National Cemetery is America's most sacred shrine a destination for four million visitors who each year tour its grounds and honor those buried there For many Arlington's symbolic importance places it beyond politics Yet as Micki McElya shows no site in the United States plays a more political role in shaping national identity

The Politics of Mourning Micki McElya,2016-08-15 Arlington

The Politics of Mourning shows how the National Cemetery is America's most sacred shrine a destination for four million visitors who each year tour its grounds and honor those buried there For many Arlington's symbolic importance places it beyond politics Yet as Micki McElya shows no site in the United States plays a more political role in shaping national identity

The Politics of the Second Slavery Dale W. Tomich,2016-11-15 Sheds new light on both pro and antislavery politics in the nineteenth century Americas The creation of new frontiers of slave commodity production and the expansion and intensification of slavery in Brazil Cuba and the southern United States were an integral part of the expansion of the world economy during the nineteenth century Beginning from this vantage point The Politics of the Second Slavery brings together a group of international scholars to reinterpret pro and antislavery politics both globally and nationally as part of the forces that were restructuring Atlantic slavery Individual chapters shed new light on the decolonization and nationalization of slavery in the Americas the politics of proslavery elites both within particular countries and across the Atlantic region the abolition of the international slave trade and slave resistance

The Politics of Fieldwork Lane Ryo Hirabayashi,2000-09-01 Lane Hirabayashi examines the case of the late Dr Tamie Tsuchiyama Drawing from personal letters ethnographic fieldnotes reports interviews and other archival sources The Politics of Fieldwork describes Tsuchiyama's experiences as a researcher at Poston Arizona a k a The Colorado River Relocation Center The book relates the daily life fieldwork methodology and politics of the residents and researchers at the Poston camp as well as providing insight into the pressures that led to Tsuchiyama's ultimate resignation in protest from the JERS project in 1944 A multidisciplinary synthesis of anthropological historical and ethnic studies perspectives The Politics of Fieldwork is rich with lessons about the ethics and politics of ethnographic fieldwork

Smugglers and States Max Gallien,2024-02-27 Winner 2025 Theodore J Lowi First Book Award International Political Science Association American Political Science Association Smuggling is typically thought of as furtive and hidden taking place under the radar and beyond the reach of the state But in many cases governments tacitly permit illicit cross border commerce or even devise informal arrangements to regulate it Drawing on extensive fieldwork in the borderlands of Tunisia and Morocco Max Gallien explains why states have long tolerated illegal trade across their borders and develops new ways to understand the political economy of smuggling This book examines the rules and agreements that govern smuggling in North Africa tracing the involvement of states in these practices and their consequences for borderland communities Gallien demonstrates that contrary to common assumptions about the effects of informal economies smuggling can promote both state and social stability States not only turn a blind eye to smuggling they rely on it to secure political acquiescence and maintain order because it provides income for otherwise neglected border communities More recently however the securitization of borders wars political change and the pandemic have put these arrangements under pressure Gallien explores the renegotiation of the role of smuggling

showing how stability turns into vulnerability and why some groups have been able to thrive while others have been pushed further to the margins With both rich empirical detail and novel theoretical contributions *Smugglers and States* offers important insights into security and stability in North Africa and the prospects for economic inclusion in a context where many livelihoods exist outside of the law

The Politics of Commercial Treaties in the Eighteenth Century Antonella Alimento, Koen Stapelbroek, 2017-09-15 This book is the first study that analyses bilateral commercial treaties as instruments of peace and trade comparatively and over time The work focuses on commercial treaties as an index of the challenges of eighteenth century European politics shaping a new understanding of these challenges and of how they were confronted at the time in theory and diplomatic practice From the middle of the seventeenth century to the time of the Napoleonic wars bilateral commercial treaties were concluded not only at the end of large scale wars accompanying peace settlements but also independently with the aim to prevent or contain war through controlling the balance of trade between states Commercial treaties were also understood by major political writers across Europe as practical manifestations of the wider intellectual problem of devising a system of interstate trade in which the principles of reciprocity and equality were combined to produce sustainable peaceful economic development

The Politics of Love Rebecca Joubin, 2013-10-03 Dramatic miniseries are the primary arena for the expression of postcolonial Syrian culture and artistic talent an arena that unites diverse aspects of artisanship in a struggle over visions of the past present and future of the nation As the tour de force of the television medium blossoming amidst persisting authoritarianism these miniseries serve as a crucial and complex artistic avenue through which political and social opposition manifests Scholars have tried to come to terms with a highly critical culture produced within attempted state co optation and argue that politically critical culture operates as a safety valve to release frustrations so that dissenters are less likely to mobilize against the government Through research fueled by a viewing of over two hundred and fifty miniseries ranging from the 1960s to the present as well as an examination of hundreds of press reports Facebook pages and extensive interviews with drama creators this book turns away from the dominant paradigm that focuses on regime intent When turning attention instead to the drama creators themselves we witness the polyphony of voices employing love and marriage metaphors and gender de constructions to explore larger issues of nationalism self identity and political critique At the heart of constructions of femininity are the complications that arise with the symbiosis of pure femininity with authentic national identity Deconstructing masculinity as political critique has been less complicated since it is not implicated in Western identity issues on the contrary illustrations of subservient masculinity serve to subtly denounce government corruption and oppression Miniseries from the 1960s demonstrate that the focus of the qabaday tough man on female sexuality comes from his own political alienation vis vis the state and is part of a vicious cycle of state violence vis vis the citizen In recent years and in particular after the uprising we can see the emerging definition of the true qabaday as one who does not suppress a woman s sexuality thereby allowing for full equality in

relationships as the basis of a truly free society The Politics of Cross-border Crime in Greater China Sonny Shiu-Hing Lo, 2020-07-24 Organized crime has been on the rise in the Greater China region since the People's Republic opened up its economy and society in the mid 1980s Today triads from Hong Kong Macao and even Taiwan are involved in businesses in Guangdong Province and often recruit local Chinese for illegal activities such as extortion kidnapping assassinations and smuggling of illegal aliens This book provides a detailed and comprehensive study of how the state at the central and local levels has responded to the changing patterns and activities of cross border crime in Greater China It discusses the theoretical concept of organized crime the transnational nature of organized crime in recent years the significance of studying organized crime in Greater China and the implications for the national security of other countries such as the United States Canada and Australia The author reviews the history of organized crime and secret societies and addresses the legal complexities of dealing with criminal groups in the region He covers such topics as money laundering the financing of terrorist activities and regional efforts in fighting terrorism Contraband Cultures Jennifer Cearn, Charles Beach, 2024-09-17 Contraband Cultures presents narratives representations practices and imaginaries of smuggling and extra legal or informal circulation practices across and between the Latin American region including the Caribbean and its diasporas Countering a fetishizing and hegemonic imaginary typically stemming from the Global North of smuggling activity in Latin America as chaotic lawless violent and somehow exotic this book reframes such activities through the lenses of kinship political movements economic exchange and resistance to capitalist state hegemony The volume comprises a broad range of chapters from scholars across the social sciences and humanities using various methodological techniques theoretical traditions and analytic approaches to explore the efficacy and valence of smuggling or contraband as a lens onto modes of personhood materiality statehood and political disconnection across Latin America This material is presented through a combination of historic documentation and contemporary ethnographic research across the region to highlight the genesis and development of these cultural practices whilst grounding them in the capitalist and colonial refashioning of the entire region from the sixteenth century to the present day **The Politics of Trade and Tobacco Control** H.
