The Persuading Stick:

The Persuading Stick John Rowe Townsend, 1986-01-01 *Written for Children* John Rowe Townsend, 1996-05-01 This revised and updated edition provides children's and young adult librarians, teachers, literature classes and library school classes with an authoritative history and analysis of the best British and American children's literature through 1994 with a new 2003 postscript including such recent phenomenons as J K Rowling and Philip Pullman. *Written for Children* traces the development of children's literature from its origins through the beginnings of the multimedia revolution. In effortless and entertaining style Townsend, a world renowned authority in the field, examines the changing attitudes toward children and their literature and analyzes the various strands that make up this important field. While examining many well known American classics Townsend also looks at British works that American audiences may have overlooked. With illustrations and bibliography *More Planning to Teach Writing* Emma Caulfield, 2021-05-26 Written by an experienced teacher and literacy consultant this book offers an easy to use approach that will reduce teachers planning time while raising standards in writing. Building on the success of *Planning to Teach Writing* it includes modern and classic picture books, short stories and novels to provide a fantastic new range of hooks to inspire teaching and learning. Using a tried and tested planning approach and explaining how best to use baseline assessment to build upon children's writerly knowledge and skills it helps teachers to produce effective unit plans for writing and in doing so they will be able to concentrate on the core business of teaching units that help children to fulfil their potential as writers. The book uses a simple formula for success: Find your students gaps in learning. Choose a hook that you know will engage your students. Select a unit plan that you know will support you to get the best writing out of your students. Tailor it to your students. Teach it. This latest book is the perfect starting point for teachers planning to teach writing in their classroom and the new stories and activities provide fresh ideas to those who are already familiar with the circle planning approach used in *Planning to Teach Writing* **Canadian Children's Literature**, 1987

Children's Fiction Sourcebook Margaret Hobson, Jennifer Madden, Ray Prytherch, 2018-12-17 First published in 1992 this Sourcebook is a basic working tool for all those concerned with children's reading. It will help librarians and teachers to select a comprehensive stock of children's fiction for their institutions. The authors in the sourcebook have been selected on the grounds of importance, popularity and current availability. Author entries are arranged in alphabetical order and indexes provided by title, series, age range and genre. Each entry consists of some background information and evaluative comment on style of the book, a list of the author's books with publisher, date and price and literary agent where applicable. There is a suggestion of similar authors, sequels, related series and reader age range *Persuading the Playboy King* Kristi Gold, 2010-10-01 MISTRESS TO A MONARCH Breathless Dr Kate Milner couldn't help but stare at the King of Doriana and remember the electricity they'd shared in college. Years later she was working in his clinic and found herself wanting to strip Marc of his regal robes and rediscover the man she'd once known. Newly crowned king Marc DeLoria had a dilemma that
