The Person I Once Was:

The Person I Once was Cindy Lou Johnson,1985 Living with her over protective older sister Mattie Catherine Cat is increasingly impatient to know more of the world beyond their small Kentucky town And she is oddly stirred by the strange young man who stands silently by the street lamp before their house gazing up at her window Eventually the young man Blaise strikes up a conversation revealing that while he is now a bag boy at the local supermarket he has ambitions far beyond his present occupation ambitions that will soon make him someone other than the person he once was Jealous and fearful and sensing that Blaise may not be all he claims to be Mattie warns Cat against Blaise leading to a confrontation that stirs up long standing enmities between the two sisters But as the play reaches its quiet gently moving conclusion it is love that ultimately triumphs the realization by Mattie and Cat of the strong ties that will always bind them and for Cat the promise of a new and different kind of love to enrich her life and fulfill her longings **Goblin King** Kara Barbieri,2024-03-26 In Kara Barbieri s *Goblin King* the stunning sequel in the Permafrost series which began with *White Stag* Janneke must find how far she s willing to go to save her world from destruction even if it means sacrificing everything she s fought for The Hunt is over but the War has just begun Against all odds Janneke has survived the Hunt for the Stag but all good things come with a cost Lydian might be dead but he took the Stag with him Janneke now holds the mantle while Soren now her equal in every way has become the new Erlking Janneke s powers as the new Stag has brought along haunting visions of a world thrown into chaos and the ghost of Lydian taunts her with the riddles he spoke of when he was alive When Janneke discovers the truth of Lydian and his madness she s forced to see her tormentor in a different light for the first time The world they know is dying and Lydian may have been the only person with the key to saving it *Making Marriage Work* Lynn Toler,2012-08-07 Solid advice for newlyweds golden anniversary celebrants and everybody in between from the Marriage Boot Camp and former Divorce Court star The Augusta Chronicle As the judge starring on two hit television shows Lynn Toler has witnessed en masse the thematic mistakes made in American marriages She herself has also been wed for more than 30 years and has seen both the highs and lows of matrimony in her own marriage as well as the marriages of those close to her Drawing from both her professional career and personal life Toler sees that the biggest impediment to marriage these days is that couples decide to take the plunge based almost entirely on the most irrational criteria falling in love *Making Marriage Work* doesn t suggest that love has nothing to do with marriage at all rather Toler says that love by itself is simply not enough to make marriages survive Marriage Toler says is a job and it needs to be treated like one This updated manual suggests specific procedures that should be put in place to bridge the gap between head over heels and happily ever after It explains how to phrase things in order to span the great hormonal divide men and women often fall into when trying to talk to one another It also discusses the very new and real challenges to marriage created in a culture often overwhelmed by the emphasis on and ability to attain instant gratification Replete with simple no nonsense rules Divorce Court anecdotes

and stories about Judge Toler's own union *Making Marriage Work* contains invaluable information couples can use today to secure their marital tomorrow [Encyclopedia of Cremation](#) Lewis H. Mates, 2016-04-29 The Encyclopedia of Cremation is

the first major reference resource focused on cremation. Spanning many world cultures, it documents regional histories, ideological movements, and leading individuals that fostered cremation, whilst also presenting cremation as a universal practice. Tracing ancient and classical cremation sites, historical and contemporary cremation processes and procedures of both scientific and legal kind, the encyclopedia also includes sections on specific cremation rituals, architecture, art, and text. Features in the volume include a general introduction and editorial introductions to sub-sections by Douglas Davies, an international specialist in death studies; appendices of world cremation statistics and a chronology of cremation; cross-referencing pathways through the entries via the index; individual entry bibliographies and illustrations. This major international reference work is also an essential source book for students on the growing number of death studies courses and wider studies in religion, anthropology, or sociology **The Law Times Reports**, 1881 **1960 Censuses of**

Population and Housing United States. Bureau of the Census, 1966 *GERTRUDE STEIN Ultimate Collection: Novels, Short Stories, Poetry, Plays, Memoirs & Essays* Gertrude Stein, 2023-12-10 Gertrude Stein's Ultimate Collection encapsulates the avant-garde spirit of her literary oeuvre, presenting a rich tapestry of novels, short stories, poetry, plays, memoirs, and essays. Stein's experimental style eschews traditional narrative forms, employing stream-of-consciousness techniques and a unique use of repetition that invites the reader to immerse themselves in the rhythm of her prose. This collection not only showcases her contributions to modernism but also reflects the zeitgeist of the early 20th century, a period of profound cultural and artistic upheaval that Stein was pivotal in shaping. Gertrude Stein, an American expatriate in Paris, was at the forefront of the artistic movements of her time, befriending luminaries such as Pablo Picasso and Ernest Hemingway. Her own experiences as a Jewish woman and a groundbreaking writer informed her exploration of identity, language, and the very nature of art itself. Stein's insistence on the significance of the structure and sound of language reveals her innovative approach to writing, emerging from her deep engagement with both psychology and the avant-garde. This collection is a treasure for both aficionados of modernist literature and newcomers alike, offering an expansive view of Stein's intellectual landscape. Readers will find in this anthology not just a compilation of her works but a gateway into the mind of a literary revolutionary whose legacy continues to influence writers and artists today **Good words**, ed. by N.
