The Philosophy Of Occult Initiation

Sergei O. Prokofieff

The Philosophy Of Occult Initiation:

The Philosophy of Occult Initiation Reuben Swinburne Clymer, 1938 **Initiation into the Mysteries of the Secret Doctrine** Aceka, 2015-05-26 Initiation into the Mysteries of the Secret Doctrine is an extensive consideration of Occult Science that delves into the historical record to trace the role of this secret knowledge through ancient cultures and into the present Presenting the Zodiac as the concept central to the understanding of the life cycle Aceka reveals the keys to understanding ancient esoteric philosophy By revealing the teachings of the Constellations Initiation into the Mysteries of the Secret Doctrine encourages readers to pursue a full and joyful life **The Way of Initiation** Rudolf Steiner, Edouard Schuré, 1910 **The Philosophy of Fire** Reuben Swinburne Clymer, 1907 The Philosophy of Fire by Reuben Swinburne Clymer first published in 1907 is a rare manuscript the original residing in one of the great libraries of the world This book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation Restoration Editors mission is to bring long out of print manuscripts back to life Some smudges annotations or unclear text may still exist due to permanent damage to the original work We believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it *Madame Blavatsky on the Trials and Triumph of Initiation* Helena Petrovna Blavatsky, 2018-03-17 1 The Origin of the Mysteries The last incarnation of one of seven Lords of the Flame was Baladeva Krishna s brother Hercules is none other than Baladeva in Greek dress In the Golden Age Esoteric Knowledge was common property Initiation arose later on from the necessity to limit the number of those who knew The Initiate s maxim was All for the people and with the people The old Initiates were real philosophers priests and healers They commemorated the secrets of their Mysteries in hieroglyphics Only those whose purity allowed them to look at the great Isis unveiled were admitted to the secrets of Nature and Man But what Gods and Angels had revealed Moses revealed and hid from the sight of the world 2 The Trial of the Sun Initiate Vishvakarman Hierophant or Logos Demiourgos cut off seven locks of the neophyte s long hair Second Sun s rays and replaced them with a crown of brambles thus making him Vikartana shorn of his rays The neophyte who can overcome the dreadful trials of Initiation on the cross of his worldly passions dies in the Chrestos condition freed from the clutches of matter before his second and triumphant birth in Spirit as Christos The Masonic rite of Initiation is based upon the construction of the Temple of Solomon a narrative modelled upon Egyptian and still earlier symbolisms Yet there never was an Occult Society however open and sincere that has not felt the hand of the Jesuit trying to pull it down by every secret means The Jesuits infected mankind with passivity ignorance and superstition in order to impose their Universal Despotism unopposed 3 The Mystery of the Sun of Initiation In the days of Aristotle few were the true Adepts left in Europe and even in Egypt Solus Sol Sun is The One and the Greek name for Helios the Most High But there is a great difference between our Sun and its prototype the Central Spiritual Sun 4 The Objects of the Mysteries Whether lesser or greater Mysteries have always been graded Theophany is the appearance of God to man

Theopathy man's assimilation of his divine nature Theopneusty inspiration or rather the power to hear the Voice of God The last two are experienced when the neophyte passes through the crucifixion of flesh or matter The Grecian Mysteries were identical with the Initiations of Buddhist and Hindu Adepts In India the candidate of the third degree of Initiation has two Gurus But whether Eastern or Western the Initiate dares all and keeps silent Masonic Initiation was modelled on that of the Lesser Mysteries and remains an authority upon the three fundamental degrees The triple duty of a Mason is to study whence he comes what he is and whither he goes 5 Traces of the Mysteries The Round Towers in Ireland and Asia were connected with the Vishvakarman and Vikartana rites In later ages the Initiates of the Left Path and the anthropomorphists turned them into phallic monuments The key to the mystery of Initiation and to the real Christ not the blasphemous caricature of the Churches lies on the difference between the terms Chrestos and Christos There were two Messiahs Chrest and Christ Jesus was an Initiate of the Egyptian Mysteries where the rite of the suffering Chrestos on his trial and second birth as Christos by regeneration were enacted It was on the seventh day the third of his ultimate trial that the Eastern neophyte arose as a regenerated man and returned to earth as triumphant conqueror of death a Hierophant Initiates are said to have crushed the serpent's head i.e. conquered their sensual nature The Egyptian Initiates held the Rose as symbol of Nature the mother and nourisher of man represented as a virgin woman The Brothers of the Rosy Cross as a symbol of sexual procreation The old Indian Mysteries of Initiation were brought to Greece by Orpheus nine millennia before Homer and Hesiod 6 The Last of the Mysteries in Europe Alesia Arles and Bibractis the last bastions of the Ancient Mysteries in Europe are no more Occult Wisdom is now replaced by absolute theocracy that displays its crowned priests to the ignorant masses Whatever else Cheops might have done he has not built the pyramid bearing his name Neither Solomon his temple nor Noah his arc for that matter The strict silence of the Initiates and the total loss of all written memorials of secret knowledge may explain why so little is known of the Ancient Mysteries Yet there is spiritual Alchemy and physical transmutation their cradle is to be sought in the most distant times 7 The Post Christian Successors to the Mysteries The Neo Platonic School of Ammonius Saccas became the successor of the Eleusinian Mysteries and herald of the Eastern Secret Teachings unveiling the long and laborious descent and re-ascent of the Divine Monad or Soul Each of us have to pass through the Valley of Thorns before he emerges into the plains of divine light and rest The Eclectic doctrines are strongly reflected in the Epistles of Paul and John the Evangelist For it is not Judaism and Christianity that remodelled the ancient Pagan Wisdom but rather the latter that put its heathen curb on the new faith and was further influenced by the Eclectic Theosophical system the direct emanation of the Wisdom Religion Ammonius Plotinus Iamblichus Proclus were prominent Theosophists though they never claimed the title All that is grand and noble in Christian theology comes from Neo Platonism Ammonius was a true Philaletheian one of us His Eclectic Theosophical School a precursor and prototype of the modern Theosophical Movement was made of the crumbs permitted to be gathered from the antediluvian lore Woe to those who mock Divine Knowledge and

