipolitics Thomas M. Davies, Brian Loveman, 1978 [The Armed Forces and Democracy in Latin America](#) John Samuel Fitch, 1998 The book tackles the subject of the military and politics in Latin America from a broad historical perspective drawing on literature in the field and other information based on personal interviews with officers

Politics Latin America Gavin O'Toole, 2014-05-12 This is a volume which will become invaluable to those attempting to guide the neophyte through the maze of politics in Latin America *Journal of Latin American Studies* *Politics Latin America* examines the role of Latin America in the world and its importance to the study of politics with particular emphasis on the institutions and processes that exist to guarantee democracy and the forces that threaten to compromise it Now in its second edition and fully revised to reflect recent developments in the region *Politics Latin America* provides students and teachers with an accessible overview of the region's unique political and economic landscape covering every aspect of governance in its 21 countries The book examines the international relations of Latin American states as they seek to carve out a role in an increasingly globalised world and will be an ideal introduction for undergraduate courses in Latin American politics and comparative politics

Comparative Politics of Latin America Daniel C. Hellinger, 2020-12-22 This new edition brings Daniel C Hellinger's brilliantly succinct and accessible introduction to Latin America up to date for a new generation of educators In crisp detail Hellinger gives a panoramic overview of the continent and offers a unique balance of comparative politics theory and interdisciplinary country specific context of a thematic organization and in depth country case studies of culture and economics of scholarship and pedagogy Insightful historical background in early chapters provides students with ways to think about how the past influences the present However while history plays a part in this text comparative politics is the primary focus explaining through fully integrated detailed case studies and carefully paced

analysis Country specific narratives are integrated with concepts and theories from comparative politics leading to a richer understanding of both Updates to this new edition include Revisiting contemporary populism and the global emergence of right wing populism The pros and cons of extractivism the impact of Chinese investment and trade Contemporary crisis in Venezuela expanded treatment of Colombia and Peru The role of the military LGBTQ issues corruption violence identity issues New sections on social media artificial intelligence and big data cyber technologies Examination of post Castro Cuba Costa Rica s exceptionalism Broader study of environmental movements how governments relate to social movements Examination of personalist parties refugee and asylum rights Interventionist policies of the current U S administration Early impact of the COVID 19 pandemic Comparative Politics of Latin America is a thoughtful ambitious and thorough introductory textbook for students beginning Latin American Studies at the undergraduate level

The Military and Politics in Postauthoritarian Chile Gregory Bart Weeks, 2003 The Military and Politics in Post Authoritarian Chile should be read by everyone concerned with the relation between democracy and the armed forces It is a well researched well written volume that should prove both interesting and useful to scholars and students alike Perspectives on Politics Why have political leaders of developing and authoritarian nations run into so many obstacles as they attempt to establish civilian supremacy over armed forces in the democratization of their countries This is the question Gregory Weeks poses in his study of Chile from 1990 onward He explains how the Chilean military has maintained a high level of political influence in the tumultuous aftermath of dictatorial rule by Army General Augusto Pinochet thus confounding a smooth transition to civilian authority Even after the reins of power were officially handed over in 1990 Pinochet continued as commander in chief of the army until 1998 when he took a lifetime seat in the Senate and led the military s efforts to retain its legal and constitutional prerogatives while limiting civilian oversight of military affairs This assertion of guardianship by the military has produced a political tug of war between it and civilian authorities the two contenders for political primacy in Chile In addition to recounting the historical background of this situation Weeks s study examines where conflict between these two contenders has been most productive and accord has been highest His findings suggest that formal contacts conducted through formal institutions have been the most conducive to civil supremacy and therefore the consolidation of democracy Based on interviews government documents military journals newspapers and other archival sources The Military and Politics in Postauthoritarian Chile describes how presidents military officers members of Congress and judges have interacted since the end of the military regime With implications for conflict resolution studies this book will be valuable for Chileanists and policymakers and analysts of Latin American regimes as well as academic libraries military historians social scientists and students and scholars of Latin American history and politics

