Power Faith Jack W. Hayford,2011-11-07 How can we grow stronger in faith in the midst of life's struggles and conflicts The Bible is clear in its teachings on faith and Power Faith helps readers discover what the Scriptures say about faith in the context of healing miracles restoration salvation prosperity and suffering As part of the Spirit Filled Life Study Guide Series this study offers a dynamic yet balanced approach to understanding the power of biblical faith demonstrating how readers can find the full assurance of faith in their own Christian walk The Spirit Filled Life study guides are perfect companions to the New Spirit Filled Life Study Bible or for use on their own Their interactive approach offers an in depth look at practical living in God's kingdom and challenges users to examine and live their daily lives in light of God's Word Features include 12 lessons plus an introduction to living a life of faith Foundational practical helps like Kingdom Extras Probing the Depths and Word Wealth in each lesson Possession, Power and the New Age Matthew Wood,2016-04-08 This book provides a new sociological account of contemporary religious phenomena such as channelling holistic healing meditation and divination which are usually classed as part of a New Age Movement Drawing on his extensive ethnography carried out in the UK alongside comparative studies in America and Europe Matthew Wood criticises the view that such phenomena represent spirituality in which self authority is paramount Instead he emphasises the role of social authority and the centrality of spirit possession linking these to participants class positions and experiences of secularisation Informed by sociological and anthropological approaches to social power and practice especially the work of Pierre Bourdieu and Michel Foucault Wood's study explores what he calls the nonformative regions of the religious field and charts similarities and differences with pagan spiritualist and Theosophical traditions Evangelizing the New Age Paul McGuire,1989 Warfare Prayer C. Peter Wagner,2009-10-28 Warfare Prayer provides a toolbox and an operator's manual for those who take seriously the Apostle Paul's statement that we wrestle not against flesh and blood but against principalities and powers The demonic world around us is a reality but all too few believers understand that realm of darkness to say nothing of having the skills to use effectively the weapons of warfare that God has given us Based on a combination of sound biblical theology and real life experiences this book is a user friendly guide for those committed enough to join the army of God **Feminism's New Age** Karlyn Crowley,2011-06-01 Finalist for the 2011 ForeWord Book of the Year in the Women's Issues Category Crystals Reiki Tarot Goddess worship why do these New Age tokens and practices capture the imagination of so many women How has New Age culture become even more appealing than feminism And are the two mutually exclusive By examining New Age practices from macrobiotics to goddess worship to Native rituals Feminism's New Age Gender Appropriation and the Afterlife of Essentialism seeks to answer these questions by examining white women's participation in this hugely popular spiritual movement While most feminist approaches to the New Age phenomenon have simply dismissed its adherents for their

politically problematic racial appropriation practices Karyln Crowley looks honestly at the political shortcomings of New Age beliefs and practices while simultaneously reckoning with the affective political and cultural motivations which have prompted New Age women's individual and collective spiritualities New Age spirituality is in fact the dynamic outgrowth of a long standing tradition of women's social and political power expressed through religious writings art and public discourse and is key to understanding contemporary women's history and religion's role in modern American culture alike Crowley offers a new and provocative assessment of the significance of the New Age movement seen through a feminist and critical race studies lens **Military Chaplains' Review** ,1989 **New Age Religion and Western Culture** Wouter J.

Hanegraaff,2018-09-24 Recent years have seen a spectacular rise of the New Age movement and an ever increasing interest in its beliefs and manifestations This fascinating work presents the first ever comprehensive analysis of New Age Religion and its historical backgrounds thus providing the reader with a means of orientation in the bewildering variety of the movement Making extensive use of primary sources the author thematically analyses New Age beliefs from the perspective of the study of religions While looking at the historical backgrounds of the movement he convincingly argues that its foundations were laid by so called western esoteric traditions during the Renaissance Hanegraaff finally shows how the modern New Age movement emerged from the increasing secularization of those esoteric traditions during the 19th century This ground breaking publication is compulsive reading for all those involved or interested in the New Age movement