betray her secrets But those who are pure in thought and deed and have trust and confidence in their immortal spirit have nothing to fear Occultism and Parapsychology. Classic Collection. Illustrated Helena Blavatsky, Manly P. Hall, Max

Heindel, 2025-04-23 The occult in the broadest sense is a category of esoteric supernatural beliefs and practices which generally fall outside the scope of religion and science encompassing phenomena involving otherworldly agency such as magic and mysticism and their varied spells It can also refer to supernatural ideas like extra sensory perception and parapsychology Contents Introduction by Manly P Hall The Secret Doctrine by Helena Blavatsky The Rosicrucian Cosmo Conception by Max Heindel **Initiation and Its Results** Rudolf Steiner, 1909 *The Occult World* Alfred Percy

Sinnett, 2022-09-15 In *The Occult World* Alfred Percy Sinnett delves into the esoteric dimensions of existence bridging the gap between scientific inquiry and mystical understanding Sinnett's literary style reflects the intellectual rigor of the late 19th century employing a blend of analytical exposition and personal narrative to illuminate the profound mysteries of the universe The book situates itself within the broader context of the Theosophical movement exploring themes of spiritual evolution karma and the hidden laws of nature all while challenging prevailing materialistic paradigms of his time Alfred Percy Sinnett deeply influenced by his association with prominent Theosophists such as Helena Blavatsky emerged as a significant figure in the dissemination of Eastern philosophy to Western audiences His extensive travels in India and his engagement with spiritual teachings prompted him to articulate a worldview that synthesized scientific knowledge with the ancient wisdom of the East Sinnett's quest for truth and his commitment to intellectual inquiry made him a prominent voice in the spiritual landscape of his era Readers who seek to expand their understanding of spiritual philosophy and the interconnectedness of all things will find Sinnett's *The Occult World* invaluable The work not only serves as a foundational text for those interested in Theosophy but also invites deeper contemplation about the nature of reality urging readers to explore the nuances of their own existence **Witchcraft Unchained** Craig Spencer, 2024-03-27 On June 22 1951 the last

of the Witchcraft Acts was repealed in the UK This single action would lead to the rise of what would become the global witchcraft revival movement Despite another year marking the passing of this historical event so much of our history still remains lost misunderstood or frankly made inaccessible to the magical community at large There is a craving for better information about the more recent history of witchcraft in the hopes that these gaps in knowledge may be filled and it's the author's intention to make *Witchcraft Unchained Exploring the History Traditions of British Craft* the book that will do just that By addressing the metaphorical chains that have found their way into our community and restoring what has been lost misunderstood or made inaccessible the reader can become empowered with new thoughts which will allow them to connect with their magic on a deeper and more personal level **Anthroposophy and the Philosophy of Freedom** Sergei O.

Prokofieff, 2009 I asked Rudolf Steiner What will remain of your work thousands of years from now He replied Nothing but *The Philosophy of Freedom* But everything else is contained in it If one realizes the act of freedom described there one can

discover the whole content of Anthroposophy Walter Johannes Stein Some people's path to Anthroposophy leads them directly to Rudolf Steiner's early work *Intuitive Thinking as a Spiritual Path A Philosophy of Freedom* which becomes the philosophical basis for further exploration Steiner referred to this as a safe approach However the destiny of many leads them directly to Anthroposophy itself perhaps through one of its practical initiatives such as Waldorf education or biodynamics sometimes making it difficult to relate to the cognitive basis of Anthroposophy In this unique study Prokofieff offers a fresh approach to Steiner's crucial book *Intuitive Thinking as a Spiritual Path* He shows why the book is so important to Anthroposophy as the work in which Steiner lays a foundation for his method of spiritual research In Steiner's own words One who is willing can indeed find the basic principles of Anthroposophy in my *Philosophy of Freedom* Prokofieff discusses the Christian nature of the anthroposophic means of cognition and how it is integral to freedom and love This in turn reveals the deeply Christian roots of *Intuitive Thinking as a Spiritual Path* and its importance for modern Christian esoteric work In considering its multifaceted cosmic and human dimension Prokofieff discusses *Intuitive Thinking as a Spiritual Path* in relation to the mystery of the Resurrection the work of the hierarchies the being Anthroposophia the Fifth Gospel Steiner's path of initiation the Rosicrucian and Michaelic impulses the life between death and rebirth the Foundation Stone the Christian mysteries of karma and the science of the Grail
