The Plight Of A Sorcerer:

The Plight of a Sorcerer Georges Dumézil, 1986-01-01 **The Head Beneath the Altar** Brian Collins, 2014-01-01 In the beginning says the ancient Hindu text the Rg Veda was man And from man s sacrifice and dismemberment came the entire world including the hierarchical ordering of human society The Head Beneath the Altar is the first book to present a wide ranging study of Hindu texts read through the lens of Ren Girard s mimetic theory of the sacrificial origin of religion and culture For those interested in Girard and comparative religion the book also performs a careful reading of Girard s work drawing connections between his thought and the work of theorists like Georges Dumézil and Giorgio Agamben Brian Collins examines the idea of sacrifice from the earliest recorded rituals through the flowering of classical mythology and the ancient Indian institutions of the duel the oath and the secret warrior society He also uncovers implicit and explicit critiques in the tradition confirming Girard s intuition that Hinduism offers an alternative anti sacrificial worldview to the one contained in the gospels *The Past Before Us* Romila Thapar, 2013-10-14 The claim that India uniquely among civilizations lacks historical writing distracts us from a more pertinent question how to recognize the historical sense of societies whose past is recorded in ways very different from European conventions Romila Thapar a distinguished scholar of ancient India guides us through a panoramic survey of the historical traditions of North India revealing a deep and sophisticated consciousness of history embedded in the diverse body of classical Indian literature The history recorded in such texts as the Ramayana and the Mahabharata is less concerned with authenticating persons and events than with presenting a picture of traditions striving to retain legitimacy amid social change Spanning an epoch from 1000 BCE to 1400 CE Thapar delineates three strains of historical writing an Itihasa Purana tradition of Brahman authors a tradition composed mainly by Buddhist and Jaina monks and scholars and a popular bardic tradition The Vedic corpus the epics the Buddhist canon and monastic chronicles inscriptional evidence regional accounts and literary forms such as royal biographies and drama are all scrutinized afresh not as sources to be mined for factual data but as genres that disclose how Indians of ancient times represented their own past to themselves *Dragon Fae Bond: A Dragon Shifter Romance* Caethes Faron, 2021-12-13 Fae Hero Mate Three identities I never asked for My new fae powers should make my work easier but it seems the obstacles facing me and Deacon have risen to the challenge If I m to be the hero my friends are counting on then I ll need to embrace my fae identity and that includes accepting Deacon as my fated mate I don t know if we re ready to take that step but fate may be tired of waiting Three identities I never asked for but they may be the only way to survive The Dragon Fae series is great for fans of Shannon Mayer Jen L Grey and Lindsay Buroker [Defense Acquisition Process](#) United States. Congress. Senate. Committee on Armed Services, 1989 *Poetics of the Elements in the Human Condition: Part 2 The Airy Elements in Poetic Imagination* Anna-Teresa Tymieniecka, 2013-03-09 *The Ancient Greek Hero in 24 Hours* Gregory Nagy, 2013-07-15 The ancient Greeks concept of the hero was very different from what we understand by the term today Gregory Nagy argues and it is only

through analyzing their historical contexts that we can truly understand Achilles Odysseus Oedipus and Herakles In Greek tradition a hero was a human male or female of the remote past who was endowed with superhuman abilities by virtue of being descended from an immortal god Despite their mortality heroes like the gods were objects of cult worship Nagy examines this distinctively religious notion of the hero in its many dimensions in texts spanning the eighth to fourth centuries bce the Homeric Iliad and Odyssey tragedies of Aeschylus Sophocles and Euripides songs of Sappho and Pindar and dialogues of Plato All works are presented in English translation with attention to the subtleties of the original Greek and are often further illuminated by illustrations taken from Athenian vase paintings The fifth century bce historian Herodotus said that to read Homer is to be a civilized person In twenty four installments based on the Harvard University course Nagy has taught and refined since the late 1970s The Ancient Greek Hero in 24 Hours offers an exploration of civilization s roots in the Homeric epics and other Classical literature a lineage that continues to challenge and inspire us today **Eschatology in**