Democratic Latin America Craig L. Arceneaux, 2020-10-26 The third edition of Democratic Latin America retains its classic institutional approach to understand contemporary Latin American politics Each chapter focuses on a different institution and compares how they are constructed differently across

countries Placing a premium on accessibility the chapters open with a story and end with a detailed country case study making use of contemporary examples to feed student interest in current events with comparison based tables and box features interspersed throughout to stimulate analysis Every chapter finishes with a set of questions and recommended readings This approach allows for a very practical approach to politics that encourages critical analysis Updates to this new edition include updated comparison based tables and box features to stimulate analysis new Country in the Spotlight to include developments unique to each country and discussions on political change in Cuba indigenous peoples and political power neopopulism impeachment procedures transitional justice the 2019 protests the new militarism the mobilization of women against violence LGBT rights the evangelical movement and the Colombian peace process A clear eyed look at political institutions to provide a roadmap to the political activity in a country Democratic Latin America continues to offer an original way of teaching and learning about Latin American politics

Civil-Military Relations in Latin America David Pion-Berlin, 2003-01-14 The armed forces may no longer rule nations throughout Latin America but they continue to influence democratic governments across the region In nine original thought provoking essays this book offers fresh theoretical insights into the dilemmas facing Latin American politicians as they struggle to gain full control over their military institutions Latin America has changed in profound ways since the end of the Cold War the re emergence of democracy and the ascendancy of free market economies and trade blocs The contributors to this volume recognize the necessity of finding intellectual approaches that speak to these transformations They utilize a wide range of contemporary models to analyze recent political and economic reform in nations throughout Latin America presenting case studies on Argentina Brazil Chile Ecuador El Salvador Honduras and Venezuela Bridging the gap between Latin American studies and political science these essays not only explore the forces that shape civil military relations in Latin America but also address larger questions of political development and democratization in the region The contributors are Felipe Aguero J Samuel Fitch Wendy Hunter Ernesto Lopez Brian Loveman David R Mares Deborah L Norden David Pion Berlin and Harold A Trinkunas Latin American Studies Political Science

Latin America in the Era of the Cuban Revolution and Beyond Thomas C. Wright, 2018-01-18 An in depth explanation of how the Cuban Revolution dictated Latin American politics and U S Latin American relations from the 1950s to the present including widespread democratization and the rise of the Pink Tide Fidel Castro s ascent to power and the revolution he carried out in Cuba not only catalyzed a wave of revolutionary activity it also set off a wave of reaction that led to widespread military dictatorships and severe repression culminating in state terrorism Both revolution and reaction were essentially over by 1990 and yet significant long term effects of the Cuban Revolution can still be seen in the modern era Latin America in the Era of the Cuban Revolution and Beyond covers the events of the Cuban Revolution itself the resulting radicalization of Latin American politics the United States responses to the threat of communist expansion in the hemisphere and rural and urban guerrilla warfare that were spawned by the Cuban Revolution It

also addresses the very different but incomplete communist revolutions in Peru Chile and Nicaragua the rise of state terrorism in response to the threat of revolution and major developments after 1990 This book provides unique historical insights by bringing together under the umbrella of the impact of the Cuban Revolution developments that otherwise might seem unrelated to each other thereby documenting the relationship between revolution and reaction This third edition has three new chapters covering state terrorism in South America state terrorism in Central America and post 1990 developments such as neoliberalism an unprecedented degree of democratization the Pink Tide of leftist governments like those of Hugo Ch vez in Venezuela and Evo Morales in Bolivia and women s major gains in politics Additionally all of the chapters and the bibliography are updated

Comparative Politics of Latin America Daniel C. Hellinger, 2011-03-07 This text offers a unique balance of comparative politics theory and interdisciplinary country specific context of a thematic organization and in depth country case studies of culture and economics of scholarship and pedagogy No other textbook draws on such a diverse range of scholarly literature to help students understand the ins and outs of politics in Latin America today The insightful historical background in early chapters provides students with a way to think about how the past influences the present However while history plays a part in this text comparative politics is the primary focus explaining through detailed case studies and carefully paced analysis such concepts as democratic breakdown and transition formal and informal institutions the rule of law and the impact of globalization Concepts and theories from comparative politics are well integrated into country specific narratives and vice versa leading to a richer understanding of both Several important pedagogical aids foster student learning Learning objectives at the start of every chapter Learning checkpoints interspersed in chapters to ensure comprehension Bolded key terms focus attention on important concepts Glossary at the end of the book provides a useful reference Discussion questions at the end of each chapter Integrated case studies on most countries in the region A companion website with practice quizzes and other useful study aids

Thank you entirely much for downloading **The Politics Of Antipolitics The Military In Latin America**. Maybe you have knowledge that, people have see numerous time for their favorite books later this The Politics Of Antipolitics The Military In Latin America, but stop up in harmful downloads.
