Superstars Twelve Lesbians Who Changed The World:

Superstars Dell Richards, 1993 Presents biographies of twelve lesbians who made important contributions to modern society including Florence Nightingale Jane Addams Alice Hamilton Anna Freud and Vita Sackville West **The Gay 100** Paul Russell, 2002-04 Covering 2 500 years and celebrating a diverse range of individuals a fascinating volume selects and ranks a vast array of writers thinkers artists musicians military leaders politicians and gay rights activists who have had a lasting impact on how gay men and lesbians define themselves Reprint *The A to Z of the Lesbian Liberation Movement* JoAnne Myers, 2009-08-20 The Lesbian Liberation Movement is both a movement that encompasses liberating a sexual practice from stigmatization and a political movement challenging the dual oppression of women by the patriarchy's assumption of male supremacy and heterosexuality Over the years much has been written on homosexuality and the Gay Liberation Movement yet much of the focus has been on male homosexuals especially male homosexual activity and the politics that activity raises *The A to Z of the Lesbian Liberation Movement* Still the Rage is a comprehensive overview and resource guide for one of the most invisible social political movements the Lesbian Liberation Movement This book helps to make the still active movement visible the history successes setbacks controversies and issues This book is a good resource for those studying this social political movement containing a chronology contextual overview dictionary entries that cover persons laws terminology issues and countries and an extensive bibliography of primary resources and current work **The Women Founders** Patricia Madoo Lengermann, Gillian Niebrugge, 2006-12-31 An essential volume for anyone interested in the history of sociology the development of sociological theory or the history of women in the profession this well researched compellingly argued book makes the case for the active and significant presence of women in the creation of sociology and social theory in its founding and classic periods Further Lengermann and Niebrugge explain how the women came to be erased from the history of sociology and identify the political and intellectual currents that now make their recovery both possible and important The volume focuses on 15 women in eight chapters Each chapter begins with a biographical sketch situating each thinker's ideas in a historical social and cultural context Next the authors analyze the woman's theory summarizing its underlying assumptions explicating its major themes and introducing key vocabulary The chapter concludes with excerpts from the original texts of the women founders All the theories discussed in this text share a moral commitment to the idea that sociology should and could work for the alleviation of socially produced human pain The ethical duty of the sociologist is to seek sound scientific knowledge to refuse to make the knowledge an end in itself to speak for the disempowered to advocate social reform and to never forget that the appropriate relationship between researcher and subject is one of mutuality **Historical Dictionary of the Lesbian and Gay Liberation Movements** JoAnne Myers, 2013-09-19 Not so long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast

hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media. If anything there is perhaps too much news and not enough information. Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going on and just how fast events are moving. The Historical Dictionary of the Lesbian and Gay Liberation Movements covers the history of this movement through a cross referenced dictionary with over 1000 entries on specific countries and regions, influential historical figures, laws that criminalized same sex sexuality, various historical terms that have been used to refer to aspects of same sex love, and contemporary events and legal decisions. Including a comprehensive chronology and bibliography, this book is an excellent access point for students, researchers, and anyone interested in learning more about the struggle for equality.

Lesbian Choices Claudia Card, 1995. Lives of Lesbian Elders J. Dianne Garner, D. Merilee Clunis, Pat A. Freeman, Nancy M. Nystrom, Karen I. Fredriksen-Goldsen, 2014-07-16. The untold history of lesbian life from those who have lived it. *Lives of Lesbian Elders: Looking Back, Looking Forward* illuminates the hopes, fears, issues, and concerns of gay women as they grow older. Based on interviews with 62 lesbians ranging in age from 55 to 95, this very special book provides a historical account of the shared experiences of the lesbian community that is so often invisible or ignored in contemporary society. The book gives voice to their thoughts and feelings on a wide range of issues, including coming out, identity, and the meaning of life; the role of family and personal relationships; work and retirement; adversity; and individual sources of strength and resilience. Cast off and overlooked at best, or victims of scorn and prejudice at worst, lesbians in the twentieth century lived dual lives: their full voices unheard until now. *Lives of Lesbian Elders* chronicles the life choices they made and their reasons for making them, set against the contexts of culture, politics, and the social mores of the eras in which they lived. Their stories of courage, resilience, resourcefulness, pride, and independence help restore lesbian history that has been forgotten, distorted, or disregarded, and provide the information necessary to meet the future needs of aging lesbians. *Lives of Lesbian Elders* gives aging lesbians a chance to discuss their thoughts on a variety of topics, including

Coming out You didn't talk about it Until two years ago I never even referred to a lesbian or would I allow the word to pass my lips I used to sneak into libraries and read about homosexuality and back in that era it was not classy it was classified as a disorder of some type Identity The only difference between me and anybody else is that I just happen to be sleeping with a woman I think I grew up not really knowing who I was and I think probably fighting all my life trying to find out who I was Family I feel very connected with the lesbian community here I guess I would call that family Many years ago my sister said I think when they're ready you need to explain to the nieces what a lesbian is because I want them to hear the correct story I want them to hear what it really is and not all these stupid rumors that go around Work I was going to become a youth minister at one point and it dawned on me in high school that there was no way the church was going to let me work with kids I didn't really finish my career I still have dreams about the military and about not finishing It was my choice but it wasn't really my choice Aging and the Future I think financing of course is a real big problem for lesbian women I have a concern that if anything should happen to my partner in growing older of being isolated from the gay community and much more

Lives of Lesbian Elders Looking Back Looking Forward also includes appendices that present demographic data on the women who were interviewed for the book information on historical timelines and suggested readings on lesbian history The book is an invaluable addition to the growing collective history of lesbians in the United States [The Women of Hull House](#)

Eleanor J. Stebner, 1997-01-01 This group biography explores the lives work and personal relations of nine white middle and upper middle class women who were involved in the first decade of Chicago's premier social settlement This galaxy of stars as they were called in their own day were active in innumerable political social and religious reform efforts The Women of Hull House refutes the humanistic interpretation of the social settlement movement Its spiritual base is highlighted as the author describes it as the practical ethical side of the social gospel movement and as an attempt to transform late nineteenth century evangelical and doctrinal Christian religion While the women of Hull House differed from one another in their theological beliefs and were often critical of orthodox Christianity they were motivated by Christian ideals By showing the interconnections of spirituality vocation and friendship the author argues that individual actions for social changes must take place within communities which provide a level of uniting vision yet allow for diverse actions and viewpoints **Outlaw**

Marriages Rodger Streitmatter, 2012-05-15 Celebrate LGBTQIA history with the untold stories of 15 prominent same sex couples who defied cultural norms and made significant contributions to the arts social change and more For more than a century before gay marriage became a hot button political issue same sex unions flourished in America Pairs of men and pairs of women joined together in committed unions standing by each other for richer for poorer in sickness and in health for periods of 30 or 40 sometimes as many as 50 years In short they loved and supported each other every bit as much as any husband and wife In **Outlaw Marriages** cultural historian Rodger Streitmatter reveals how some of these unions didn't merely improve the quality of life for the 2 people involved but also enriched the American culture Among the high profile couples
