The Path of Attainment D. N. Dunlop, 1916 *Occult Science and Occult Development (initiation), Christ at the Time of the Mystery of Golgotha and Christ in the 20th Century* Rudolf Steiner, 1924 **Super Physical Beings and States of Consciousness** Geoffrey Hodson, 2005-12-01 *Occultism and Parapsychology. Classic Collection. Illustrated* Helena Blavatsky, Manly P. Hall, Max Heindel, 2025-04-23 The occult in the broadest sense is a category of esoteric supernatural beliefs and practices which generally fall outside the scope of religion and science encompassing phenomena involving otherworldly agency such as magic and mysticism and their varied spells It can also refer to supernatural ideas like extra sensory perception and parapsychology Contents Introduction by Manly P Hall The Secret Doctrine by Helena Blavatsky The Rosicrucian Cosmo Conception by Max Heindel *The idea of re-birth, including a tr. of an essay on re-incarnation by K. Heckel* Francesca Arundale, 1890 **Advanced Thought and Occult Digest**, 1920 **Brain-like Super Intelligence from Bio-electromagnetism** Anirban Bandyopadhyay, Kanad Ray, 2024-03-07 This book discusses various aspects of bioinspired technologies but with an additional emphasis on the medical science starting from the popular article on neurobiology to pure biophysics that ends with the superintelligence of biological systems that could be reverse engineered It covers eight different aspects of natural intelligence starting from the fundamental electromagnetic properties of a protein to the vibrations and the resonance of the entire biomaterial system It also covers a wide spectrum of hierarchical communication among different biological systems for intelligence and then medical science is applied The Theosophist, 1884 The Ancient Chinese Super State of Primary Societies You-Sheng Li, 2010-06-04 The world has entered a new era that humans have never experienced before Scholars predict that different cultures will replace nations to compete with each other to find a better way of life for humans The modern world with a powerless United Nations as a platform for countries to work out their difference at various levels in pretty much like the ancient Chinese super state of primary societies from 2200 BC to 476 BC when Taoist lifestyle was popular If all human societies are divided into the genetically coded primary society and the man made secondary society Western civilization started with secondary societies while Chinese civilization started with primary societies Taoist philosophy summarizes the lifestyle in the ancient primary society Taoism emphasizes the value of naturalness and simplicity which is well complimentary to the modern philosophy of materialism This book contains 14 essays The first one presents an outline and the remaining ones explore various aspects of Taoist philosophy in modern terms The author has made every effort to accommodate both academic and general readers There are four academic essays that all start with a summary which allows general readers to know the main content if they decide to skip over the main part of the essay The remaining essays provide a much lighter reading from the author's own experience to the lives his mother and grandmother had lived Book Review By Kevin Brown FROM SAN FRANCISCO BOOK REVIEW Amazon Star Rating 5 out of 5 Has the world shrunk Airlines can get us to places quicker than a dog can get fleas Phones and computers make connecting

THE CHRIST LIFE Geoffrey Hodson, Every time that you find in our books a tale the reality of which seems impossible a story which is repugnant to both reason and common sense then be sure that the tale contains a profound allegory veiling a deeply mysterious truth and the greater the absurdity of the letter the deeper the wisdom of the spirit Moses Maimonides Jewish theologian historian Talmudist 1135 1205 A D Countless people have been provided with new insights into the Christian religion through the in depth Biblical interpretations of Geoffrey Hodson In his Hidden Wisdom in the Holy Bible Volumes I II and III he extensively analyzed Old Testament stories suggesting that many of them are in actuality more meaningful than is commonly supposed that many of these stories are indeed allegorical and that understood from a more universal and less literal point of view they contain much additional useful knowledge He believes this is also true of The Christ Life from Nativity to Ascension In this book Hodson moves from a consideration of the Old Testament of the Holy Bible to the New Testament interpreting the four accounts or Gospels of the life of Christ as put down

in the King James version of the Bible The author believes that the Bible should be considered in both its historical and its allegorical significance He writes Ever must it be remembered that the wondrous story of Jesus the Christ was never intended to be read as a record of external events alone but rather as a revelation of the divine within man As a priest in the Liberal Catholic Church Hodson has naturally maintained an intensive interest in the Holy Bible He is recognized throughout the world for his exceptional clairvoyant abilities and has also carried out occult research in collaboration with physicians physicists anthropologists and archaeologist He is the author of some 40 books dealing with such topics as meditation Theosophy the spiritual life health and disease and of course Bible symbolism and interpretation
