him a thirty five year old graduate student of the Naval Academy Lieutenant Commander Charles Swift No one expected Swift to mount much of a defense Not only were the rules of the tribunals America s first in more than fifty years stacked against him his superiors at the Pentagon were pressuring him to persuade Hamdan to plead guilty But Swift didn t believe that the tribunals were either legal or fair so he enlisted a young Georgetown law professor named Neal Katyal to help him sue the Bush administration over their legality In the spring of 2006 Katyal who had almost no trial experience took the case to the Supreme Court and won The landmark ruling has been called the Court s most important decision ever on presidential power and the rule of law Written with the cooperation of Swift and Katyal *The Challenge* follows the braided stories of Swift s intense precarious relationship with Hamdan and the unprecedented legal case itself Combining rich character portraits and courtroom drama reminiscent of Jonathan Harr s *A Civil Action* with sophisticated yet accessible legal analysis *The Challenge* is a riveting narrative that illuminates some of the most pressing constitutional questions of the post 9 11 era

The Watchman-examiner ,1928 **Judicial Review of Elections in Asia** Po Jen Yap,2016-04-14 In the past century Asian nations have experienced a wave of democratisation as countries in the region have gained independence or transitioned from authoritarian military rule towards more participatory politics At the same time there has been an expansion of judicial power in Asia whereby new courts or empowered old ones emerge as independent constraints on governmental authority This is the first book to assess the judicial review of elections in Asia It provides important insights into how Asian courts can strategically engage with the political actors in their jurisdictions and contribute to a country s democratic discourse Each chapter in the book sheds light on the judicial review of elections and the electoral process in a specific Asian jurisdiction including Common Law Asia namely Hong Kong India Malaysia and Singapore as well as jurisdictions in Civil Law Asia namely Indonesia Japan the Republic of Korea Taiwan and Thailand It fills a gap in the literature by addressing a central challenge to democratic governance namely the problem of partisan self dealing in the electoral processes By exploring the constantly evolving role of the courts in addressing pivotal constitutional questions this book will be of interest to students and scholars of Asian Law Governance and Politics
