Supervision Questions And Answers For Counsellors And Therapists

Moir Walker, Michael Jacobs

Supervision Questions And Answers For Counsellors And Therapists:

Supervision Moira Walker, Michael Jacobs, 2006-02-22 Supervision is a prerequisite for all counsellors and for most psychotherapists yet until recently it has been assumed that any experienced counsellor or therapist could become a supervisor without any special expertise But the experience of those in supervision is sometimes of inadequate or even unhelpful work by their supervisors At the same time supervision is receiving considerable attention as a discipline in its own right with an expanding literature on the dynamics of the supervisory couple or the supervisory triad since the client is a central if absent presence more attention is also being paid to the technical skills required of the supervisor This book addresses those issues both from the perspective of the supervisee and the supervisor suggesting what supervisees might expect from good supervision as well as offering guidance to supervisors on how best to use to the full the opportunities offered by a therapeutic situation which has some similarities but also some radical differences from counselling and therapy itself

Questions and Answers on Counselling in Action Professor Windy Dryden, 1993-08-05 Seminars by Professor Windy Dryden See the man live and in action To find out more and to book your place go to www.cityminds.com

SAGE celebrated the 20th Anniversary of the *Counselling in Action* in November 2008 To view the video [click here](#) The kind of book where any time you open it you're likely to find something of current interest that relates to your practice and to issues you've been thinking about If we regard the questions and answers as serving to stimulate thought and discussion then the collection serves a useful purpose indeed Self Society Does counselling have to be long term to be helpful Should only women counsel women How can you evaluate counselling Is it easy to start your own private practice In this highly readable book some of Britain's leading experts offer clear answers to these and many other frequently asked questions The resulting discussion ranges over all aspects of counselling from practical and theoretical to personal and ethical matters Some questions have straightforward solutions others prove much more controversial In both instances the views represented here should go a long way towards encouraging deeper consideration of the principles and practice of counselling

Psychodynamic Counselling in Action Michael Jacobs, 2017-05-29 This substantially revised fifth edition of a classic text includes an updated preface new content on the therapeutic relationship substantially revised chapters on the middle phase of counselling and reflections on the influence of other modalities and shared aspects of practice across approaches Each chapter now includes an annotated Further Reading section to help deepen knowledge and reinforce learning of key aspects of the counselling process

Supervision Moira Walker, Michael Jacobs, 2004-10-08 Supervision is a prerequisite for all counsellors and for most psychotherapists yet until recently it has been assumed that any experienced counsellor or therapist could become a supervisor without any special expertise But the experience of those in supervision is sometimes of inadequate or even unhelpful work by their supervisors At the same time supervision is receiving considerable attention as a discipline in its own right with an expanding literature on the dynamics of

the supervisory couple or the supervisory triad since the client is a central if absent presence more attention is also being paid to the technical skills required of the supervisor This book attempts to address these issues both from the perspective of the supervisee and the supervisor suggesting what supervisees might expect from good supervision as well as offering guidance to supervisors on how best to use to the full the opportunities offered by a therapeutic situation which has some similarities but also some radical differences from counselling and therapy itself *Counselling Skills For Complementary Therapists* March-Smith, Rosie,2005-07-01 Topics such as transference and counter transference are woven together with case studies practical tips and personal anecdotes and observations to make this an accessible and informative book for professionals graduates and students

Fifty Years of Counselling - My Presenting Past Michael Jacobs, 2018-01-16

Michael Jacobs is a pioneer in the development of psychodynamic counselling While his writing is praised for its lucidity in explaining difficult concepts and as well illustrated with case examples from his own work he has rarely said much about his own history as a psychodynamic psychotherapist and counsellor In this personal account concerned mainly with both his professional life as a therapist writer and teacher and with the developments of counselling generally in Britain in which he has played a major part Jacobs presents his own past It is one that surprisingly for so experienced a therapist started with no formal training but which has gone on to be an influence on the training of hundreds of counsellors and therapists Jacobs traces the development of BACP and UKCP and his part in the formation of both organizations the development of training in counselling in Britain much of which with regard to psychodynamic counselling was pioneered by him and finally his writing and teaching career The book concludes with a critique of the present state of counselling and psychotherapy in Britain today
