Mazrui, 2019-03-18 No detailed description available for The Political Sociology of English Language **The Politics of English** Marnie Holborow, 1999-12-06 A very welcome and much needed broadening of current theoretical perspectives Professor Norman Fairclough This book offers a major reappraisal of the role of language in the social world Focusing on three main areas the global spread of English Standard English and language and sexism The Politics of English examines World English in relation to international capitalism and colonialism analyzes the ideological underpinnings of the debate about Standard English and locates sexism in language as arising from social relations Locating itself in the classical Marxist tradition this book shows how language is both shaped by and contributes to social life *Perspectives on Black English* Joey Lee Dillard, 1975 CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students researchers and practitioners in all of the social and language related sciences carefully selected book length publications dealing with sociolinguistic theory methods findings and applications It approaches the study of language in society in its broadest sense as a truly international and interdisciplinary field in which various approaches theoretical and empirical supplement and complement each other The series invites the attention of linguists language teachers of all interests sociologists political scientists anthropologists historians etc to the development of the sociology of language **An Introduction to the African Prose Narrative** Lokangaka Losambe, 2004 This collection of essays introduces students of African literature to the heritage of the African prose narrative starting from its oral base and covering its linguistic and cultural diversity The book brings together essays on both the classics and the relatively new works in all subgenres of the African prose narrative including the traditional epic the novel the short story and the autobiography The chapters are arranged according to the respective thematic paradigms under which the discussed works fall *The Global African* Omari H. Kokole, 1998 Anticipating the auspicious convergence of his 60th birthday and the 30th anniversary of his professorial debut Ali A Mazrui s students friends and colleagues seized the opportunity to critically assess the significance of the prodigious body of scholarship affectionately dubbed Mazruiana In November 1992 in Seattle Washington four panels devoted exclusively to Mazruiana were convened at the annual meetings of the African Studies Association with the added attraction of Mazrui s attendance at the convocation and his immediate personal response to the original papers presented there While no single volume could do justice to Mazrui s colossal literary output here at least is gathered the collective investigative insight of a team of well informed critics into select salient facets of this provocative but stimulating literary and intellectual phenomenon The long list of contributors to this Festschrift includes John W Harbeson Dunstan M Wai Darryl C Thomas Negussay Ayele Parviz Morewedge Hussein M Adam Alamin M Mazrui Claude E Welch Peter N Thuynsma Richard L Sklar Betty J Craige Molaria Ogundipe Leslie Chaly Sawere Bujor Avari

Diana Frank Omari H Kokole and Ali A Mazrui himself The Power of Babel Ali Al'Amin Mazrui, Alamin M. Mazrui, Alamin Mazrui, 1998-08-03 Linguists estimate that there are currently nearly 2 000 languages in Africa a staggering figure that is belied by the relatively few national languages While African national politics economics and law are all conducted primarily in the colonial languages the cultural life of the majority of citizens is conducted in a bewildering Babel of local and regional dialects making language itself the center of debates over multiculturalism gender studies and social theory In *The Power of Babel* the noted Africanist scholar Ali Mazrui and linguist Alamin Mazrui explore this vast territory of African language *The Power of Babel* is one of the first comprehensive studies of the complex linguistic constellations of Africa It draws on Ali Mazrui's earlier work in its examination of the triple heritage of African culture in which indigenous Islamic and Western traditions compete for influence In bringing the idea of the triple heritage to language the Mazruis unravel issues of power culture and modernity as they are embedded in African linguistic life The first section of the book takes a global perspective exploring such issues as the Eurocentrism of much linguistic scholarship on Africa part two takes an African perspective on a variety of issues from the linguistically disadvantaged position of women in Africa to the relation of language policy and democratic development the third section presents a set of regional studies centering on the Swahili language's exemplification of the triple heritage *The Power of Babel* unites empirical information with theories of nationalism and pluralism among others to offer the richest contextual account of African languages to date *Collected Works of Braj B.
