## **The Phoenix And The Carpet Puffins:**

*The Phoenix and the Carpet* E. Nesbit, 2012-05-03 It is startling enough to have a phoenix hatch in your house but even more startling when it talks and reveals that you have a magic carpet on the floor. The vain and ancient bird accompanies the children on a series of adventures through time and space which magic being what it is rarely turns out as they were meant. This sequel to *Five Children and It* continues the magical adventures of siblings Cyril, Anthea, Robert, Jane and their baby brother. Contains a lovely new introduction by Robin McKinley, bestselling US author of *Pegasus*. *The Phoenix and the Carpet* Edith Nesbit, 2018-10-29 The four children acquired the magic carpet when they found a special fire egg; it hatched in their nursery fireplace. The phoenix came from the egg and when he saw their mother's new Persian rug, he showed them that it was a magical thing, a flying carpet that would take them any time and to any place they could wish for. Witty, genuine, full of timeless sympathy and childish sensibility, *The Phoenix and the Carpet* offers a special ride through wonders for children of all ages. *The Phoenix and the Carpet* Edith Nesbit, 1959 Five children discover that the carpet bought for their nursery has magical powers and can transport them anywhere they want to go. *Phoenix and the Carpet* Edith Nesbit, 1978-06-01

**E. Nesbit's Psammead Trilogy** Raymond E. Jones, 2006-04-13 The year 2006 marks the hundredth anniversary of book publication of the final volume of the Psammead trilogy, *Five Children and It* (1902), *The Phoenix and the Carpet* (1904) and *The Story of the Amulet* (1906), a remarkable series of fantasy novels for children by an equally remarkable writer, Edith Nesbit. Written by both established and new scholars in England, Canada, and the United States, the essays in this collection employ differing critical strategies and place Nesbit in various contexts to assess her achievement from publisher description.

**Artful Dodgers** Marah Gubar, 2010 In this account of the golden age of children's fiction, Gubar redefines the phenomenon known as the cult of the child. She looks at the works of Lewis Carroll, Frances Hodgson Burnett, and J. M. Barrie, contending that they reject the simplistic child of nature paradigm in favour of one based on the child as an artful collaborator. **The Cambridge Companion to Children's Literature** M. O. Grenby, Andrea Immel, 2009-12-10 A wide-ranging introduction to an exciting and rapidly expanding field. *British Children's Literature and Material Culture* Jane Suzanne Carroll, 2021-10-21 The golden age of children's literature in the late 19th and early 20th century coincided with a boom in the production and trade of commodities. The first book-length study to situate children's literature within the consumer culture of this period, *British Children's Literature and Material Culture* explores the intersection of children's books, consumerism, and the representation of commodities within British children's literature. In tracing the role of objects in key texts from the turn of the century, Jane Suzanne Carroll uncovers the connections between these fictional objects and the real objects that child consumers bought, used, cherished, broke, and threw away. Beginning with the Great Exhibition of 1851, this book takes stock of the changing attitudes towards consumer culture, a movement from celebration to suspicion to demonstrate that children's literature was a key consumer product, one that influenced young people's views of and

relationships with other kinds of commodities Drawing on a wide spectrum of well known and less familiar texts from Britain this book examines works from Lewis Carroll s *Through the Looking Glass* and *What Alice Found There* and E Nesbit s *Five Children It to Christina Rossetti s Speaking Likenesses* and Mary Louisa Molesworth s *The Cuckoo Clock* Placing children s fiction alongside historical documents shop catalogues lost property records and advertisements Carroll provides fresh critical insight into children s relationships with material culture and reveals that even the most fantastic texts had roots in the ordinary everyday things

*The Radiant Child* Thomas Armstrong, 1985-01-01 Armstrong believes that children come into this life radiating and reflecting the mystery of creation that their spiritual nature as well as their basic instincts are close to the surface of their awareness This hidden side of youthful consciousness has been noticed and appreciated primarily by poets mystics authors of fairy tales and world mythologists but not by parents teachers and child therapists He relates mystical and transpersonal experiences in children and provides methods for keeping their inner dimension alive
