Surf City Drag City:

Surf City, Drag City Rob Burt, 1986-01 *Surf City* Dean Torrence, 2016-09-13 The Jan and Dean Story is a personal story of the iconic musician and entrepreneur Dean Torrence As a memoir The Jan and Dean Story has elements of humor tragedy and redemption It tells their story from the early high school friendship struck up between Jan Berry and Dean Torrence and their ascent to the dizzying heights of stardom riding the crest of the surf craze The Jan and Dean Story is as much about the culture of the 1960s as it is about music Dean has lived an incredible life and continues to promote a lifestyle and surf culture that is now universally admired and followed throughout the world The story also recounts Jan s tragic car accident and his ability to recover enough to continue to perform will be inspiring to many readers even those not familiar with surf music For pop culture addicts and music buffs alike this book is indispensable As early teen icons Jan and Dean left an indelible mark on the music of the 60 s and the American psyche Dean Torrence is still touring and creating music and often appears with the Beach Boys and other groups from the heyday of surf music **Surf City** Jack Wood, 1995 **Inside the Music of Brian Wilson** Philip Lambert, 2007-03-19 Inside the Music of Brian Wilson is as author Phillip Lambert writes in the prologue completely and intensely focused on the music of Brian Wilson on the musical essence of his songs and the aesthetic value of his artistic achievements It acknowledges the familiar biographical contexts of his songs but it tells completely new stories about the birth and evolution of his musical ideas identifying important musical trends in his work heretofore undisclosed inter song connections within his music or between his music and that of others and the nature and extent of his artistry It aims not just to identify great songs but to explain exactly what makes them so Lambert a renowned musicologist brings to this work to life with both his professional expertise and an infectious personal appreciation of the power of pop music His clear engaging tone and accessible writing style allows even a musically inexperienced reader to follow him as he traces Wilson s musical evolution with a particular focus on the years leading up to the writing and recording of Pet Sounds and SMiLE albums which many consider to be the masterpieces of his oeuvre Inside the Music of Brian Wilson is the definitive book on Wilson s music and is essential reading for fans of Brian Wilson the Beach Boys and great pop music Includes THREE amazing Appendixes Appendix 1 Brian Wilson Song Chronology Appendix 2 Four Freshmen Albums 1955 1961 Appendix 3 Favorite Songs and Influences Through 1961 The most complete song chronology ever published **The Dustbin of History** Greil Marcus, 1995 How much history can be communicated by pressure on a guitar string Robert Palmer wondered in Deep Blues Greil Marcus answers here more than we will ever know It is the history in the riff in the movie or novel or photograph in the actor s pose or critic s posturing in short the history in cultural happenstance that Marcus reveals here exposing along the way the distortions and denials that keep us oblivious if not immune to its lessons Whether writing about the Beat Generation or Umberto Eco Picasso s Guernica or the massacre in Tiananmen Square The Manchurian Candidate or John Wayne s acting Eric Ambler s antifascist thrillers or Camille Paglia Marcus uncovers the

histories embedded in our cultural moments and acts and shows how through our reading of the truths our culture tells and those it twists and conceals we situate ourselves in that history and in the world Rarely has a history lesson been so exhilarating With the startling insights and electric style that have made him our foremost writer on American music Marcus brings back to life the cultural events that have defined us and our time the social milieu in which they took place and the individuals engaged in them As he does so we see that these cultural instances as lofty as *The Book of J* as humble as a TV movie about Jan and Dean as fleeting as a few words spoken at the height of the Berkeley Free Speech Movement as enduring as a Paleolithic painting often have more to tell us than the master narratives so often passed off as faultless representations of the past Again and again Marcus skewers the widespread assumption that history exists only in the past that it is behind us relegated to the dustbin Here we see instead that history is very much with us being made and unmade every day and unless we recognize it our future will be as cramped and impoverished as our present sense of the past *Rat Fink* Ed Roth, 2003 Born in Los Angeles and raised in the epicentre of the California hot rod explosion Ed Roth created automotive forms purely from his own imagination He transformed car design reinvented American hot rod culture and put Detroit on notice Each of his creations transcended function and form to turn the American automobile into rolling sculpture

Dead Man's Curve Mark A. Moore, 2021-08-02 Jan Berry leader of the music duo Jan Dean from the late 1950s to mid 1960s was an intense character who experienced more in his first 25 years than many do in a lifetime As an architect of the West Coast sound he was one of rock n roll s original rebels brilliant charismatic reckless and flawed As a songwriter music arranger and record producer for Nevin Kirshner Associates and Screen Gems Columbia Music Berry was one of the pioneering self produced artists of his era in Hollywood He lived a dual life reaching the top of the charts with Jan Dean while transitioning from college student to medical student until an automobile accident in 1966 changed his trajectory forever Suffering from brain damage and partial paralysis Jan spent the rest of his life trying to come back from Dead Man s Curve His story is told here in depth for the first time based on extensive primary source documentation and supplemented by the stories and memories of Jan s family members friends music industry colleagues and contemporaries From the birth of rock to the bitter end Berry s life story is thrilling humorous unsettling and disturbing yet ultimately uplifting **The Jan &**

music was made in the Hollywood studio system of the 1960s **Why the Beach Boys Matter** Tom Smucker, 2018-10-02
An excellent introduction to the band that might have evolved the author suggests into the Beatles New York Journal of Books Of all the white American pop music groups that hit the charts before the Beatles only the Beach Boys continued to thrive throughout the British Invasion to survive into the 1970s and beyond The Beach Boys helped define both sides of the era we broadly call the sixties split between their early surf car and summer pop and their later hippie counterculture and ambitious rock No other group can claim the Ronettes and the Four Seasons as early 1960s rivals the Mamas and the Papas and Crosby Stills and Nash as later 1960s rivals and the Beatles and the Temptations as decade spanning counterparts This is the first book to take an honest look at the themes running through the Beach Boys art and career as a whole and to examine where they sit inside our culture and politics and why they still grab our attention Joel Whitburn Presents Across the Charts Joel Whitburn, 2008 Book Across the Charts The 1960s is the complete story of a full ten years of music on five Billboard charts One comprehensive combined A Z Artist Section lists in chronological order for each artist all of the artist s charted hits that appeared on any of the five singles charts Shows complete chart data including data from multiple charts for crossover songs plus picture sleeve photos for certain artists special bonus sections and more Throughout the 1960s music evolved and crossed over genre lines like never before and it s all captured right here in a single mammoth all encompassing volume
