The Perverse Imagination Sexuality And Literary Culture:

The Perverse Imagination Irving H. Buchen, 1970 Bundel essays gewijd aan de betekenis van sadisme pornografie homoseksualiteit en parafilie n voor de letteren Bevat een aantal bijdr over Sade een artikel van Gore Vidal over pornografie een beschouwing over het werk van John Rechy en een essay van Kate Millett over Henry Miller Norman Mailer en Jean Genet

Sexual Fiction Maurice Charney, 2013-10-08 First Published in 2002 It is easy to see that we are living in a time of rapid and radical social change It is much less easy to grasp the fact that such change will inevitably affect the nature of those disciplines that both reflect our society and help to shape it Yet this is nowhere more apparent than in the central field of what may in general terms be called literary studies New Accents is intended as a positive response to the initiative offered by such a situation Each volume in the series will seek to encourage rather than resist the process of change To stretch rather than reinforce the boundaries that currently define literature and its academic study

Homosexuality and Literature: 1890-1930 Jeffrey Meyers, 2016-10-06 Although artists are nowadays able to be openly gay and to address homosexuality explicitly in their work this book argues that it was the harsh climate of 1890 1930 that produced the most outstanding explorations of homosexuality To support his argument Meyers illuminates the character and creative process of a range of authors of the period including Wilde Gide Proust E M Forster and T E Lawrence and analyses the sexual problems that were sublimated and transcended in their art

The Road of Danger, Guilt, and Shame Carol Efrati, 2002 The commentaries of other critics are taken into account but the author also presents her own explications based on her close reading and wide knowledge of literature

BOOK JACKET *A History of Gay Literature* Gregory Woods, 1998-01-01 Account of male gay literature across cultures and languages and from ancient times to the present It traces writing by and about homosexual men from ancient Greece and Rome through the Middle Ages and Renaissance to the twentieth century gay literary explosion It includes writers of wide ranging literary status from high cultural icons like Virgil Dante Marlowe Shakespeare and Proust to popular novelists like Clive Barker and Dashiell Hammett and of various locations from Mishima s Tokyo and Abu Nuwas s Baghdad to David Leavitt s New York It also deals with representations of male male love by writers who were not themselves homosexual or bisexual men

Masculine Interests Robert Lang, 2002 In the 1930s a band of smart and able young men some still in their twenties helped Franklin D Roosevelt transform an American nation in crisis They were the junior officers of the New Deal Thomas G Corcoran Benjamin V Cohen William O Douglas Abe Fortas and James Rowe helped FDR build the modern Democratic Party into a progressive coalition whose command over power and ideas during the next three decades seemed politically invincible This is the first book about this group of Rooseveltians and their linkage to Lyndon Johnson s Great Society and the Vietnam War debacle Michael Janeway grew up inside this world His father Eliot Janeway business editor of Time and a star writer for Fortune and Life magazines was part of this circle strategizing and practicing politics as well as reporting on these men Drawing on his intimate knowledge of events and

previously unavailable private letters and other documents Janeway crafts a riveting account of the exercise of power during the New Deal and its aftermath He shows how these men were at the nexus of reform impulses at the electoral level with reform thinking in the social sciences and the law and explains how this potent fusion helped build the contemporary American state Since that time efforts to reinvent government by brains trust have largely failed in the U S In the last quarter of the twentieth century American politics ceased to function as a blend of broad coalition building and reform agenda setting rooted in a consensus of belief in the efficacy of modern government Can a progressive coalition of ideas and power come together again The Fall of the House of Roosevelt makes such a prospect both alluring and daunting

The Telling of the Act Peter Maxwell Cryle, 2001 This book tells how the diverting array of pleasures in eighteenth century libertine fiction gave way through a process of thematic drift and realignment to a powerfully linear story that actually defined sex and the gender roles pertaining to it Many of the key notions in modern talk about sex are in fact narrative ones climax foreplay and the sex act are all said to lie at the heart of human sexuality But *The Telling of the Act* questions whether these notions deserve to be thought of as timeless and in fact locates their emergence in the second half of the eighteenth century

Beholding Beauty Domenico Ingenito, 2020-12-29 *Beholding Beauty* Sa di of Shiraz and the Aesthetics of Desire in Medieval Persian Poetry explores the relationship between sexuality politics and spirituality in the lyrics of Sa di Shirazi d 1292 CE one of the most revered masters of classical Persian literature Relying on a variety of sources including unstudied manuscripts Domenico Ingenito presents the so called inimitable smoothness of Sa di s lyric style as a serene yet multifaceted window into the uncanny beauty of the world the human body and the realm of the unseen The book constitutes the first attempt to study Sa di s lyric meditations on beauty in the context of the major artistic scientific and intellectual trends of his time By charting unexplored connections between Islamic philosophy and mysticism obscene verses and courtly ideals of love Ingenito approaches Sa di s literary genius from the perspective of sacred homoeroticism and the psychology of performative lyricism in their historical context

Love, Sex & Eroticism in Contemporary Latin American Literature Alun Kenwood, 1992

Articulations of Difference Dominique D. Fisher, Lawrence R. Schehr, 1997 Drawn from insights of the past twenty years the essays reflect the renewed approach of gender and sexuality as they relate to homosexuality and its representation and they rely on models that differentiate between sexuality and gender and between natural inclinations and social constructs Despite the wide variety of subjects critical positions and authors backgrounds what these essays have in common is the willingness of the contributors to go beyond a set of rhetorics a set of limitations that were a defining moment in the struggle of gay liberation and its reflection in both creative and critical writing
