The Pleasures Of Diaries:

The Pleasure of Diaries Ronald Blythe,1992-08-01 *The Pleasures of Reading* Catherine Sheldrick Ross,2014-06-27

Based on years of ground breaking research this book supplies a look at the unique relationship between each text and the individual reader that results in a satisfying pleasurable and even life changing reading experience Following up on her critically acclaimed *Reading Matters What the Research Reveals about Reading Libraries and Community* Catherine Sheldrick Ross takes a new look at pleasure reading through 30 thought provoking essays based on themes arranged from A to Z In short lively chapters she discusses topics ranging from Alexia Bad Reading and Changing Lives to Romance Fiction Self help Titles Vampires and Year of Reading Drawing on her own research as well as other published sources Ross comments on the significance of each theme provides examples of the phenomenon and develops the topic chronologically through further examples or through reversals The essays are unified by an underlying theory of reading that views readers as sense makers actively engaged in reading themselves into the text and reading the texts back into their own lives It gives educators and librarians insights into their roles with readers and offers a message about the importance of pleasure reading A short list of resources for further reading is supplied with each topic

The Pleasures of Reading Robert Alter,1996 A distinguished critic rescues literature from the ivory tower and reestablishes reading as a personal source of complex pleasure and insight

The Pleasures of the Imagination John Brewer,2013-03-12 The Pleasures of the Imagination examines the birth and development of English high culture in the eighteenth century It charts the growth of a literary and artistic world fostered by publishers theatrical and musical impresarios picture dealers and auctioneers and presented to the public in coffee houses concert halls libraries theatres and pleasure gardens In 1660 there were few professional authors musicians and painters no public concert series galleries newspaper critics or reviews By the dawn of the nineteenth century they were all apart of the cultural life of the nation John Brewer's enthralling book explains how this happened and recreates the world in which the great works of English eighteenth century art were made Its purpose is to show how literature painting music and the theatre were communicated to a public increasingly avid for them It explores the alleys and garrets of Grub Street rummages the shelves of bookshops and libraries peers through printsellers shop windows and into artists studios and slips behind the scenes at Drury Lane and Covent Garden It takes us out of Gay and Boswell's London to visit the debating clubs poetry circles ballrooms concert halls music festivals theatres and assemblies that made the culture of English provincial towns and shows us how the national landscape became one of Britain's greatest cultural treasures It reveals to us a picture of English artistic and literary life in the eighteenth century less familiar but more suprising more various and more convincing than any we have seen before

The Pleasure of Thinking Tania Zittoun,2023-10-19 Tania Zittoun demonstrates that there is pleasure in thinking and that the pleasure of thinking plays a key role in our lives in the development of children in learning in adult life and in ageing Drawing on arts and philosophy exploring research in developmental psychology

cultural psychology and psychoanalysis it highlights five modalities of thinking curiosity the functional pleasure of pursuing a task the pleasure of discovery the dialogical pleasure of thinking with others and a meta pleasure This book proposes a unique integrative model of thinking conceived as a situated activity following trajectories that combine modalities of pleasure Evolving with time the pleasure of thinking can take place as we reason make sense or daydream at school at work when we garden or do science Academics and graduate students in sociocultural critical developmental and cognitive psychology will benefit from *The Pleasure of Thinking* **Historical literatures** Noelle Gallagher,2018-04-30 Historical literatures recovers a rich vibrant and complex tradition of Restoration and early eighteenth century English historical writing Highlighting the wide variety of historical works being printed and read in England between the years 1660 and 1740 it demonstrates that many of the genres that we now view primarily as literary verse satire and panegyric memoir scandal and chronicle were also being used to represent historical phenomena In surveying some of this period s historical literatures it argues that many satirists secret historians and memoirists made their choice of historical subject matter a topic of explicit commentary presenting themselves as historians or inscribing their works in an English historical tradition By responding to other varieties of history in this self conscious way writers like Andrew Marvell John Dryden Delarivier Manley Daniel Defoe and John Evelyn were able to pioneer influential new techniques for representing their nation s past *Feminine Principles and Women's Experience in American Composition and Rhetoric* Louise Phelps,Janet Emig,2020-03-16 In this unique collection the editors and authors examine against a rich historical background the complex contributions that women have made to composition and rhetoric in American education Using varied and at times experimental modes of presentation to portray teachers and learners at work including the very young and the elderly the text provides a generous and fresh feminine perspective on the field *Recording and Reordering* Dan Doll,Jessica Munns,2006 The essays in this collection consider the diaries And journals of the seventeenth and eighteenth centuries Diaries and journals took many forms depending on the occupation gender social status and religious commitment of the writer They ranged in their forms from brief notes Related to family business and national events In preprinted almanacs or the pages of a family Bible to examinations of spiritual and material States in books dedicated to that purpose Both Domestic and foreign travel afforded women And men reasons for keeping a diary and these Varied from highly scientific accounts to more Personal considerations of the pleasures and discomforts of travel Generically the diary is situated uneasily yet fascinatingly between literature and history Once considered as a pure form of unstructured personal truth telling the diary is now recognized as a form of writing created by historic conditions governed by cultural imperatives and based on literary models and therefore reflects powerfully on its historical moments and the relationship between life as lived and life as represented in texts

The Pleasure of Miss Pym Charles Burkhart,2013-10-02 When British writers Philip Larkin and Lord David Cecil named Barbara Pym one of the twentieth century s most underrated authors in a 1977 Times Literary Supplement survey

they started a Barbara Pym revival that continued unabated in Great Britain and the United States Barbara Pym's delightful tales of jumble sales and parish meetings her ironic insights into the relationships between women and men have won a devoted following Indeed she is often compared to that most accomplished author of comedies of manners Jane Austen The Pleasure of Miss Pym is a critical study of Pym as comic writer and of the links between her life and autobiographical writings and her fiction written with a liveliness of style and tone that matches Pym's own Not only does Charles Burkhart provide perceptive discussions of Pym's life and novels he also illuminates the worldview represented in her work the unique nature of her comedy her religion her place within the history of the novel and her penetrating insights into male female relationships All of Pym's work including the 1986 posthumous publication An Academic Question is intelligently surveyed here Scholars of contemporary English literature will derive both instruction and pleasure from this elegantly written study as will Pym's admiring readers for whom it is also intended

Prizing Literature Gillian Roberts, 2011-10-29 When Canadian authors win prestigious literary prizes from the Governor General's Literary Award to the Man Booker Prize they are celebrated not only for their achievements but also for contributing to this country's cultural capital Discussions about culture national identity and citizenship are particularly complicated when the honorees are immigrants like Michael Ondaatje Carol Shields or Rohinton Mistry Then there is the case of Yann Martel who is identified both as Canadian and as rootlessly cosmopolitan How have these writers' identities been recalibrated in order to claim them as representative Canadians Prizing Literature is the first extended study of contemporary award winning Canadian literature and the ways in which we celebrate its authors Gillian Roberts uses theories of hospitality to examine how prize winning authors are variously received and honoured depending on their citizenship and the extent to which they represent Canadianness Prizing Literature sheds light on popular and media understandings of what it means to be part of a multicultural nation