the Indo-Iranian Traditions Mitra Ara,2008 Eschatology in the Indo Iranian Traditions traces the roots of the belief in life after death from the earliest religious beliefs of the Indo European people through its first textual emergence among the Indo Iranians Tracing the Indo Iranian concepts of the nature and constitution of man with special reference to the doctrine of the Soul and its transmigration the book demonstrates the profound nature of the physical ethical spiritual and psychological ideals embodied in these thought systems as preserved in the Indian and Iranian scriptures The central issue was death and the journey to the afterlife Exploring the characteristic features of Indo Iranian religions provides a better understanding of the development of eschatological beliefs in later religions in the same way that the Zoroastrian apocalyptic beliefs point to genetic historical relations among Judaism Zoroastrianism Christianity and Islam This comparative study enriches our understanding of the antecedents of afterlife beliefs and creates enthusiasm for further in depth research into the Indo Iranian religion as a system acknowledging its genetic historical connections with both earlier and subsequent traditions Eschatology in the Indo Iranian Traditions has wide ranging appeal to upper undergraduate and graduate courses in comparative religion Asian studies philosophy and Indian and Iranian studies Sorcerer's Legacy Janny Wurts,2021-03-09

The debut fantasy adventure novel by the author of the Wars of Light and Shadow series is a wonderful breath of fresh air Just plain fun Fantasy Literature With her husband the Duke of Trathmere slain in battle Elienne becomes a captive of the loathsome Prime Inquisitor of the conquering army Her home is now a prize of war and Elienne swept aside in the wreckage as chattel until the Inquisitor vows to bed her as punishment for her defiance Locked in a dank cell awaiting her fate Elienne is visited by a sorcerer powerful beyond her imagining Ielond seeks a bride for his prince a man condemned to death by a council that has deemed him unfit for succession since he cannot father an heir When Ielond tells Elienne she is carrying her husband s child the recent conception offers hope to salvage the throne To escape the Inquisitor s cruelty Elienne agrees to pose her son as the royal heir But in a battle to thwart black magic and intrigue her bold heart will remain her own self

Discovering Cyrus: The Persian Conqueror Astride the Ancient World Reza Zaghamee, 2015-09-25

Discovering Cyrus The Persian Conqueror Astride the Ancient World Some of the most fascinating human epochs lie in the borderlands between history and mystery So it is with the life of Cyrus the Great founder of the Persian Empire in the sixth century B C By conquest or gentler means he brought under his rule a dominion stretching from the Aegean Sea to the Hindu Kush and encompassing some tens of millions of people All across this immense imperium he earned support and stability by respecting local customs and religions avoiding the brutal ways of tyranny and efficiently administering the realm through provincial governors The empire would last another two centuries leaving an indelible Persian imprint on much of the ancient world The Greek chronicler Xenophon looking back from a distance of several generations wrote Cyrus did indeed eclipse all other monarchs before or since The biblical prophet Second Isaiah anticipated Cyrus repatriation of the Jews living in exile in Babylon by having the Lord say He is my shepherd and will accomplish all that I please Despite what he achieved and bequeathed much about Cyrus remains uncertain Persians of his era had no great respect for the written word and kept no annals The most complete accounts of his life were composed by Greeks More fragmentary or tangential evidence takes many forms among them archaeological remains administrative records in subject lands and the always tricky stuff of legend Given these challenges Discovering Cyrus The Persian Conqueror Astride the Ancient World is a remarkable feat of portraiture In his vast sweep Reza S Zarghamee draws on sources of every kind painstakingly assembling detail and always weighing evidence carefully where contradictions arise He describes the background of the Persian people the turbulence of the times and the roots of Cyrus policies His account of the imperial era itself delves into religion military methods commerce court life and much else besides The result is a living breathing Cyrus standing atop a distant world that played a key role in shaping our own
