The Phantom Point Horror:

The Phantom Barbara Steiner, 1993 Years after his death Reggie Westlake the greatest football player that Stony Bay High School has ever seen returns to the field for one more game Original , *Once Upon a Time in a Dark and Scary Book* K. Shryock Hood, 2018-05-25 Contemporary American horror literature for children and young adults has two bold messages for readers adults are untrustworthy unreliable and often dangerous and the monster always wins as it must if there is to be a sequel Examining the young adult horror series and the religious horror series for children Left Behind The Kids for the first time and tracing the unstoppable monster to Seuss s Cat in the Hat this book sheds new light on the problematic message produced by the combination of marketing and books for contemporary American young readers

The Gothic World Glennis Byron, Dale Townshend, 2013-10-08 The Gothic World offers an overview of this popular field whilst also extending critical debate in exciting new directions such as film politics fashion architecture fine art and cyberculture Structured around the principles of time space and practice and including a detailed general introduction the five sections look at Gothic Histories Gothic Spaces Gothic Readers and Writers Gothic Spectacle Contemporary Impulses The Gothic World seeks to account for the Gothic as a multi faceted multi dimensional force as a style an aesthetic experience and a mode of cultural expression that traverses genres forms media disciplines and national boundaries and creates indeed its own World Literacy and Popular Culture Jackie Marsh, Elaine Millard, 2000 Most children engage with a range of popular cultural forms outside of school Their experiences with film television computer games and other cultural texts are very motivating but often find no place within the official curriculum where children are usually restricted to conventional forms of literacy This book demonstrates how to use children s interests in popular culture to develop literacy in the primary classroom The authors provide a theoretical basis for such work through an exploration of related theory and research drawing from the fields of education sociology and cultural studies Teachers are often concerned about issues of sexism racism violence and commercialism within the disco *Education in Popular Culture* Roy Fisher, Ann Harris, Christine Jarvis, 2008-05-06 Education in Popular Culture explores what makes schools colleges teachers and students an enduring focus for a wide range of contemporary media What is it about the school experience that makes us wish to relive it again and again The book provides an overview of education as it is represented in popular culture together with a framework through which educators can interpret these representations in relation to their own professional values and development The analyses are contextualised within contemporary historical and ideological frameworks and make connections between popular representations and professional and political discourses about education Through its examination of film television popular lyrics and fiction this book tackles educational themes that recur in popular culture and demonstrates how they intersect with debates concerning teacher performance the curriculum and young people s behaviour and morality Chapters explore how experiences of education are both reflected and constructed in ways that

Hollywood's Others Katherine Fusco,2025-09-02 We tend to think about movie stars as either glamorous or relatable But in the 1920s and 1930s when the Hollywood star system was taking shape a number of unusual stars appeared on the silver screen representing groups from which the American mainstream typically sought to avert its eyes What did it mean for a white entertainment columnist to empathize with an ambiguously gendered Black child star Or for boys to idolize Lon Chaney famous for portraying characters with disabilities Hollywood's Others explores the affective ties between white non disabled audiences and the fascinatingly different stars with whom they identified but only up to a point Katherine Fusco argues that stardom in this era at once offered ways for viewers to connect across group boundaries while also policing the limits of empathy Examining fan magazines alongside film performances she traces the intense audience attachment to atypical celebrities and the ways the film industry sought to manage it Fusco considers Shirley Temple's career in light of child labor laws and changing notions of childhood shows how white viewers responded to Black music in depictions of the antebellum South and analyzes the gender politics of conspiracy theories around celebrity suicides Shedding light on marginalized stardoms and the anxieties they provoked Hollywood's Others challenges common notions about film's capacity to build empathy

Ancient Egypt in the Popular Imagination David Huckvale,2014-01-10 Ancient Egypt has long been a source of fascination in Western popular culture Movies such as The Mummy 1932 1959 Biblical epics like The Ten Commandments 1923 1956 and pharaonic films like Cleopatra 1934 1963 and The Egyptian 1954 have all recreated the glamour and allure of Egyptian art and civilization for Western audiences This work traces how these and other films were inspired by writers like Bram Stoker and Sir Arthur Conan Doyle and by the art of Victorian painters Similarly it shows how the soundtracks to such films belong to a Romantic musical tradition stretching back beyond Verdi and Mozart Exploring these artistic endeavors addresses the question of whether the fantasy of ancient Egypt represents racist misunderstandings of a far more significant reality or a way for Western culture to understand itself

The Treasure at Poldarrow Point Clara Benson,2013-12-02

The Point Alma Venus Manuscripts Robinson Jeffers,2022-01-18 The years 1921 to 1927 were the most productive of Robinson Jeffers's career During this period he wrote not only many of his most well known lyric poems but also Tamar The Tower Beyond Tragedy Roan Stallion and The Women at Point Sur the long poems that first established his reputation as a major American poet Including an introduction chronology and critical afterword the Point Alma Venus manuscripts presented here gather Jeffers's four unfinished but substantial preliminary attempts at what became The Women at Point Sur which Jeffers believed was the most inclusive and poetically the most intense of his narrative poems The Point Alma Venus fragments and versions shed important light on the composition and

themes of *The Women at Point Sur* Further they likely predate other key work from this crucial period making them a necessary context for those who wish to clarify Jeffers's poetic development and to reinterpret his practice of narrative poetry Ultimately they call on general and scholarly readers alike to reconsider Jeffers's place in the canon of modern American poetry
