The Wayward Pilgrim William Elihu Palmer, 2013-03-12. *The Wayward Pilgrim* is an account of the desultory pilgrimage to Santiago de Compostela in Spain made by a professor of Spanish on Sabbatical leave from the Salisbury University in Maryland. The professor undertakes the pilgrimage not as a religious experience but as an attempt to better understand the history and culture of Spain. In the book he combines an account of the Medieval pilgrimage with the diversions often taken by the modern pilgrim. In the end the professor comes to realize the hardships the endurance and the hardy and devoted spirit of the true pilgrim. In addition to the account of the pilgrimage the book also contains vignettes of great moments and great historical figures that changed the world forever.
